This document comprises a securities note (the "**Securities Note**") and a summary (the "**Summary**") and, together with the registration document of UBS AG dated 16 April 2015, as supplemented by Supplement No. 1 dated 25 June 2015, Supplement No. 2 dated 20 August 2015 and Supplement No. 3 dated 8 January 2016 (the "**Registration Document**"), constitutes a prospectus (the "**Prospectus**") according to Art. 5 (3) of the Prospectus Directive (Directive 2003/71/EC, as amended), as implemented by the relevant provisions of the EU member states, in connection with Regulation 809/2004 of the European Commission, as amended. The Securities Note contains information relating to the securities (the "**Securities**", and each a "**Security**") issued as well as offered to the public in the Federal Republic of Germany and the Grand Duchy of Luxembourg, and the Summary comprises a summary of the Registration Document and the Securities Note.

In this document, references to a "**Member State**" are references to a Member State of the European Economic Area, references to "**EUR**" or "**euro**" are to the currency introduced at the start of the third stage of European economic and monetary union, and as defined in Article 2 of Council Regulation (EC) No 974/98 of 3 May 1998 on the introduction of the euro, as amended and references to "**U.S. dollars**" are to United States dollars.

**THE SECURITIES HAVE NOT BEEN APPROVED OR DISAPPROVED BY THE UNITED STATES SECURITIES AND EXCHANGE COMMISSION, ANY STATE SECURITIES COMMISSION IN THE UNITED STATES OR ANY OTHER U.S. REGULATORY AUTHORITY, NOR HAVE ANY OF THE FOREGOING AUTHORITIES PASSED UPON OR ENDORSED THE MERITS OF THE OFFERING OF THE SECURITIES OR THE ACCURACY OR THE ADEQUACY OF THE PROSPECTUS. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENCE IN THE UNITED STATES.**

**THE SECURITIES HAVE NOT BEEN AND WILL NOT BE REGISTERED UNDER THE UNITED STATES SECURITIES ACT OF 1933, AS AMENDED (THE "SECURITIES ACT"), OR WITH ANY SECURITIES REGULATORY AUTHORITY OF ANY STATE OR OTHER JURISDICTION OF THE UNITED STATES AND ARE BEING SOLD PURSUANT TO AN EXEMPTION FROM THE REGISTRATION REQUIREMENTS OF THE SECURITIES ACT. THE SECURITIES MAY INCLUDE SECURITIES IN BEARER FORM THAT ARE SUBJECT TO U.S. TAX LAW REQUIREMENTS. TRADING IN THE SECURITIES HAS NOT BEEN APPROVED BY THE U.S. COMMODITY FUTURES TRADING COMMISSION UNDER THE U.S. COMMODITY EXCHANGE ACT OF 1936, AS AMENDED (THE "COMMODITY EXCHANGE**

ACT") OR BY THE UNITED STATES SECURITIES AND EXCHANGE COMMISSION. SUBJECT TO CERTAIN EXCEPTIONS, THE SECURITIES MAY NOT BE OFFERED, SOLD OR, IN THE CASE OF BEARER SECURITIES, DELIVERED WITHIN THE UNITED STATES OR TO, OR FOR THE ACCOUNT OR BENEFIT OF, U.S. PERSONS (AS DEFINED IN REGULATION S UNDER THE SECURITIES ACT ("REGULATION S")). SEE "*SUBSCRIPTION AND SALE*".

AN INVESTMENT IN THE SECURITIES DOES NOT CONSTITUTE A PARTICIPATION IN A COLLECTIVE INVESTMENT SCHEME FOR SWISS LAW PURPOSES. THEREFORE, THE SECURITIES ARE NOT SUPERVISED OR APPROVED BY THE SWISS FINANCIAL MARKET SUPERVISORY AUTHORITY FINMA ("FINMA") AND INVESTORS MAY NOT BENEFIT FROM THE SPECIFIC INVESTOR PROTECTION PROVIDED UNDER THE SWISS FEDERAL ACT ON COLLECTIVE INVESTMENT SCHEMES.

Potential investors in the Securities are explicitly reminded that an investment in Securities entails financial risks. Holders of Securities run the risk of losing all or part of the amount invested by them in the Securities. All potential investors in Securities are, therefore, advised to study the full contents of the Prospectus, in particular the risk factors.

I. SUMMARY OF THE PROSPECTUSA. SUMMARY OF THE PROSPECTUS (IN THE ENGLISH LANGUAGE)

Summaries are made up of disclosure requirements known as "Elements". These elements are numbered in Sections A – E (A.1 – E.7).

This Summary contains all the Elements required to be included in a summary for this type of securities and Issuer. As some Elements are not required to be addressed, there may be gaps in the numbering sequence of the Elements.

Even though an Element may be required to be inserted in the summary because of the type of securities and Issuer, it is possible that no relevant information can be given regarding the Element. In this case a short description of the Element is included in the summary with the mention of "not applicable".

| Element | Section A – Introduction and warnings  |  |
|---------|--|--|
| A.1     | Warning.   | <p><b>This Summary should be read as an introduction to the Prospectus. Any decision to invest in the Securities should be based on consideration of the Prospectus as a whole by the investor.</b></p> <p>Potential investors should be aware that where a claim relating to the information contained in the Prospectus is brought before a court, the plaintiff investor might, under the national legislation of the respective European Economic Area member state, have to bear the costs of translating the document before the legal proceedings are initiated.</p> <p>Those persons who are responsible for the summary including any translations thereof, or who have initiated the preparation can be held liable, but only if the summary is misleading, inaccurate or inconsistent when read together with the other parts of the Prospectus or it does not provide, when read together with the other parts of the Prospectus, all required key information.</p> <p>UBS AG, with registered offices at Bahnhofstrasse 45, CH-8001 Zurich, Switzerland, and Aeschenvorstadt 1, CH-4051 Basle, Switzerland, (the "<b>Issuer</b>") assumes responsibility for the content of this Summary (including any translation hereof) pursuant to section 5 paragraph 2b No. 4 of the German Securities Prospectus Act (<i>Wertpapierprospektgesetz</i>).</p> |
| A.2     | Consent by the issuer or person responsible for drawing up the prospectus to the use of the prospectus for subsequent resale or final placement of securities by financial intermediaries. | The Issuer consents to the use of the Prospectus in connection with a public offer of the Securities (a " <b>Public Offer</b> ") by UBS Limited, 1 Finsbury Avenue, London EC2M 2PP, United Kingdom (the " <b>Manager</b> ") as well as Heemann Vermögensverwaltung GmbH, Grönau, Germany, (each an " <b>Authorised Offeror</b> ") on the following basis:   |
|         | Indication of the offer period within which subsequent resale or final placement of securities by financial intermediaries can   | (a) the Public Offer must occur as long as the Prospectus is valid in accordance with § 9 of the German Securities Prospectus Act ( <i>Wertpapierprospektgesetz</i> , WpPG) (the " <b>Offer Period</b> "); and   |

|  | be made and for which consent to use the prospectus is given.  |   |
|  | Any other clear and objective conditions attached to the consent which are relevant for the use of the prospectus.   | <p>(b) the Public Offer may only be made in the Federal Republic of Germany and the Grand Duchy of Luxembourg (each a “<b>Public Offer Jurisdiction</b>”).</p> <p>(c) any Authorised Offeror which is not the Manager must comply with the applicable restrictions as if it were the Manager.</p> |
|  | Notice in bold informing investors that information on the terms and conditions of the offer by any financial intermediary is to be provided at the time of the offer by the financial intermediary. | <b>Any Authorised Offeror will provide information to investors on the terms and conditions of the Public Offer of the Securities at the time such Public Offer is made by such Authorised Offeror to the investor.</b>   |

| Element | Section B – Issuer   |  |
|---------|--|--|
| B.1     | Legal and commercial name of the issuer.   | The legal and commercial name of the Issuer is UBS AG (the “ <b>Issuer</b> ” and together with its subsidiaries “ <b>UBS AG (consolidated)</b> ”, or “ <b>UBS AG Group</b> ” and together with UBS Group AG, the holding company of UBS AG, “ <b>UBS Group</b> ”, “ <b>Group</b> ”, “ <b>UBS</b> ” or “ <b>UBS Group AG (consolidated)</b> ”).   |
| B.2     | Domicile, legal form, legislation and country of incorporation of the issuer.                  | <p>UBS AG in its present form was created on 29 June 1998 by the merger of Union Bank of Switzerland (founded 1862) and Swiss Bank Corporation (founded 1872). UBS AG is entered in the Commercial Registers of Canton Zurich and Canton Basel-City. The registration number is CHE-101.329.561.</p> <p>UBS AG is incorporated and domiciled in Switzerland and operates under the Swiss Code of Obligations as an <i>Aktiengesellschaft</i>, a stock corporation.</p> <p>The addresses and telephone numbers of UBS AG's two registered offices and principal places of business are: Bahnhofstrasse 45, CH-8001 Zurich, Switzerland, telephone +41 44 234 1111; and Aeschenvorstadt 1, CH-4051 Basel, Switzerland, telephone +41 61 288 5050.</p>  |
| B.4b    | A description of any known trends affecting the issuer or the industries in which it operates. | <p><b>Trend Information</b></p> <p>As stated in the third quarter 2015 financial report of UBS Group AG published on 3 November 2015, many of the underlying macroeconomic challenges and geopolitical issues that UBS has highlighted in previous quarters remain and are unlikely to be resolved in the foreseeable future. In addition, recently proposed changes to the too big to fail regulatory framework in Switzerland will cause substantial ongoing interest costs for the firm. UBS also continues to see headwinds from interest rates which have not increased in line with market expectations, negative market performance in certain asset classes and the weak performance of the euro versus the Swiss franc during the year. UBS is executing the measures already announced to mitigate these effects as it progresses towards its targeted return on tangible equity in the short to medium term. UBS’s strategy has</p> |

|     |   | <p>proven successful in a variety of market conditions. UBS remains committed to its strategy and its disciplined execution in order to ensure the firm's long-term success and deliver sustainable returns for its shareholders.</p>  |
| B.5 | Description of the group and the issuer's position within the group | <p>UBS AG is a Swiss bank and the parent company of the UBS AG Group. UBS AG is 100% owned by UBS Group AG, which is the holding company of the UBS Group. The UBS Group operates as a group with five business divisions (Wealth Management, Wealth Management Americas, Retail &amp; Corporate, Asset Management and the Investment Bank) and a Corporate Center.</p> <p>Over the past two years, UBS has undertaken a series of measures to improve the resolvability of the Group in response to too big to fail ("TBTF") requirements in Switzerland and other countries in which it operates, including establishing UBS Group AG as the holding company for the UBS Group.</p> <p>In June 2015, UBS AG transferred its Retail &amp; Corporate and Wealth Management business booked in Switzerland to UBS Switzerland AG, a banking subsidiary of UBS AG in Switzerland.</p> <p>In the UK, UBS completed the implementation of a more self-sufficient business and operating model for UBS Limited, under which UBS Limited bears and retains a larger proportion of the risk and reward in its business activities.</p> <p>In the third quarter of 2015, UBS established UBS Business Solutions AG as a direct subsidiary of UBS Group AG, to act as the Group service company. UBS will transfer the ownership of the majority of its existing service subsidiaries to this entity. UBS expects that the transfer of shared service and support functions into the service company structure will be implemented in a staged approach through 2018. The purpose of the service company structure is to improve the resolvability of the Group by enabling UBS to maintain operational continuity of critical services should a recovery or resolution event occur.</p> <p>UBS AG has established a new subsidiary, UBS Americas Holding LLC, which UBS intends to designate as its intermediate holding company for its US subsidiaries prior to the 1 July 2016 deadline under new rules for foreign banks in the US pursuant to the Dodd-Frank Act. During the third quarter of 2015, UBS AG contributed its equity participation in its principal US operating subsidiaries to UBS Americas Holding LLC to meet the requirement under the Dodd-Frank Act that the intermediate holding company own all of UBS's US operations, except branches of UBS AG.</p> <p>UBS has established a new subsidiary of UBS AG, UBS Asset Management AG, into which it expects to transfer the majority of the operating subsidiaries of Asset Management during 2016. UBS continues to consider further changes to the legal entities used by Asset Management, including the transfer of operations conducted by UBS AG in Switzerland into a subsidiary of UBS Asset Management AG.</p> <p>UBS continues to consider further changes to the Group's legal structure in response to capital and other regulatory requirements, and in order to obtain any reduction in capital requirements for which the Group may be eligible. Such changes may include the transfer of operating subsidiaries of UBS AG to become direct subsidiaries of UBS Group AG, consolidation of operating subsidiaries in the European Union, and adjustments to the booking entity or location of products and services. These structural changes are being discussed on an ongoing basis with the Swiss Financial Market Supervisory Authority ("FINMA") and other regulatory authorities, and remain subject to a number of uncertainties that may affect their feasibility, scope or</p> |

| <b>B.12</b>   | Selected historical key financial information. | <p>UBS AG took the selected consolidated financial information included in the table below for the years ended 31 December 2012, 2013 and 2014 from its Annual Report 2014, which contains the audited consolidated financial statements of UBS AG, as well as additional unaudited consolidated financial information, for the year ended 31 December 2014 and comparative figures for the years ended 31 December 2013 and 2012. The selected consolidated financial information included in the table below for the nine months ended 30 September 2015 and 30 September 2014 was taken from the UBS AG third quarter 2015 financial report, which contains the unaudited consolidated financial statements of UBS AG, as well as additional unaudited consolidated financial information, for the nine months ended 30 September 2015 and comparative figures for the nine months ended 30 September 2014. The consolidated financial statements were prepared in accordance with International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board (IASB) and stated in Swiss francs (CHF). In the opinion of management, all necessary adjustments were made for a fair presentation of the UBS AG consolidated financial position and results of operations. Information for the years ended 31 December 2012, 2013 and 2014 which is indicated as being unaudited in the table below was included in the Annual Report 2014 but has not been audited on the basis that the respective disclosures are not required under IFRS, and therefore are not part of the audited financial statements. Certain information which was included in the consolidated financial statements to the annual report 2013 was restated in the Annual Report 2014. The figures contained in the table below in respect of the year ended 31 December 2013 reflect the restated figures as contained in the Annual Report 2014.</p> |  |                                    |          |                             |  |  |         |         |          |          |          |  |                  |  |  |  |  |                |  |  |  |  |  |                  |        |        |        |        |        |                    |        |        |        |        |        |                                      |       |       |       |       |         |   |       |       |       |       |         |                                   |  |  |  |  |  |                      |  |  |  |  |  |  |      |     |      |      |      |  |     |     |      |      |      |                                      |      |      |       |       |        |               |  |  |  |  |  |

Based on adjusted net new money which excludes the negative effect on net new money (third quarter of 2015: 3.3 billion; second quarter of 2015: CHF 6.6 billion) in Wealth Management from UBS's balance sheet and capital optimization efforts in the second quarter of 2015. <sup>6</sup> Common equity tier 1 capital / risk-weighted assets. <sup>7</sup> Based on the Basel III framework as applicable to Swiss systemically relevant banks (SRB), which became effective in Switzerland on 1 January 2013. The information provided on a fully applied basis entirely reflects the effects of the new capital deductions and the phase out of ineligible capital instruments. The information provided on a phase-in basis gradually reflects those effects during the transition period. Numbers for 31 December 2012 are calculated on an estimated basis described below and are referred to as "pro-forma". The term "pro-forma" as used in this prospectus does not refer to the term "pro forma financial information" within the meaning of Regulation (EC) 809/2004. Some of the models applied when calculating 31 December 2012 pro-forma information required regulatory approval and included estimates (as discussed with UBS's primary regulator) of the effect of new capital charges. These figures are not required to be presented, because Basel III requirements were not in effect on 31 December 2012. They are nevertheless included for comparison reasons. <sup>8</sup> Common equity tier 1 capital and loss-absorbing capital / total adjusted exposure (leverage ratio denominator). <sup>9</sup> In accordance with Swiss SRB rules. The Swiss SRB leverage ratio came into force on 1 January 2013. | <b>B.15</b> | Issuer's principal activities.  | <p>UBS AG with its subsidiaries is committed to providing private, institutional and corporate clients worldwide, as well as retail clients in Switzerland, with superior financial advice and solutions, while generating attractive and sustainable returns for shareholders. UBS's strategy centers on its Wealth Management and Wealth Management Americas businesses and its leading (in its own opinion) universal bank in Switzerland, complemented by Asset Management and its Investment Bank. In UBS's opinion, these businesses share three key characteristics: they benefit from a strong competitive position in their targeted markets, are capital-efficient, and offer a superior structural growth and profitability outlook. UBS's strategy builds on the strengths of all of its businesses and focuses its efforts on areas in which UBS excels, while seeking to capitalize on the compelling growth prospects in the businesses and regions in which it operates. Capital strength is the foundation of UBS's success. The operational structure of the Group is comprised of the Corporate Center and five business divisions: Wealth Management, Wealth Management Americas, Retail &amp; Corporate, Asset Management and the Investment Bank.</p> <p>According to article 2 of the Articles of Association of UBS AG, dated 7 May 2015 ("<b>Articles of Association</b>"), the purpose of UBS AG is the operation of a bank. Its scope of operations extends to all types of banking, financial, advisory, trading and service activities in Switzerland and abroad. UBS AG may establish branches and representative offices as well as banks, finance companies and other enterprise of any kind in Switzerland and abroad, hold equity interests in these companies, and conduct their management. UBS AG is authorized to acquire, mortgage and sell real estate and building rights in Switzerland and abroad. UBS AG may provide loans, guarantees and other kinds of financing and security for Group companies and borrow and invest money on the money and capital markets.</p> |

| C.1     | Type and the class of the securities, security identification number.                 | <p><b>Type and Form of Securities</b><br/>The Securities are not capital protected certificates.</p> <p>The Securities are issued as uncertificated securities (<i>Wertrechte</i>; “<b>Uncertificated Securities</b>”) pursuant to article 973c of the Swiss Code of Obligations (“<b>CO</b>”). Uncertificated Securities are registered in the main register of a Swiss depository (<i>Verwahrungsstelle</i>; “<b>FISA Depository</b>”) according to the Swiss Federal Act on Intermediated Securities (“<b>FISA</b>”). Upon (a) entering the Uncertificated Securities into the main register of a FISA Depository and (b) booking the Securities into a securities account at a FISA Depository, the Uncertificated Securities will constitute intermediated securities within the meaning of the FISA (<i>Bucheffekten</i>; “<b>Intermediated Securities</b>”). The Issuer has instructed SIX SIS AG, Baslerstrasse 100, CH-4600 Olten, Switzerland, (“<b>SIS</b>” or the “<b>Clearing System</b>”) to also act as FISA Depository, but reserves the right to choose any other FISA Depository, including UBS AG.</p> <p>Intermediated Securities are transferred and otherwise disposed of in accordance with the provisions of the FISA and the relevant agreements with the respective FISA Depository (in particular, neither the Intermediated Securities nor any rights pertaining to the Intermediated Securities may be transferred by way of assignment pursuant to articles 164 et seq. CO without the prior written consent of the Issuer).</p> <p>The holders of the Securities shall at no time have the right to demand (a) conversion of Uncertificated Securities into physical securities and/or (b) delivery of physical securities. The Issuer intends to apply for the listing of the Securities on the unofficial regulated market (<i>Third Section</i>) at Frankfurt Stock Exchange and Stuttgart Stock Exchange.</p> <p>Provided that the Securities have not been terminated by the Issuer prior to the Expiration Date, trading of the Securities shall cease two Business Days prior to the Expiration Date (such day, the "<b>Last Exchange Trading Day</b>"). As of the Last Exchange Trading Day trading may only take place off exchange with the Manager.</p>   |
| C.15 | Influence of the underlying on the value of the securities.             | <p>The value of the Securities during their term depends on the performance of the notional Reference Portfolio used as the Underlying. In case the level of the Underlying increases, also the value of the Securities will increase. In case the level of the Underlying decreases, also the value of the Securities will decrease.</p> <p>In particular, the Redemption Amount, (as defined in Element C.18 below), if any, to be received by the Securityholder depends on the performance of the notional Reference Portfolio. In detail:</p> <p>The Securities allow investors to participate, considering the fees on the level of the notional Reference Portfolio, in the positive development of the notional Reference Portfolio. Conversely, investors in the Securities also participate in the negative development of the notional Reference Portfolio.</p> <p>Securityholders receive on the Maturity Date the Redemption Amount.</p> <p><b>For the avoidance of doubt:</b> Whilst the Redemption Amount is linked to the market value of the Reference Portfolio Components, the Issuer is not obliged to invest the net proceeds of the issuance of the Securities in any Reference Portfolio Component at any time; the net proceeds will be used for hedging and general corporate purposes of the Issuer only. The Securityholders do not have any direct interest in, or beneficial ownership of any Reference Portfolio Component at any time.</p> <p>During their term, the Securities do not generate any regular income (e.g. dividends or interest).</p> |
| C.16 | Expiration or maturity date, the exercise date or final reference date. | <p>The Maturity Date means the fifth Business Day following the relevant Valuation Date.</p> <p>The Valuation Date means, subject to any Market Disruption in accordance with § 9 of the Conditions of the Securities, (i) in case of a redemption of the Securities in accordance with § 1 of the Conditions of the Securities, the Expiration Date, (ii) in case of a termination of the term of the Securities by the Issuer in accordance with § 2 (4) of the Conditions of the Securities, the relevant Issuer Termination Date, (iii) in case of an automatic termination of the term of the Securities in accordance with § 3 of the Conditions of the Securities, the relevant Automatic Termination Date, and (iv) in case of an extraordinary termination by the Issuer in accordance with § 8 of the Conditions of the Securities, the relevant Extraordinary Termination Date.</p> <p>The Expiration Date means, subject to an extension of the term of the Securities and to any Market Disruption in accordance with the Conditions of the Securities, 4 February 2021. The Issuer is entitled to extend, by giving notice to the Securityholder in accordance with the Conditions of the Securities the maturity of all outstanding Securities for additional periods of five (5) calendar years each, in which case the "Expiration Date" shall be deemed to be the date falling five (5) calendar years after the initially scheduled Expiration Date. | D.2     | <p>Key information on the key risks that are specific and individual to the issuer.</p> | <p>The purchase of Securities is associated with certain risks. <b>The Issuer expressly points out that the description of the risks associated with an investment in the Securities describes only the key risks which were known to the Issuer at the date of the Prospectus.</b></p> <p>The Securities entail an issuer risk, also referred to as debtor risk or credit risk for prospective investors. An issuer risk is the risk that UBS AG becomes temporarily or permanently unable to meet its obligations under the Securities.</p> <p><b>General insolvency risk</b></p> <p>Each investor bears the general risk that the financial situation of the Issuer could deteriorate. The debt or derivative securities of the Issuer will constitute immediate, unsecured and unsubordinated obligations of the Issuer, which, in particular in the case of insolvency of the Issuer, rank <i>pari passu</i> with each other and all other current and future unsecured and unsubordinated obligations of the Issuer, with the exception of those that have priority due to mandatory statutory provisions. The Issuer's obligations relating to the Securities are not protected by any statutory or voluntary deposit guarantee system or compensation scheme. <b>In the event of insolvency of the Issuer, investors may thus experience a total loss of their investment in the Securities.</b></p> <p>UBS AG as Issuer and UBS are subject to various risks relating to their business activities. Summarised below are the risks that may impact the Group's ability to execute its strategy, and affect its business activities, financial condition, results of operations and prospects, which the Group considers material and is presently aware of:</p> <ul style="list-style-type: none"> <li>• Fluctuation in foreign exchange rates and continuing low or negative interest rates may have a detrimental effect on UBS's capital strength, UBS's liquidity and funding position, and UBS's profitability</li> <li>• Regulatory and legal changes may adversely affect the Group's business and ability to execute its strategic plans</li> <li>• UBS's capital strength is important in supporting its strategy, client franchise and competitive position. Any increase in risk-weighted assets or reduction in eligible capital could materially reduce UBS's capital ratios. Additionally, UBS is subject to a minimum leverage ratio requirement for Swiss systemically relevant banks ("<b>SRB</b>"), which under certain circumstances could constrain UBS's business activities even if UBS satisfies other risk-based capital requirements.</li> <li>• UBS may not be successful in completing its announced strategic plans or in implementing changes in its businesses to meet changing market, regulatory and other conditions</li> <li>• Material legal and regulatory risks arise in the conduct of UBS's business</li> <li>• Operational risks may adversely affect UBS's business</li> <li>• UBS's reputation is critical to the success of its business. A deterioration of UBS's reputation could have an adverse affect to the success of its business.</li> <li>• Performance in the financial services industry is affected by market conditions and the macroeconomic climate</li> </ul> |

|     |  |  |

|     |  | <ul style="list-style-type: none"> <li>• UBS holds legacy and other risk positions that may be adversely affected by conditions in the financial markets; legacy risk positions may be difficult to liquidate</li> <li>• The Group's global presence subjects it to risk from currency fluctuations</li> <li>• UBS is dependent upon its risk management and control processes to avoid or limit potential losses in its counterparty credit and trading businesses</li> <li>• Valuations of certain positions rely on models; models have inherent limitations and may use inputs which have no observable source</li> <li>• Liquidity and funding management are critical to UBS's ongoing performance</li> <li>• UBS might be unable to identify or capture revenue or competitive opportunities, or retain and attract qualified employees</li> <li>• UBS's financial results may be negatively affected by changes to accounting standards</li> <li>• UBS's financial results may be negatively affected by changes to assumptions supporting the value of UBS's goodwill</li> <li>• The effect of taxes on UBS's financial results is significantly influenced by reassessments of its deferred tax assets</li> <li>• UBS's stated capital returns objective is based, in part, on capital ratios that are subject to regulatory change and may fluctuate significantly</li> <li>• UBS AG's operating results, financial condition and ability to pay obligations in the future may be affected by funding, dividends and other distributions received from UBS Switzerland AG or any other direct subsidiary, which may be subject to restrictions</li> </ul> |
| D.6 | Key information on the risks that are specific and individual to the securities. | <p>Potential investors of the Securities should recognise that the Securities <b>constitute a risk investment</b> which can lead to a <b>total loss</b> of their investment in the Securities. Securityholders will incur a loss, if the amounts received in accordance with the Terms and Conditions of the Securities is below the purchase price of the Securities (including the transaction costs). Any investor bears the risk of the Issuer's financial situation worsening and the potential subsequent inability of the Issuer to pay its obligations under the Securities. Potential investors must therefore be prepared and able to sustain a partial or even a <b>total loss</b> of the invested capital. Any investors interested in purchasing the Securities should assess their financial situation, to ensure that they are in a position to bear the <b>risks of loss</b> connected with the Securities.</p> <p><b>Security specific Risks</b></p> <p>1. <b><u>Special risks related to specific features of the Security structure</u></b><br/>Prior to investing in the Securities, potential investors should note that the following special features of the Securities may have a negative impact on the value of the Securities or, as the case may be, on any amount, if any, payable according to the Terms and Conditions of the Securities and that the Securities accordingly have special risk profiles:</p>  |

|  |  |  |
|--|--|--|
|  |  | <p><b><i>Currency exchange rate risk</i></b></p> <p>The value of the Reference Portfolio Components comprised in the notional Reference Portfolio may be determined in currencies other than the Redemption Currency. Potential investors should, therefore, be aware that investments in these Securities could entail risks due to fluctuating exchange rates, and that the risk of loss does not depend solely on the performance of the Reference Portfolio Components comprised in the notional Reference Portfolio, but also on unfavourable developments in the value of the foreign currency, currency unit or calculation unit.</p> <p>Such developments can additionally increase the Securityholders' exposure to losses, because an unfavourable performance of the relevant currency exchange rate may correspondingly decrease the value of the purchased Securities during their term or, as the case may be, the level of the Redemption Amount, the Termination Amount or, as the case may be, the Automatic Termination Amount. Currency exchange rates are determined by factors of offer and demand on the international currency exchange markets, which are themselves exposed to economic factors, speculations and measures by governments and central banks (for example monetary controls or restrictions).</p> <p><b><i>Extension of the Term of the Securities at the option of the Issuer</i></b></p> <p>Potential investors in the Securities should also be aware that according to the Terms and Conditions of the Securities, the Issuer is entitled to extend, by giving notice to the Securityholder prior to the then existing Expiration Date (or any later expiration date resulting from any extension of the maturity of the Securities) the maturity of all then outstanding Securities for an additional period of five (5) years, in which case the "Expiration Date" shall be deemed to be the date falling five (5) years after the scheduled Expiration Date (the "<b>Issuer Extension Option</b>"). There is no limit to the number of times the Issuer may extend the maturity of the Securities. In case that the Issuer exercises the Issuer Extension Option and unless a Securityholder terminates the Securities held by it in accordance with the Terms and Conditions of the Securities by exercising the Securityholder Non-Extension Option, investors in the Securities will receive any final payments under the Securities later than scheduled at the Issue Date of the Securities.</p> <p><b>2. <u>Effect of downgrading of the Issuer's rating</u></b></p> <p>The general assessment of the Issuer's creditworthiness may affect the value of the Securities. As a result, any downgrading of the Issuer's rating by a rating agency may have a negative impact on the value of the Securities.</p> <p><b>3. <u>Ratings are not Recommendations</u></b></p> <p>The ratings of UBS AG as Issuer should be evaluated independently from similar ratings of other entities, and from the rating, if any, of the debt or derivative securities issued. A credit rating is not a recommendation to buy, sell or hold securities issued or guaranteed by the rated entity and may be subject to review, revision, suspension, reduction or withdrawal at any time by the assigning rating agency.</p> <p>A rating of the Securities, if any, is not a recommendation to buy, sell or hold the Securities and may be subject to revision or withdrawal at any time by the relevant rating agency. Each rating should be evaluated independently of any other securities rating, both in respect of the rating agency and the type of security.</p> |
|--|--|--|

|  |  |   |
|--|--|---|
|  |  | <p>Furthermore, rating agencies which have not been hired by the Issuer or otherwise to rate the Securities could seek to rate the Securities and if such "unsolicited ratings" are lower than the equivalent rating assigned to the Securities by the relevant hired rating agency, such ratings could have an adverse effect on the value of the Securities.</p> <p>4. <b><u>No statutory or voluntary deposit guarantee scheme</u></b><br/>The Issuer's obligations relating to the Securities are not protected by any statutory or voluntary deposit guarantee system or compensation scheme. <b>In the event of insolvency of the Issuer, investors may thus experience a total loss of their investment in the Securities.</b></p> <p>5. <b><u>Securityholders are exposed to the risk of a bail-in</u></b><br/>The Issuer and the Securities are subject to the Swiss Banking Act and the FINMA bank insolvency ordinance, which empowers FINMA as the competent resolution authority to in particular apply under certain circumstances certain resolution tools to credit institutions. These measures include in particular the write-down or conversion of securities into common equity of such credit institution (the so called bail-in). A write-down or conversion would have the effect that the Issuer would insofar be released from its obligations under the Securities. Securityholders would have no further claim against the Issuer under the Securities. The resolution tools may, hence, have a significant negative impact on the Securityholders' rights by suspending, modifying and wholly or partially extinguishing claims under the Securities. In the worst case, this can lead to a <b>total loss of the Securityholders' investment in the Securities.</b></p> <p>Such legal provisions and/or regulatory measures may severely affect the rights of the Securityholders and may have a negative impact on the value of the Securities even prior to any non-viability or resolution in relation to the Issuer.</p> <p>6. <b><u>The Conditions of the Securities do not contain any restrictions on the Issuer's or UBS's ability to restructure its business</u></b><br/>The Conditions of the Securities contain no restrictions on change of control events or structural changes, such as consolidations or mergers or demergers of the Issuer or the sale, assignment, spin-off, contribution, distribution, transfer or other disposal of all or any portion of the Issuer's or its subsidiaries' properties or assets in connection with the announced changes to its legal structure or otherwise and no event of default, requirement to repurchase the Securities or other event will be triggered under the Conditions of the Securities as a result of such changes. There can be no assurance that such changes, should they occur, would not adversely affect the credit rating of the Issuer and/or increase the likelihood of the occurrence of an event of default. Such changes, should they occur, may adversely affect the Issuer's ability to pay interest on the Securities and/or lead to circumstances in which the Issuer may elect to cancel such interest (if applicable).</p> <p>7. <b><u>Termination and Early Redemption at the option of the Issuer</u></b><br/>Potential investors in the Securities should furthermore be aware that the Issuer is, pursuant to the Conditions of the Securities, under certain circumstances, entitled to terminate and redeem the Securities in total prior to the scheduled Maturity Date. In this case the Securityholder is in accordance with the Conditions of the Securities entitled to demand the payment of a redemption amount in relation to this early redemption. However, the Securityholder is not entitled to request any further payments on the Securities after</p> |

|  |  |   |
|--|--|---|
|  |  | <p>the relevant termination date. Furthermore, the Termination Amount, if any, payable in the case of an early redemption of the Securities by the Issuer can be considerably below the amount, which would be payable at the scheduled end of the term of the Securities.</p> <p>The Securityholder, therefore, bears the risk of not participating in the performance of the notional Reference Portfolio and its respective Reference Portfolio Components to the expected extent and during the expected period and, therefore, receives less than its capital invested.</p> <p>In the case of a termination of the Securities by the Issuer, the Securityholder bears the risk of a reinvestment, i.e. the investor bears the risk that it will have to re-invest the Termination Amount, if any, paid by the Issuer in the case of termination at market conditions, which are less favourable than those existing prevailing at the time of the acquisition of the Securities.</p> <p><b>8. <u>Possible fluctuations in the Level of the Reference Portfolio after termination of the Securities</u></b><br/> In the event that the term of the Securities is terminated early by the Issuer pursuant to the Terms and Conditions of the Securities, potential investors of the Securities should note that any adverse fluctuations in the Level of the notional Reference Portfolio between the announcement of the termination by the Issuer and the determination of the level of the notional Reference Portfolio relevant for the calculation of the then payable Termination Amount are borne by the Securityholders.</p> <p><b>9. <u>Adverse impact of adjustments of the Security Right</u></b><br/> It cannot be excluded that certain events occur or certain measures are taken (by parties other than the Issuer) in relation to the notional Reference Portfolio, which potentially lead to changes to the notional Reference Portfolio or result in the underlying concept of the notional Reference Portfolio being changed, so-called potential adjustment events. In the case of the occurrence of a potential adjustment event, the Issuer shall be entitled to effect adjustments according to the Terms and Conditions of the Securities to account for these events or measures. The adjustments to the Stock Constituents comprised in the notional Reference Portfolio might have a negative impact on the value of the Securities.</p> <p><b>10. <u>Substitution of the Issuer</u></b><br/> Provided that the Issuer is not in default with its obligations under the Securities, the Issuer is in accordance with the Terms and Conditions of the Securities, at any time entitled, without the consent of the Securityholders, to substitute another company within the UBS Group as issuer (the “<b>Substitute Issuer</b>”) with respect to all obligations under or in connection with the Securities.</p> <p>This may impact any listing of the Securities and, in particular, it may be necessary for the Substitute Issuer to reapply for listing on the relevant market or stock exchange on which the Securities are listed. In addition, following such a substitution, Securityholders will become subject to the credit risk of the Substitute Issuer.</p> <p><b>11. <u>Determinations by the Calculation Agent</u></b><br/> The Calculation Agent has certain discretion under the Terms and Conditions of the Securities (i) to determine whether certain events have occurred (in particular, the occurrence of a potential adjustment event or a Market Disruption in accordance with the</p> |

|  |  |   |
|--|--|---|
|  |  | <p>Terms and Conditions of the Securities), (ii) to determine any resulting adjustments and calculations, (iii) also to make adjustments to the Reference Portfolio Components and (iv) to postpone valuations or payments under the Securities. The Calculation Agent will make any such determination at its reasonable discretion and in a commercially reasonable manner. Potential investors should be aware that any determination made by the Calculation Agent may have an impact on the value and financial return of the Securities. Any such discretion exercised by, or any determination made by, the Calculation Agent shall (save in the case of manifest error) be final, conclusive and binding on the Issuer and the Securityholders.</p> <p><b>12. <u>Other factors affecting the value</u></b><br/> The value of a Security is determined not only by changes in the notional Reference Portfolio, but also by a number of other factors. Since several risk factors may have simultaneous effects on the Securities, the effect of a particular risk factor cannot be predicted. In addition, several risk factors may have a compounding effect which may not be predictable. No assurance can be given with regard to the effect that any combination of risk factors may have on the value of the Securities.</p> <p>Prospective investors of the Securities should be aware that an investment in the Securities involves a valuation risk with regard to the notional Reference Portfolio. They should have experience with transactions in securities with a value derived from the notional Reference Portfolio and its respective Reference Portfolio Components. The value of the notional Reference Portfolio may vary over time and may increase or decrease by reference to a variety of factors which may include macro economic factors and speculation. In addition, the historical performance of the notional Reference Portfolio and its respective Reference Portfolio Components is not an indication of its future performance. Changes in the prices in relation to the notional Reference Portfolio and its respective Reference Portfolio Components will affect the trading price of the Securities, and it is impossible to predict whether the prices in relation to the notional Reference Portfolio and its respective Reference Portfolio Components will rise or fall.</p> <p><b>13. <u>Effect of ancillary costs</u></b><br/> Commissions and other transaction costs incurred in connection with the purchase or sale of Securities may result in charges, particularly in combination with a low order value, <b>which can substantially reduce any Redemption Amount, if any, to be paid under the Securities.</b> Before acquiring a Security, potential investors should therefore inform themselves of all costs incurred through the purchase or sale of the Security, including any costs charged by their custodian banks upon purchase and maturity of the Securities.</p> <p><b>14. <u>Trading in the Securities / Illiquidity</u></b><br/> It is not possible to predict if and to what extent a secondary market may develop in the Securities or at what price the Securities will trade in the secondary market or whether such market will be liquid or illiquid.</p> <p>Applications will be made for inclusion of the Securities on the unofficial regulated market (<i>Third Section</i>) of the Frankfurt Stock Exchange and Stuttgart Stock Exchange. If the Securities are admitted or listed, no assurance is given that any such admission or listing will be maintained. The fact that the Securities are admitted to trading or listed does not necessarily denote greater liquidity than if this were not the case. If the Securities are not listed or traded on</p> |
|--|--|---|

|  |  |   |
|--|--|---|
|  |  | <p>any exchange, pricing information for the Securities may be more difficult to obtain and the liquidity of the Securities, if any, may be adversely affected. The liquidity of the Securities, if any, may also be affected by restrictions on the purchase and sale of the Securities in some jurisdictions. Additionally, the Issuer has the right (but no obligation) to purchase Securities at any time and at any price in the open market or by tender or private agreement. Any Securities so purchased may be held or resold or surrendered for cancellation.</p> <p>In addition, it cannot be excluded that the number of Securities actually issued and purchased by investors is less than the intended Issue Size of the Securities. Consequently, there is the risk that due to the low volume of Securities actually issued the liquidity of the Securities is lower than if all Securities were issued and purchased by investors.</p> <p>The Manager intends, under normal market conditions, to provide bid and offer prices for the Securities of an issue on a regular basis. However, the Manager makes no firm commitment to the Issuer to provide liquidity by means of bid and offer prices for the Securities, and assumes no legal obligation to quote any such prices or with respect to the level or determination of such prices. <b>Potential investors therefore should not rely on the ability to sell Securities at a specific time or at a specific price.</b></p> <p><b>15. <u>Borrowed funds</u></b><br/>If the purchase of Securities is financed by borrowed funds and investors' expectations are not met, they not only suffer the loss incurred under the Securities, but in addition also have to pay interest on and repay the loan. This produces a substantial increase in investors' risk of loss. Investors of Securities should never rely on being able to redeem and pay interest on the loan through gains from a Securities transaction. Rather, before financing the purchase of a Security with borrowed funds, the investors' financial situations should be assessed, as to their ability to pay interest on or redeem the loan immediately, even if they incur losses instead of the expected gains.</p> <p><b>16. <u>Taxation in relation to the Securities</u></b><br/>Potential investors should be aware that they may be required to pay taxes or other documentary charges or duties in accordance with the laws and practices of the country where the Securities are transferred or other jurisdictions. In some jurisdictions, no official statements of the tax authorities or court decisions may be available for innovative financial instruments such as the Securities. Potential investors are advised not to rely upon the tax summary contained in this Prospectus but to ask for their own tax adviser's advice on their individual taxation with respect to the acquisition, sale and redemption of the Securities. Only these advisors are in a position to duly consider the specific situation of the potential investor.</p> <p><b>17. <u>Payments under the Securities may be subject to U.S. withholdings</u></b><br/>Securityholders should, consequently, be aware that payments under the Securities may under certain circumstances be subject to U.S. withholding tax. If an amount in respect of such U.S. withholding tax were to be deducted or withheld from payments on the Securities, none of the Issuer, any paying agent or any other person would, pursuant to the Conditions of the Securities, be required to pay additional amounts as a result of the deduction or withholding of such tax.</p> <p><b>18. <u>Changes in Taxation in relation to the Securities</u></b></p> |
|--|--|---|

|  |  |  |
|--|--|--|
|  |  | <p>The considerations concerning the taxation of the Securities set forth in the Securities Note reflect the opinion of the Issuer on the basis of the legal situation identifiable as of the date of the Securities Note. However, a different tax treatment by the fiscal authorities and tax courts cannot be excluded. Each investor should seek the advice of his or her personal tax consultant before deciding whether to purchase the Securities.</p> <p>Neither the Issuer nor the Manager assumes any responsibility vis-à-vis the Securityholders for the tax consequences of an investment in the Securities.</p> <p><b>19. Conflicts of interest</b></p> <p>The Issuer and affiliated companies may participate in transactions related to the Securities in some way, for their own account or for account of a client. Such transactions may not serve to benefit the Securityholders and may have a positive or negative effect on the value of the Reference Portfolio Components comprised in the notional Reference Portfolio, and consequently on the value of the Securities. Furthermore, companies affiliated with the Issuer may become counterparties in hedging transactions relating to obligations of the Issuer stemming from the Securities. As a result, conflicts of interest can arise between companies affiliated with the Issuer, as well as between these companies and investors, in relation to obligations regarding the calculation of the price of the Securities and other associated determinations. In addition, the Issuer and its affiliates may act in other capacities with regard to the Securities, such as calculation agent, paying agent and administrative agent.</p> <p>Furthermore, the Issuer and its affiliates may issue other derivative instruments relating to the notional Reference Portfolio; introduction of such competing products may affect the value of the Securities. The Issuer and its affiliated companies may receive non-public information relating to the notional Reference Portfolio, and neither the Issuer nor any of its affiliates undertakes to make this information available to Securityholders.</p> <p>Within the context of the offering and sale of the Securities, the Issuer or any of its affiliates may directly or indirectly pay fees in varying amounts to third parties, such as distributors or investment advisors, or receive payment of fees in varying amounts, including those levied in association with the distribution of the Securities, from third parties. Potential investors should be aware that the Issuer may retain fees in part or in full. The Issuer or, as the case may be, the Manager, upon request, will provide information on the amount of these fees.</p> <p><b>Reference Portfolio specific Risks</b></p> <p>The Reference Portfolio aims to replicate the performance of (i) a long only basket of selected stocks (each a "<b>Stock<sub>(i)</sub></b>" and together the "<b>Stocks</b>") or, as the case may be, American Depositary Receipts (each a "<b>Certificate representing Stocks<sub>(i)</sub></b>" and together the "<b>Certificates representing Stocks</b>", where the Stocks and the Certificate representing Stocks are collectively also referred to as each a "<b>Stock Constituent<sub>(i)</sub></b>" and together the "<b>Stock Constituents</b>") comprised in the MSCI World Developed Markets, MDAX<sup>®</sup> or TecDAX<sup>®</sup>, and (ii) from time to time, an EUR denominated cash position which shall be at all times equal to or greater than zero (the "<b>Cash Position</b>"; which together with the Stock Constituents shall be referred to as the "<b>Reference Portfolio Components</b>"), less fees, costs and expenses.</p> |
|--|--|--|

|  |  |  |
|--|--|--|
|  |  | <p>Investing in the Securities, hence also involves certain risks that are related to the notional Reference Portfolio:</p> <p>1. <b><u>General risks related to the notional Reference Portfolio</u></b><br/> Investors should be aware that some risks are related to the notional Reference Portfolio in general:</p> <p><b><i>Risk of fluctuations in value</i></b><br/> The performance of the notional Reference Portfolio is subject to fluctuations. Therefore, Securityholders cannot foresee what consideration they can expect for the Securities they hold on a certain day in the future. When the Securities are redeemed, exercised or otherwise disposed of on a certain day, they may be worth a lot less than if they were disposed of at a later or earlier point in time.</p> <p><b><i>Uncertainty about future performance</i></b><br/> It is not possible to reliably predict the future performance of the notional Reference Portfolio and the Reference Portfolio Components respectively. Likewise, the historical data of the notional Reference Portfolio and the Reference Portfolio Components respectively, does also not allow for any conclusions to be drawn about the future performance of the notional Reference Portfolio and the Securities.</p> <p><b><i>Consequence of the linkage to a notional Reference Portfolio</i></b><br/> The Securities have the special feature that the level of the Settlement Amount depends on the performance of a notional Reference Portfolio comprising several Reference Portfolio Components. As a result, fluctuations in the value of one Reference Portfolio Component may be offset or intensified by fluctuations in the value of other Reference Portfolio Components comprised in the notional Reference Portfolio. Even in the case of a positive performance of one or more Reference Portfolio Components comprised in the notional Reference Portfolio, the performance of notional Reference Portfolio as a whole may be negative if the performance of the other Reference Portfolio Components comprised in the notional Reference Portfolio is negative to a greater extent.</p> <p>2. <b><u>Specific risks related to the notional Reference Portfolio</u></b><br/> In addition, the following risks are specifically related to the notional Reference Portfolio:</p> <p><b><i>Notional Reference Portfolio</i></b><br/> The notional Reference Portfolio is a synthetic portfolio which has been created and is managed and calculated solely for the purposes of being used as underlying of securities issued by UBS. There is no obligation on the Issuer to purchase or hold any Reference Portfolio Components and Securityholders have no rights in, or to require delivery of, any of such Reference Portfolio Components at any time. References to any balancing, rebalancing, disposal, acquisition or financing of a Reference Portfolio Component have to be understood as reference to a notional transaction and should not be construed as imposing any obligation on the Issuer or any of its affiliates or subsidiaries, the Manager, the Calculation Agent or any person actually directly or indirectly, physically or synthetically to acquire, dispose of or effect or take delivery of, or effect transactions in, any securities, investments or other property, but are references to the change in the value of, or in notional amounts to be determined for the purposes of calculating the value of, and</p> |
|--|--|--|

|  |  |   |
|--|--|---|
|  |  | <p>relate solely to the calculation of the value of any amounts payable in respect of the Securities.</p> <p><b><i>Numerous Stock Constituents of the notional Reference Portfolio</i></b><br/>The notional Reference Portfolio is composed of numerous Stock Constituents. Despite the fact that Stock Constituents' diversification is designed to help to control declines in the value of the notional Reference Portfolio, it cannot be guaranteed that the use of numerous different Stock Constituents will be successful for these purposes and will not result in overall losses.</p> <p><b><i>Limited historic data of the Reference Portfolio</i></b><br/>The notional Reference Portfolio is initiated on 4 February 2016. Accordingly, as at the date of the Prospectus only limited historic data is available on the basis of which investors might evaluate the likely performance of the notional Reference Portfolio. The past performance of the Reference Portfolio Components notionally comprised in the notional Reference Portfolio (which generally do not reflect the same fee levels as the fees incurred in relation to the Reference Portfolio), is not necessarily indicative of the future performance for the notional Reference Portfolio.</p> <p><b><i>No payment of interest or dividends</i></b><br/>None of the Securities vests a right to payment of interest or dividends and, as such, they <b>generate no regular income</b>. Therefore, potential reductions in the value of the Security cannot be offset by any other income from the Security.</p> <p><b><i>Fees, costs and expenses in relation to the Reference Portfolio</i></b><br/>A quarterly Reference Portfolio Advisory Fee, an adjustment fee (levied for each adjustment) and a quarterly UBS management fee will be deducted from the level of the Reference Portfolio and, hence, result in a reduction in the level of the Reference Portfolio.</p> <p><b><i>No limitation on the universe of Reference Portfolio Components</i></b><br/>There are no material restrictions on the instruments within the predefined universe of Reference Portfolio Components into which the Reference Portfolio Advisor may notionally invest.</p> <p><b><i>Currency exchange risks in relation to the Stock Constituents</i></b><br/>The Stock Constituents mirrored in the Reference Portfolio may be denominated in currencies other than EUR and, as a consequence, other than the Level of the Reference Portfolio and the Redemption Currency. Potential investors should, therefore, be aware that investments in the Securities could entail risks due to fluctuating exchange rates used for converting the Stock Constituents denominated in currencies other than EUR into EUR (for the purpose of determining the Level of the Reference Portfolio), and that the risk of loss does not depend solely on the performance of the Reference Portfolio and the Reference Portfolio Components, but also on unfavourable developments in the value of the relevant foreign currencies.</p> <p><b><i>Composition of the Reference Portfolio</i></b><br/>The Reference Portfolio Advisor agreed with the Calculation Agent to adhere to specific guidelines (the "<b>Reference Portfolio Guidelines</b>") when selecting and adjusting the notional Reference Portfolio Components.</p> <p>The selection of the initial Reference Portfolio Components, their weightings and any of the rebalancings is made in the reasonable discretion of the Reference Portfolio Advisor. Rebalancings will be</p> |
|--|--|---|

|  |  |  |
|--|--|--|
|  |  | <p>effected by the Reference Portfolio Advisor having consulted the Calculation Agent. The Calculation Agent has under certain circumstances in accordance with the Reference Portfolio Guidelines the right to reject constituents that form part of a Rebalancing.</p> <p>The Reference Portfolio Advisor will select the Reference Portfolio Components with due diligence. No assurance can be made, however, that the selection of Reference Portfolio Components will be successful, and neither the Reference Portfolio Advisor nor the Calculation Agent are responsible for the market performance of the Reference Portfolio Components.</p> <p>Notwithstanding the above, the Reference Portfolio Advisor is restricted by the Reference Portfolio Guidelines in its selection of Reference Portfolio Components; it may therefore lack the necessary flexibility to benefit from any market developments not covered by the Reference Portfolio Guidelines.</p> <p>3. <b><u>Specific risks related to the notional Reference Portfolio Components</u></b><br/> Investors should be aware that some risks are related to the Stocks or, as the case may be, Certificates representing Stocks, which will be comprised in the notional Reference Portfolio. <b>Consequently, any investment in the Securities is, to a certain extent, subject to market risks similar to a direct investment in Stocks or, as the case may be, Certificates representing Stocks.</b></p> <p>4. <b><u>Specific risks related to the Reference Portfolio Advisor</u></b><br/> Additional risks are related to the Reference Portfolio Advisor.</p> <p><b><i>Dependence on the Reference Portfolio Advisor</i></b><br/> The success of the Reference Portfolio depends upon the Reference Portfolio Advisor selecting successful Reference Portfolio Components. There can be no assurance that the Reference Portfolio Advisor will be able to do so. In particular, subjective (as opposed to systematic) decisions made by the Reference Portfolio Advisor may cause the Reference Portfolio to decline (or not to increase) in a manner which less subjective decision making might have avoided.</p> <p><b><i>Reliance on Key Individuals</i></b><br/> The loss of one or more key individuals could have a material adverse effect on the Reference Portfolio Advisor's ability to perform its responsibilities in relation to the Reference Portfolio.</p> <p><b><i>Automatic Termination of the Securities</i></b><br/> According to the Terms and Conditions of the Securities, the Securities will be automatically terminated and redeemed, in case that the Heemann Vermögensverwaltung GmbH, Grönau, Germany, ceases in accordance with the relevant Reference Portfolio Advisor agreement to act as Reference Portfolio Advisor. This could have a considerable impact on the value of the Securities.</p> <p><b><i>Potential conflicts of interests</i></b><br/> The Reference Portfolio Advisor may not only act as Reference Portfolio Advisor with regard to the Reference Portfolio, but may at the same time act as asset manager or financial consultant with regard to Securityholders, which may induce potential conflicts between the Securityholders' interests and the Reference Portfolio Advisor's interests, especially because the Reference Portfolio Advisor receives part of the Reference Portfolio Management Fee.</p> |

|  | Risk warning to the effect that investors may lose the value of their entire investment or part of it. | Each investor in the Securities bears the risk of the Issuer's financial situation worsening. |     | Emittenten und die Branchen, in denen er tätig ist, auswirken.                   | <p>Group AG für das dritte Quartal 2015 dargestellt, bleiben viele der in früheren Quartalen von UBS hervorgehobenen makroökonomischen Herausforderungen und geopolitische Themen bestehen und können in absehbarer Zukunft wahrscheinlich nicht gelöst werden. Zusätzlich werden kürzlich vorgeschlagene Änderungen im "Too Big To Fail"-Regelwerk der Schweiz substantielle Zinskosten für das Unternehmen verursachen. Auch weiterhin spürt UBS Gegenwind durch Zinssätze, die nicht entsprechend der Markterwartungen gestiegen sind, der negativen Marktentwicklungen in bestimmten Vermögensklassen und der schwachen Entwicklung des Euros im Vergleich zum Schweizer Franken während des Jahres. UBS setzt angekündigte Maßnahmen zur Minderung dieser Effekte um und erzielt zugleich Fortschritte bei der kurz- bis mittelfristig angestrebten Eigenkapitalrendite abzüglich Geschäfts- bzw. Firmenwert (<i>Goodwill</i>) und anderer immaterieller Vermögenswerte. UBS's Strategie hat sich unter verschiedenen Marktbedingungen bewährt. UBS bleibt ihrer Strategie und der disziplinierten Umsetzung verpflichtet, um so den langfristigen Erfolg des Unternehmens sicherzustellen und für ihre Aktionäre nachhaltige Renditen zu erwirtschaften.</p>   |
| B.5 | Beschreibung der Gruppe und der Stellung des Emittenten innerhalb dieser Gruppe. | <p>UBS AG ist eine Schweizer Bank und die Holding-Gesellschaft der UBS AG Gruppe. Die UBS Group AG ist die Holding-Gesellschaft der UBS Gruppe und zu 100 Prozent Eigentümerin der UBS AG. Die UBS Gruppe ist als Gruppe mit fünf Unternehmensbereichen (Wealth Management, Wealth Management Americas, Retail &amp; Corporate, Asset Management und die Investment Bank) und einem Corporate Center tätig.</p> <p>Während den letzten zwei Jahren hat UBS eine Reihe von Maßnahmen ergriffen, um die Abwicklungsfähigkeit der Gruppe als Reaktion auf die sog. "Too Big To Fail" ("<b>TBTF</b>") Anforderungen in der Schweiz und anderen Ländern, in denen die Gruppe tätig ist, zu verbessern, einschließlich der Gründung der UBS Group AG als Holding-Gesellschaft für die UBS Gruppe.</p> <p>Im Juni 2015 hat UBS AG ihr Retail &amp; Corporate and Wealth Management Geschäft in der Schweiz an die UBS Switzerland AG, eine Bankgeschäftstochter der UBS AG in der Schweiz, übertragen.</p> <p>Im Vereinigten Königreich hat UBS die Implementierung eines stärker selbstständigen Geschäfts- und Betriebsmodells für UBS Limited abgeschlossen, unter dem UBS Limited einen größeren Anteil des Risikos und der Prämie an ihren Geschäftsaktivitäten trägt und behält.</p> <p>Im dritten Quartal hat UBS die UBS Business Solutions AG als direkte Tochter der UBS Group AG gegründet, die als Dienstleistungsunternehmen innerhalb der Gruppe fungiert. UBS wird die Rechte an der Mehrheit der jeweils als Tochtergesellschaften bestehenden Dienstleistungsunternehmen auf diese Gesellschaft übertragen. UBS erwartet, dass die Übertragung der gemeinsamen Service- und Unterstützungsfunktionen auf die Struktur des Dienstleistungsunternehmens in einem gestaffelten Prozess während des Jahres 2018 umgesetzt wird. Der Zweck dieser Struktur ist es, die Abwicklungsfähigkeit der Gruppe zu verbessern indem es UBS ermöglicht wird, die operative Kontinuität der notwendige Dienste aufrecht zu erhalten sollte ein Sanierungs- oder Abwicklungsfall eintreten.</p> <p>UBS AG hat eine neue Tochtergesellschaft, UBS Americas Holding LLC, gegründet, die von der UBS noch vor dem 1. Juli 2016 als dem Stichtag der neuen Regeln für ausländische Banken in den Vereinigten Staaten von Amerika gemäß dem Dodd-Frank Wall Street Reform and Consumer Protection Act ("<b>Dodd-Frank</b>") als dazwischengeschaltete Holding-Gesellschaft für ihre U.S. Tochtergesellschaften verwendet werden soll. | <b>B.12</b> | Ausgewählte wesentliche historische Finanzinformationen | Die UBS AG hat die ausgewählten konsolidierten Finanzinformationen für die jeweils zum 31. Dezember endenden Geschäftsjahre 2012, 2013 und 2014 aus ihrem Geschäftsbericht 2014 entnommen, welcher die geprüften Konzernabschlüsse der UBS AG sowie zusätzliche ungeprüfte konsolidierte Finanzinformationen für das Jahr mit Stand 31. Dezember 2014 und den vergleichbaren Zahlen für die Jahre mit Stand 31. Dezember 2013 und 2012 enthält. Die ausgewählten konsolidierten Finanzinformationen in der folgenden Tabelle zu den jeweils am 30. September 2015 und 2014 endenden neun Monaten wurden aus dem Finanzbericht der UBS AG zum dritten Quartal entnommen, der die ungeprüften konsolidierten Periodenabschlüsse der UBS AG sowie zusätzliche ungeprüfte konsolidierte Finanzinformation für die zum 30. September 2015 endenden neun Monate und vergleichende Darstellungen für die zum 30. September 2014 endenden neun Monate enthält. Die Konzernabschlüsse wurden in Übereinstimmung mit den International Financial Reporting Standards (IFRS) verfasst, die von dem International Accounting Standards Board (IASB) veröffentlicht wurden und sind in Schweizer Franken (CHF) ausgewiesen. Nach Auffassung des Managements wurden alle notwendigen Anpassungen vorgenommen, um die konsolidierte Finanzlage und die operativen Ergebnisse der UBS AG angemessen darzustellen. Im Mittelpunkt ihrer Strategie steht für die UBS das (nach Ansicht der UBS) führende Wealth-Management-Geschäft sowie die (nach Ansicht der UBS) führende Universalbank in der Schweiz, verstärkt durch ihr Asset Management und ihre Investment Bank. Diese Unternehmensbereiche weisen nach Ansicht der UBS drei wichtige Gemeinsamkeiten auf: Sie alle verfügen über eine starke Wettbewerbsposition in ihren Zielmärkten, sind kapitaleffizient und bieten überdurchschnittliche strukturelle Wachstums- und Renditeaussichten. Die Strategie der UBS beruht auf den Stärken aller ihrer Unternehmensbereiche. Dadurch kann sie sich auf Sparten konzentrieren, in denen UBS sich auszeichnet. UBS will dabei von den attraktiven Wachstumsaussichten in den Geschäftsbereichen und Regionen profitieren, in denen sie tätig ist. Kapitalstärke ist die Grundlage für den Erfolg der UBS. Die Wertrechte werden in dem Hauptregister einer Schweizer Verwahrungsstelle („<b>Verwahrungsstelle</b>“) im Sinne des Bundesgesetzes über die Bucheffekten („<b>BEG</b>“) registriert. Durch (a) die Eintragung der Wertrechte in das Hauptregister der Verwahrungsstelle und (b) die Einbuchung der Wertpapiere in das Effektenkonto einer Verwahrungsstelle begründen die Wertrechte Bucheffekten im Sinn des BEG („<b>Bucheffekten</b>“). Die Emittentin hat SIX SIS AG, Baslerstrasse 100, CH-4600 Olten, Schweiz, („<b>SIS</b>“ oder das „<b>Clearingsystem</b>“) auch als Verwahrungsstelle eingesetzt, behält sich aber das Recht vor, andere Verwahrungsstelle einschliesslich der UBS AG einzusetzen.</p> <p>Bucheffekte werden gemäß den Bestimmungen der Verwahrungsstelle und den maßgeblichen Verträgen mit der Verwahrungsstelle übertragen (dabei dürfen insbesondere weder die Bucheffekten noch Rechte an den Bucheffekten ohne vorherige schriftliche Zustimmung der Emittentin durch Zession gemäß den Artikeln 164 ff. OR übertragen werden).</p> <p>Die Wertpapiergläubiger haben zu keinem Zeitpunkt das Recht, (a) die Umwandlung von Wertrechten in physische Wertpapiere und/oder (b) die Lieferung von physischen Wertpapieren zu verlangen. | Punkt | Abschnitt D – Risiken   |  |
|-------|---|--|
| D.2   | Zentrale Angaben zu den zentralen Risiken, die der Emittentin eigen sind. | <p>Der Erwerb von Wertpapieren ist mit bestimmten Risiken verbunden. <b>Die Emittentin weist ausdrücklich darauf hin, dass die Beschreibung der mit einer Anlage in die Wertpapiere verbundenen Risiken nur die wesentlichen Risiken beschreibt, die der Emittentin zum Datum des Prospekts bekannt waren.</b></p> <p>Die Wertpapiere beinhalten ein sog. Emittentenrisiko, das auch als Schuldnerisiko oder Kreditrisiko der Investoren bezeichnet wird. Das Emittentenrisiko ist das Risiko, dass die UBS AG zeitweise oder andauernd nicht in der Lage ist, ihren Verpflichtungen unter den Wertpapieren nachzukommen.</p> <p><b>Allgemeines Insolvenzrisiko</b><br/>           Jeder Investor trägt allgemein das Risiko, dass sich die finanzielle Situation der Emittentin verschlechtern könnte. Die Wertpapiere begründen unmittelbare, unbesicherte und nicht nachrangige Verbindlichkeiten der Emittentin, die - auch im Fall der Insolvenz der Emittentin - untereinander und mit allen sonstigen gegenwärtigen und künftigen unbesicherten und nicht nachrangigen Verbindlichkeiten der Emittentin gleichrangig sind, ausgenommen solche Verbindlichkeiten, denen aufgrund zwingender gesetzlicher Vorschriften Vorrang zukommt. Die durch die Wertpapiere begründeten Verbindlichkeiten der Emittentin sind nicht durch ein System von Einlagensicherungen oder eine Entschädigungseinrichtung geschützt. <b>Im Falle der Insolvenz der Emittentin könnte es folglich sein, dass Anleger einen Totalverlust ihrer Investition in die Wertpapiere erleiden.</b></p> <p>UBS AG als Emittentin und UBS unterliegen in Bezug auf ihre Geschäftsaktivitäten verschiedenen Risiken. Jede Zunahme der risikogewichteten Aktiven (RWA) oder Reduktion der anrechenbaren Mittel könnte eine wesentliche Verschlechterung von Kapitalkennzahlen der UBS zur Folge haben. Darüber hinaus unterliegt die UBS auch einer Mindest-Leverage-Ratio für systemrelevante Schweizer Banken. Diese könnte unter bestimmten Umständen die Geschäftsaktivitäten der UBS selbst dann beeinträchtigen, wenn die UBS anderen Anforderungen bezüglich der risikobasierten Eigenkapitalquote genügt.</li> <li>• Es ist möglich, dass die UBS ihre angekündigten strategischen Pläne nicht erfüllen oder Änderungen in ihren Unternehmensbereichen zur Anpassung an die Entwicklung der Markt-, aufsichtsrechtlichen und sonstigen Bedingungen nicht erfolgreich umsetzen können</li> <li>• Aus der Geschäftstätigkeit der UBS können wesentliche rechtliche und regulatorische Risiken erwachsen</li> <li>• Operationelle Risiken beeinträchtigen das Geschäft der UBS nachteilig</li> <li>• Der gute Ruf der UBS ist für den Geschäftserfolg der UBS von zentraler Bedeutung. | D.6 | Zentrale Angaben zu den zentralen Risiken, die den Wertpapieren eigen sind. | <p>Potenzielle Erwerber sollten sich darüber im Klaren sein, dass es sich bei Wertpapieren um eine <b>Risikoanlage</b> handelt, die mit der Möglichkeit von <b>Totalverlusten</b> hinsichtlich des eingesetzten Kapitals verbunden ist. Wertpapiergläubiger erleiden einen Verlust, wenn die gemäß den Bedingungen der Wertpapieren erhaltenen Beträge unter dem Kaufpreis der Wertpapiere (einschließlich etwaiger Transaktionskosten) liegt. Investoren tragen das Risiko der Verschlechterung der finanziellen Leistungsfähigkeit der Emittentin und der daraus folgenden möglichen Unfähigkeit der Emittentin ihren Verpflichtungen unter den Wertpapieren nachzukommen. Potenzielle Erwerber müssen deshalb bereit und in der Lage sein, Verluste des eingesetzten Kapitals bis hin zum <b>Totalverlust</b> hinzunehmen. In jedem Falle sollten Erwerber der Wertpapiere ihre jeweiligen wirtschaftlichen Verhältnisse daraufhin überprüfen, ob sie in der Lage sind, die mit dem Wertpapier verbundenen <b>Verlustrisiken</b> zu tragen.</p> <p><b><u>Wertpapierspezifische Risikohinweise</u></b></p> <p>1. <b><u>Spezielle Risiken im Zusammenhang mit besonderen Merkmalen der Wertpapierstruktur</u></b><br/>Potenzielle Erwerber der Wertpapiere müssen vor einer Investition in die Wertpapiere beachten, dass die folgenden Besonderheiten der Wertpapiere nachteilige Auswirkungen auf den Wert der Wertpapiere bzw. die Höhe des nach den Wertpapierbedingungen gegebenenfalls zu zahlenden Geldbetrags haben können und dementsprechend besondere Risikoprofile aufweisen:</p> <p><b>Währungswechselkursrisiko</b><br/>Der Wert der Referenz-Portfolio Bestandteile kann in einer von der Auszahlungswährung abweichenden Währung bestimmt werden, weshalb sich potenzielle Erwerber der Wertpapiere darüber im Klaren sein sollten, dass mit der Anlage in die Wertpapiere Risiken aufgrund von schwankenden Währungswechselkursen verbunden sein können und dass das Verlustrisiko nicht allein von der</p> |

|  |  |  |
|--|--|--|
|  |  | <p>Entwicklung des Werts des virtuellen Referenz-Portfolios, sondern auch von ungünstigen Entwicklungen des Werts der fremden Währung, abhängt.</p> <p>Derartige Entwicklungen können das Verlustrisiko der Wertpapiergläubiger zusätzlich dadurch erhöhen, dass sich durch eine ungünstige Entwicklung des betreffenden Währungswechselkurses der Wert der erworbenen Wertpapiere während ihrer Laufzeit entsprechend vermindert oder sich die Höhe des möglicherweise unter den Wertpapieren zu zahlenden Auszahlungsbetrags, Kündigungsbetrags bzw. Automatischen Beendigungsbetrags entsprechend vermindert. Währungswechselkurse werden von Angebots- und Nachfragefaktoren auf den internationalen Devisenmärkten bestimmt, die volkswirtschaftlichen Faktoren, Spekulationen und Maßnahmen von Regierungen und Zentralbanken ausgesetzt sind (zum Beispiel währungspolitische Kontrollen oder Einschränkungen).</p> <p><b>Verlängerung der Laufzeit der Wertpapiere durch die Emittentin</b><br/> Potenziellen Erwerbern der Wertpapiere sollte bewusst sein, dass die Emittentin gemäß den Bedingungen der Wertpapiere berechtigt ist, die Laufzeit aller ausstehenden Wertpapiere durch Bekanntmachung an die Wertpapiergläubiger vor dem zu diesem Zeitpunkt geltenden Verfalltag (oder einem aus der Verlängerung der Laufzeit der Wertpapiere resultierenden späteren Verfalltag) um einen zusätzlichen Zeitraum von fünf (5) Kalenderjahren zu verlängern; in einem solchen Fall ist der „Verfalltag“ der Tag, der fünf (5) Kalenderjahre auf den vorher festgelegten Verfalltag folgt. Die Emittentin kann die Laufzeit der Wertpapiere beliebig oft verlängern (die „<b>Verlängerungsoption der Emittentin</b>“). Falls die Emittentin die Verlängerungsoption der Emittentin ausübt und ein Wertpapiergläubiger nicht gemäß den Bedingungen der Wertpapiere die von ihm gehaltenen Wertpapiere durch Ausübung der Wertpapiergläubiger Nicht-Verlängerungsoption kündigt, erhalten Anleger in die Wertpapiere die abschließende Zahlungen unter den Wertpapieren später, als beim Ausgabetag der Wertpapiere vorgesehen.</p> <p><b>2. Auswirkungen der Abstufung des Ratings der Emittentin</b><br/> Die allgemeine Bewertung der Emittentin, ihre Verbindlichkeiten bedienen zu können, kann den Wert der Wertpapiere beeinflussen. Jede Abwertung des Ratings der Emittentin durch eine Ratingagentur kann daher eine negative Auswirkung auf den Wert der Wertpapiere haben.</p> <p><b>3. Ratings sind keine Empfehlungen</b><br/> Die Ratings der UBS AG als Emittentin sollten unabhängig von ähnlichen Ratings anderer Unternehmen und vom Rating (falls vorhanden) ausgegebener Schuldverschreibungen oder derivativer Wertpapiere beurteilt werden. Ein Kreditrating ist keine Empfehlung zum Kauf, Verkauf oder Halten von Wertpapieren, die von dem bewerteten Unternehmen begeben oder garantiert werden, und unterliegen jeder Zeit Überprüfungen, Neubewertungen, Aussetzungen, Herabsetzungen oder Aufhebungen durch die entsprechende Ratingagentur.</p> <p>Ein Rating der Wertpapiere (falls vorhanden) ist keine Empfehlung zum Kauf, Verkauf oder Halten von Wertpapieren und kann zu jeder Zeit Gegenstand von Überarbeitungen, Neubewertungen, Aussetzungen, Herabsetzungen oder Aufhebungen zu jeder Zeit durch die entsprechende Ratingagentur sein. |  |  | <p>auf die erteilende Ratingagentur und die Art des Wertpapiers, beurteilt werden. Zudem können auch Ratingagenturen, die nicht von der Emittentin beauftragt oder anderweitig angewiesen wurden, die Wertpapiere zu raten, die Wertpapiere bewerten und falls solche "unaufgeforderten Ratings" schlechter ausfallen als die entsprechenden Ratings, die den Wertpapieren von den jeweiligen beauftragten Ratingagenturen zugewiesen wurden, könnten solche Ratings eine negative Auswirkung auf den Wert der Wertpapiere haben.</p> <p><b>4. <u>Keine gesetzliche oder freiwillige Einlagensicherung</u></b><br/>Die durch die Wertpapiere begründeten Verbindlichkeiten der Emittentin sind nicht durch ein gesetzliches oder freiwilliges System von Einlagensicherungen oder eine Entschädigungseinrichtung geschützt. <b>Im Falle der Insolvenz der Emittentin könnte es folglich sein, dass die Anleger einen Totalverlust ihrer Investition in die Wertpapiere erleiden.</b></p> <p><b>5. <u>Wertpapiergläubiger sind dem Risiko eines Bail-in ausgesetzt</u></b><br/>Die Emittentin und die Wertpapiere unterliegen dem Schweizer Bankengesetz sowie der Bankeninsolvenzverordnung der Bankeninsolvenzverordnung der FINMA, die die FINMA als zuständige Abwicklungsbehörde insbesondere ermächtigt, unter Umständen bestimmte Abwicklungsinstrumente gegenüber Kreditinstituten anzuwenden. Dies schließt die Herabschreibung oder die Umwandlung von Schuldverschreibungen in Eigenkapital (sogenannter Bail-In) ein. Eine Herabschreibung oder Umwandlung würde die Emittentin insoweit von ihren Verpflichtungen unter den Wertpapieren befreien und die Wertpapiergläubiger_hätten keinen weiteren Anspruch aus den Wertpapieren gegen die Emittentin. Die Abwicklungsinstrumente können daher die Rechte der Wertpapiergläubiger_deutlich nachteilig beeinflussen, indem sie Ansprüche aus den Wertpapieren aussetzen, modifizieren und ganz oder teilweise zum Erlöschen bringen können. Dies kann im schlechtesten Fall zum <b>Totalverlust der Investition der Wertpapiergläubiger_in die Wertpapiere führen.</b></p> <p>Die genannten rechtlichen Bestimmungen und/oder Verwaltungsmaßnahmen können die Rechte von Wertpapiergläubigern erheblich nachteilig beeinträchtigen und können, auch im Vorfeld der Bestandsgefährdung oder Abwicklung, einen negativen Einfluss auf den Wert der Wertpapiere haben.</p> <p><b>6. <u>Die Bedingungen der Wertpapiere enthalten keine Beschränkungen der Fähigkeit der Emittentin oder von UBS, ihr Geschäft neu zu strukturieren</u></b><br/>Die Bedingungen der Wertpapiere enthalten keine Beschränkungen zu Kontrollwechseln oder strukturellen Änderungen, wie gesellschaftsrechtliche Konsolidierung oder Verschmelzung oder Abspaltung der Emittentin oder Verkauf, Abtretung, Ausgliederung, Beteiligung, Ausschüttung, Übertragung oder Veräußerung von Teilen oder der Gesamtheit des Eigentums oder der Vermögenswerte der Emittentin oder eines mit ihr verbundenen Unternehmens im Zusammenhang mit angekündigten Änderungen ihrer rechtlichen Struktur oder Ähnlichem und aufgrund solcher Änderungen wird kein Kündigungsgrund, kein Erfordernis zum Rückkauf der Wertpapiere oder kein sonstiges Ereignis unter den Bedingungen der Wertpapiere ausgelöst. Es kann keine Gewähr dafür übernommen werden, dass solche Änderungen, sollten sie eintreten, das Rating</p> |

|  |  | <p>der Emittentin nicht negativ beeinträchtigen und/oder nicht die Wahrscheinlichkeit des Eintritts eines Kündigungsgrunds erhöhen. Solche Änderungen, sollten sie eintreten, können die Fähigkeit der Emittentin Zinsen auf die Wertpapiere zu zahlen negativ beeinflussen.</p> <p><b>7. <u>Kündigung und vorzeitige Tilgung der Wertpapiere durch die Emittentin</u></b></p> <p>Potenziellen Erwerbern der Wertpapiere sollte zudem bewusst sein, dass die Emittentin gemäß den Bedingungen der Wertpapiere unter bestimmten Umständen die Möglichkeit hat, die Wertpapiere insgesamt vor dem planmäßigen Fälligkeitstag zu kündigen und vorzeitig zu tilgen. In diesem Fall hat der Wertpapiergläubiger gemäß den Bedingungen der Wertpapiere das Recht, die Zahlung eines Geldbetrags in Bezug auf die vorzeitige Tilgung zu verlangen. Der Wertpapiergläubiger hat jedoch keinen Anspruch auf irgendwelche weiteren Zahlungen auf die Wertpapiere nach dem maßgeblichen Kündigungstag. Zudem kann der Kündigungsbetrag, der bei Kündigung der Wertpapiere durch die Emittentin gegebenenfalls gezahlt wird, erheblich geringer sein als der Betrag, der zum planmäßigen Ende der Laufzeit der Wertpapiere zu zahlen wäre.</p> <p>Der Wertpapiergläubiger trägt damit das Risiko, dass er an der Wertentwicklung des virtuellen Referenz-Portfolios und den Referenz-Portfolio Bestandteilen nicht in dem erwarteten Umfang und über den erwarteten Zeitraum partizipieren und damit auch weniger als sein eingesetztes Kapital zurückerhalten kann.</p> <p>Im Falle einer Kündigung der Wertpapiere durch die Emittentin trägt der Wertpapiergläubiger zudem das Wiederanlagerisiko. Dies bedeutet, dass er den durch die Emittentin im Falle einer Kündigung gegebenenfalls ausgezahlten Geldbetrag möglicherweise nur zu ungünstigeren Marktkonditionen als denen, die beim Erwerb der Wertpapiere vorlagen, wiederanlegen kann.</p> <p><b>8. <u>Mögliche Kursschwankungen des Levels des virtuellen Referenz-Portfolios nach Beendigung der Laufzeit der Wertpapiere</u></b></p> <p>Soweit die Laufzeit der Wertpapiere durch die Emittentin vorzeitig durch Kündigung gemäß den Bedingungen der Wertpapiere beendet wird, müssen potenzielle Erwerber der Wertpapiere beachten, dass ungünstige Schwankungen des Levels des virtuellen Referenz-Portfolios nach dem Zeitpunkt der Kündigungserklärung bis zur Ermittlung des für die Berechnung des dann zahlbaren Geldbetrags verwendeten Levels des virtuellen Referenz-Portfolios zu Lasten der Wertpapiergläubiger gehen.</p> <p><b>9. <u>Nachteilige Auswirkungen von Anpassungen des Wertpapierrechts</u></b></p> <p>Es kann nicht ausgeschlossen werden, dass gewisse Ereignisse eintreten oder (von Dritten, mit Ausnahme der Emittentin) in Bezug auf das virtuelle Referenz-Portfolio Maßnahmen ergriffen werden, die möglicherweise zu Änderungen an dem virtuellen Referenz-Portfolio führen oder darin resultieren, dass das dem virtuellen Referenz-Portfolio zu Grunde liegende Konzept geändert wird, so genannte potenzielle Anpassungsereignisse. |  |  | <p>Portfolio enthalten sind, können sich negativ auf den Wert der Wertpapiere auswirken.</p> <p><b>10. <u>Ersetzung der Emittentin</u></b><br/> Vorausgesetzt, dass die Emittentin nicht mit ihrer Verpflichtungen unter den Wertpapieren in Verzug ist, ist die Emittentin in Übereinstimmung mit den Wertpapierbedingungen jederzeit berechtigt, ohne Zustimmung der Wertpapiergläubiger eine andere Gesellschaft der UBS Gruppe als Emittentin (die "<b>Nachfolge-Emittentin</b>") hinsichtlich aller Verpflichtungen aus oder in Verbindung mit den Wertpapieren an die Stelle der Emittentin zu setzen.</p> <p>Dies kann Auswirkungen auf eine Notierung der Wertpapiere haben und insbesondere dazu führen, dass die Nachfolge-Emittentin erneut die Zulassung zum relevanten Markt oder zur Börse, an der die Wertpapiere gehandelt werden, beantragen muss. Ferner unterliegt jeder Wertpapiergläubiger nach einem solchen Austausch dem Kreditrisiko der Nachfolge-Emittentin.</p> <p><b>11. <u>Festlegungen durch die Berechnungsstelle</u></b><br/> Die Berechnungsstelle hat nach Maßgabe der Bedingungen der Wertpapiere bestimmte Ermessensfreiheiten (i) bei der Feststellung, ob bestimmte Ereignisse (insbesondere in Übereinstimmung mit den Bedingungen der Wertpapiere ein Anpassungsereignis oder eine Marktstörung) eingetreten sind, (ii) bei der Feststellung der sich daraus ergebenden Anpassungen und Berechnungen, (iii) hinsichtlich der Anpassungen der Referenz-Portfolio Bestandteile und (iv) hinsichtlich des Verschiebens von Bewertungen oder Zahlungen in Bezug auf die Wertpapiere. Die Berechnungsstelle nimmt solche Feststellungen nach ihrem billigen Ermessen. Potenziellen Anlegern sollte bewusst sein, dass eine von der Berechnungsstelle vorgenommene Feststellung sich auf den Wert der Wertpapiere und die Erträge daraus auswirken kann. Die Ausübung eines solchen Ermessens oder die Vornahme einer Berechnung durch die Berechnungsstelle ist, außer in Fällen offensichtlichen Irrtums, für die Emittentin und die Wertpapiergläubiger endgültig, abschließend und bindend.</p> <p><b>12. <u>Weitere Wert bestimmende Faktoren</u></b><br/> Der Wert eines Wertpapiers wird nicht nur von den Veränderungen des virtuellen Referenz-Portfolios bestimmt, sondern zusätzlich von einer Reihe weiterer Faktoren. Mehrere Risikofaktoren können den Wert der Wertpapiere gleichzeitig beeinflussen; daher lässt sich die Auswirkung eines einzelnen Risikofaktors nicht voraussagen. Zudem können mehrere Risikofaktoren auf bestimmte Art und Weise zusammenwirken, so dass sich deren gemeinsame Auswirkung auf die Wertpapiere ebenfalls nicht voraussagen lässt. Über die Auswirkungen einer Kombination von Risikofaktoren auf den Wert der Wertpapiere lassen sich keine verbindlichen Aussagen treffen.</p> <p>Potenzielle Erwerber der Wertpapiere sollten sich bewusst sein, dass eine Anlage in die Wertpapiere mit einem Bewertungsrisiko im Hinblick auf das virtuelle Referenz-Portfolios verbunden ist. Sie sollten Erfahrung mit Geschäften mit Wertpapieren haben, deren Wert von dem virtuellen Referenz-Portfolio bzw. den Referenz-Portfolio Bestandteilen abgeleitet wird. Der Level des virtuellen Referenz-Portfolios kann Schwankungen unterworfen sein; diese Wertschwankungen sind von einer Vielzahl von Faktoren abhängig, wie zum Beispiel volkswirtschaftlichen Faktoren und Spekulationen. Zudem ist die historische Wertentwicklung des</p> |
|--|--|--|

|  |  |  |
|--|--|--|
|  |  | <p>virtuellen Referenz-Portfolios bzw. der Referenz-Portfolio Bestandteile kein Indikator für eine zukünftige Wertentwicklung. Veränderungen in dem Wert des virtuellen Referenz-Portfolios bzw. der Referenz-Portfolio Bestandteile beeinflussen den Handelspreis des Wertpapiers und es ist nicht möglich im Voraus zu bestimmen, ob der Wert des virtuellen Referenz-Portfolios bzw. der Referenz-Portfolio Bestandteile steigen oder fallen wird.</p> <p><b>13. <u>Einfluss von Nebenkosten</u></b><br/>Provisionen und andere Transaktionskosten, die beim Kauf oder Verkauf von Wertpapieren anfallen, können - insbesondere in Kombination mit einem niedrigen Auftragswert - zu Kostenbelastungen führen, <b>die den unter den Wertpapieren gegebenenfalls zu zahlenden Auszahlungsbetrag der Höhe nach erheblich vermindern können</b>. Potenzielle Erwerber sollten sich deshalb vor Erwerb eines Wertpapiers über alle beim Kauf oder Verkauf des Wertpapiers anfallenden Kosten einschließlich etwaiger Kosten ihrer Depotbank bei Erwerb und bei Fälligkeit der Wertpapiere informieren.</p> <p><b>14. <u>Handel in den Wertpapieren / Mangelnde Liquidität</u></b><br/>Es lässt sich nicht voraussagen, ob und inwieweit sich ein Sekundärmarkt für die Wertpapiere entwickelt, zu welchem Preis die Wertpapiere in diesem Sekundärmarkt gehandelt werden und ob dieser Sekundärmarkt liquide sein wird oder nicht.</p> <p>Es werden Anträge auf Einbeziehung der Wertpapiere in den Freiverkehr an der Frankfurter Wertpapierbörse und der Börse Stuttgart gestellt werden. Sofern die Wertpapiere zugelassen oder gelistet werden, besteht keine Gewähr dafür, dass eine solche Zulassung oder ein solches Listing aufrecht erhalten wird. Der Umstand, dass die Wertpapiere zum Handel zugelassen oder gelistet werden, bedeutet nicht zwangsläufig eine größere Liquidität, als wenn dies nicht der Fall wäre. Sofern die Wertpapiere an keiner Börse gelistet oder gehandelt werden, können Preisinformationen im Hinblick auf die Wertpapiere schwieriger zu erhalten sein und die Liquidität der Wertpapieren (sofern vorhanden) kann ungünstig beeinflusst werden. Die gegebenenfalls bestehende Liquidität der Wertpapiere kann ebenfalls durch Beschränkung des Kaufs und Verkaufs der Wertpapiere in bestimmten Ländern beeinflusst werden. Die Emittentin ist zudem berechtigt, jedoch nicht verpflichtet, jederzeit Wertpapiere zu einem beliebigen Kurs auf dem freien Markt oder im Bietungsverfahren oder durch Privatvereinbarung zu erwerben. Alle derart erworbenen Wertpapiere können gehalten, wiederverkauft oder zur Entwertung eingereicht werden.</p> <p>Darüber hinaus kann nicht ausgeschlossen werden, dass die Anzahl der tatsächlich emittierten und von Anlegern erworbenen Wertpapieren geringer ist als das geplante Ausgabevolumen der Wertpapiere. Es besteht deshalb das Risiko, dass aufgrund einer geringen Anzahl tatsächlich emittierter Wertpapiere die Liquidität der Wertpapiere geringer ist, als sie bei einer Ausgabe und des Erwerbs sämtlicher Wertpapiere durch Anleger wäre.</p> <p>Der Manager beabsichtigt, unter gewöhnlichen Marktbedingungen regelmäßig Ankaufs- und Verkaufskurse für die Wertpapiere einer Emission zu stellen. Der Manager hat sich jedoch nicht aufgrund einer festen Zusage gegenüber der Emittentin zur Stellung von Liquidität mittels Geld- und Briefkursen hinsichtlich der Wertpapiere verpflichtet und übernimmt keinerlei Rechtspflicht zur Stellung derartiger Kurse</p> |
|--|--|--|

|  |  |  |
|--|--|--|
|  |  | <p>oder hinsichtlich der Höhe oder des Zustandekommens derartiger Kurse. <b>Potenzielle Erwerber sollten deshalb nicht darauf vertrauen, die Wertpapiere zu einer bestimmten Zeit oder einem bestimmten Kurs veräußern zu können.</b></p> <p><b>15. <u>Inanspruchnahme von Krediten</u></b><br/> Wenn Anleger den Erwerb der Wertpapiere mit einem Kredit finanzieren, müssen sie beim Nichteintritt ihrer Erwartungen, zusätzlich zu der Rückzahlung und Verzinsung des Kredits, auch den unter den Wertpapieren eingetretenen Verlust hinnehmen. Dadurch erhöht sich das Verlustrisiko des Anlegers erheblich. Erwerber von Wertpapieren sollten nie darauf vertrauen, den Kredit aus Gewinnen eines Wertpapiergeschäfts verzinsen und zurückzahlen zu können. Vielmehr sollten vor dem kreditfinanzierten Erwerb eines Wertpapiers die maßgeblichen wirtschaftlichen Verhältnisse daraufhin überprüft werden, ob der Anleger in die Wertpapiere zur Verzinsung und gegebenenfalls zur kurzfristigen Tilgung des Kredits auch dann in der Lage ist, wenn statt der von ihm erwarteten Gewinne Verluste eintreten.</p> <p><b>16. <u>Besteuerung der Wertpapiere</u></b><br/> Potentielle Investoren sollten sich vergegenwärtigen, dass sie gegebenenfalls verpflichtet sind, Steuern oder andere Gebühren oder Abgaben nach Maßgabe der Rechtsordnung und Praktiken desjenigen Landes zu zahlen, in das die Wertpapiere übertragen werden oder möglicherweise auch nach Maßgabe anderer Rechtsordnungen. In einigen Rechtsordnungen kann es zudem an offiziellen Stellungnahmen der Finanzbehörden oder Gerichtsentscheidungen in Bezug auf innovative Finanzinstrumente wie den hiermit angebotenen Wertpapieren fehlen. Potentiellen Investoren wird daher geraten, sich nicht auf die in dem Prospekt enthaltene summarische Darstellung der Steuersituation zu verlassen, sondern sich in Bezug auf ihre individuelle Steuersituation hinsichtlich des Kaufs, des Verkaufs und der Rückzahlung der Wertpapiere von ihrem eigenen Steuerberater beraten zu lassen. Nur diese Berater sind in der Lage, die individuelle Situation des potentiellen Investors angemessen einzuschätzen.</p> <p><b>17. <u>Zahlungen auf die Wertpapiere können einer U.S. Quellensteuer unterliegen</u></b><br/> Wertpapiergläubiger sollten sich vergegenwärtigen, dass Zahlungen auf die Wertpapiere unter gewissen Voraussetzungen möglicherweise einer U.S. Quellensteuer unterliegen. Falls ein Betrag in Bezug auf eine solche U.S. Quellensteuer von Zahlungen auf die Wertpapiere, gemäß den Bedingungen der Wertpapiere abgezogen oder einbehalten wird, wären weder die Emittentin, noch eine Zahlstelle oder eine andere Person gemäß den Bedingungen der Wertpapiere verpflichtet, zusätzliche Beträge als Folge eines solchen Abzugs oder Einbehalts zu zahlen.</p> <p><b>18. <u>Änderung der Grundlage der Besteuerung der Wertpapiere</u></b><br/> Die in der Wertpapierbeschreibung ausgeführten Überlegungen hinsichtlich der Besteuerung der Wertpapiere geben die Ansicht der Emittentin auf Basis der zum Datum der Wertpapierbeschreibung geltenden Gesetzgebung wieder. Folglich sollten Anleger vor der Entscheidung über einen Kauf der Wertpapiere ihre persönlichen Steuerberater konsultieren.</p> <p>Weder die Emittentin noch der Manager übernehmen gegenüber den Wertpapiergläubigern die Verantwortung für die steuerlichen Konsequenzen einer Anlage in die Wertpapiere.</p> |
|--|--|--|

|  |  |  |
|--|--|--|
|  |  | <p><b>19. <u>Potenzielle Interessenkonflikte</u></b></p> <p>Die Emittentin und mit ihr verbundene Unternehmen können sich von Zeit zu Zeit für eigene Rechnung oder für Rechnung eines Kunden an Transaktionen beteiligen, die mit den Wertpapieren in Verbindung stehen. Diese Transaktionen sind möglicherweise nicht zum Nutzen der Wertpapiergläubiger und können positive oder negative Auswirkungen auf den Wert in dem virtuellen Referenz-Portfolio enthaltenen Referenz-Portfolio Bestandteile und damit auf den Wert der Wertpapiere haben. Mit der Emittentin verbundene Unternehmen können außerdem Gegenparteien bei Deckungsgeschäften bezüglich der Verpflichtungen der Emittentin aus den Wertpapieren werden. Daher können hinsichtlich der Pflichten bei der Ermittlung der Kurse der Wertpapiere und anderen damit verbundenen Feststellungen sowohl unter den mit der Emittentin verbundenen Unternehmen als auch zwischen diesen Unternehmen und den Anlegern Interessenkonflikte auftreten. Zudem können die Emittentin und mit ihr verbundene Unternehmen gegebenenfalls in Bezug auf die Wertpapiere zusätzlich eine andere Funktion ausüben, zum Beispiel als Berechnungsstelle, Zahl- und Verwaltungsstelle und/oder als Index Sponsor.</p> <p>Die Emittentin und mit ihr verbundene Unternehmen können darüber hinaus weitere derivative Instrumente in Verbindung mit dem virtuellen Referenz-Portfolio ausgeben; die Einführung solcher miteinander im Wettbewerb stehenden Produkte kann sich auf den Wert der Wertpapiere auswirken. Die Emittentin und mit ihr verbundene Unternehmen können nicht-öffentliche Informationen in Bezug auf das virtuelle Referenz-Portfolio erhalten, und weder die Emittentin noch eines der mit ihr verbundenen Unternehmen verpflichtet sich, solche Informationen an einen Wertpapiergläubiger zu veröffentlichen.</p> <p>Im Zusammenhang mit dem Angebot und Verkauf der Wertpapiere kann die Emittentin oder ein mit ihr verbundenes Unternehmen, direkt oder indirekt, Gebühren in unterschiedlicher Höhe an Dritte, zum Beispiel Vertriebspartner oder Anlageberater, zahlen oder Gebühren in unterschiedlichen Höhen einschließlich solcher im Zusammenhang mit dem Vertrieb der Wertpapiere von Dritten erhalten. Potenzielle Erwerber sollten sich bewusst sein, dass die Emittentin die Gebühren teilweise oder vollständig einbehalten kann. Über die Höhe dieser Gebühren erteilt bzw. erteilen die Emittentin bzw. der oder die Manager auf Anfrage Auskunft.</p> <p><b>Referenz-Portfolio-spezifische Risikohinweise</b></p> <p>Das Referenz-Portfolio zielt darauf ab, die Entwicklung (i) eines aus sog. Long Positionen bestehenden Korbs aus ausgewählten Aktien (jeweils eine „Aktie<sub>0</sub>“ bzw. gemeinsam die „Aktien“) bzw. American Depositary Receipts (jeweils ein „Aktienvertretendes Zertifikat<sub>0</sub>“ bzw. gemeinsam die „Aktienvertretenden Zertifikate“, wobei die Aktien und die Aktienvertretenden Zertifikate auch jeweils als eine „Aktien-Komponente<sub>0</sub>“ bzw. die „Aktien-Komponenten“ bezeichnet werden), die im MSCI World Developed Markets, MDAX<sup>®</sup> oder TecDAX<sup>®</sup> und (ii) eine gelegentliche EUR denominierte Barmittel-Position, die jederzeit gleich oder größer Null sein muss, (die „Barmittel-Position“, die zusammen mit den Aktien-Komponenten als „Referenz-Portfolio Bestandteile“ bezeichnet wird) abzüglich bestimmter Gebühren, Kosten und Auslagen, abzubilden.</p> <p>Eine Investition in die Wertpapiere ist daher mit Risiken verbunden, die mit dem virtuellen Referenz-Portfolio zusammenhängen:</p> |
|--|--|--|

|  |  |  |
|--|--|--|
|  |  | <p>1. <b><u>Allgemeine Risiken im Zusammenhang mit dem virtuellen Referenz-Portfolio</u></b><br/> Anleger sollten sich bewusst machen, dass mit dem virtuellen Referenz-Portfolio allgemeine Risiken verbunden sind:</p> <p><b>Risiko von Wertschwankungen</b><br/> Die Wertentwicklung des virtuellen Referenz-Portfolios ist Schwankungen unterworfen. Daher können die Wertpapiergläubiger nicht vorhersehen, welche Gegenleistung sie zu einem bestimmten in der Zukunft liegenden Tag für die Wertpapiere erwarten können. Es können bei Tilgung, Ausübung oder sonstiger Veräußerung an einem bestimmten Tag erhebliche Wertverluste gegenüber der Veräußerung zu einem späteren oder früheren Zeitpunkt eintreten.</p> <p><b>Unsicherheit über die zukünftige Wertentwicklung</b><br/> Es ist nicht möglich, zuverlässige Aussagen über die künftige Wertentwicklung des virtuellen Referenz-Portfolios und der Referenz-Portfolio Bestandteile zu treffen. Auch auf Grund historischer Daten des virtuellen Referenz-Portfolios und der Referenz-Portfolio Bestandteile können keine Rückschlüsse auf die zukünftige Wertentwicklung des virtuellen Referenz-Portfolios und der Wertpapiere gezogen werden.</p> <p><b>Auswirkung des Abstellens auf ein virtuelles Referenz-Portfolio</b><br/> Bei den Wertpapieren besteht die Besonderheit, dass die Höhe des Zahlungsbetrags von der Wertentwicklung eines virtuellen Referenz-Portfolios bestehend aus mehreren Referenz-Portfolio Bestandteilen abhängt. Dementsprechend können Schwankungen im Wert eines Referenz-Portfolio Bestandteils durch Schwankungen im Wert der anderen in dem virtuellen Referenz-Portfolio enthaltenen Referenz-Portfolio Bestandteile ausgeglichen oder verstärkt werden. Trotz der positiven Wertentwicklung eines oder mehrerer in dem virtuellen Referenz-Portfolio enthaltenen Referenz-Portfolio Bestandteile kann die Wertentwicklung des virtuellen Referenz-Portfolios in seiner Gesamtheit negativ ausfallen, wenn sich der Wert der übrigen in dem virtuellen Referenz-Portfolio enthaltenen Referenz-Portfolio Bestandteile in stärkerem Maße negativ entwickelt.</p> <p>2. <b><u>Spezifische Risiken im Zusammenhang mit dem virtuellen Referenz-Portfolio</u></b><br/> Darüber hinaus sind die folgenden Risiken spezifisch mit dem virtuellen Referenz-Portfolio verbunden:</p> <p><b>Virtuelles Referenz-Portfolio</b><br/> Das Referenz-Portfolio ist ein virtuelles Portfolio, das ausschließlich für den Zweck geschaffen worden ist, als Basiswert für von der UBS emittierte Wertpapiere verwendet zu werden, und dafür verwaltet und berechnet wird. Die Emittentin ist nicht verpflichtet, irgendeinen Referenz-Portfolio Bestandteil zu erwerben oder zu halten, und den Wertpapiergläubigern stehen weder Rechte an solchen Referenz-Portfolio Bestandteilen, noch Rechte auf Lieferung von solchen Referenz-Portfolio Bestandteile zu. Bezugnahmen auf Gewichtungen, Umschichtungen, Veräußerung, Erwerb oder Finanzierung solcher Referenz-Portfolio Bestandteile sind nicht so auszulegen, als würden sie die Emittentin, ihre verbundenen Unternehmen oder Tochterunternehmen, der Manager, die Berechnungsstelle oder eine sonstige natürliche oder juristische Person in irgendeiner Weise verpflichten, Wertpapiere, Kapitalanlagen oder sonstige</p> |

|  |  | <p>Vermögenswerte tatsächlich zu erwerben, zu veräußern, zu bewirken, zu übernehmen oder Geschäfte mit diesen zu bewirken; diese Bezugnahmen verweisen statt dessen auf Wertänderungen hinsichtlich der Wertpapiere zu leistenden Zahlungen oder Änderungen fiktiver Beträge, welche für die Berechnung der Höhe dieser Zahlungen zu ermittelnden Beträge festgelegt werden und sich lediglich auf die Berechnung solcher Zahlungen beziehen.</p> <p><b>Zahlreiche Komponenten des Referenz-Portfolios</b><br/>Das virtuelle Referenz-Portfolio besteht aus einer Vielzahl von Referenz-Portfolio Bestandteilen. Obwohl die Diversifizierung der Referenz-Portfolio Bestandteile dazu dient, ein Absinken des Werts des virtuellen Referenz-Portfolios zu verhindern, ist nicht gewährleistet, dass der Einsatz einer Vielzahl unterschiedlicher Komponenten nicht insgesamt zu Verlusten führen wird. Es ist nicht gewährleistet, dass die Auswahl mehrerer Komponenten erfolgreich sein wird und nicht zu überwiegenden Verlusten führt.</p> <p><b>Eingeschränkte historische Daten zum Referenz-Portfolio</b><br/>Das virtuelle Referenz-Portfolio wird am 4. Februar 2016 geschaffen. Dementsprechend sind an dem Tag, auf den der Prospekt datiert, nur eingeschränkte historische Daten verfügbar, auf deren Grundlage Anleger eine Beurteilung der wahrscheinlichen Wertentwicklung des virtuellen Referenz-Portfolios vornehmen könnten. Die vergangenen Wertentwicklungen der fiktiv als Referenz-Portfolio Bestandteile im Referenz-Portfolio enthaltenen (die generell nicht dasselbe Gebührenniveau wie das Referenz-Portfolio wiedergeben) zeigen nicht notwendigerweise die künftigen Entwicklungen des Referenz-Portfolios an.</p> <p><b>Keine Zins- oder Dividendenzahlungen</b><br/>Die Wertpapiere verbiefen weder einen Anspruch auf Zins- noch auf Dividendenzahlungen und werfen <b>daher keine laufenden Erträge</b> ab. Mögliche Wertverluste der Wertpapiere können daher nicht durch andere Erträge kompensiert werden.</p> <p><b>Gebühre und Kosten für das Referenz-Portfolio</b><br/>Eine quartalsweise Referenz-Portfolio Beratungsgebühr, eine Anpassungsgebühr (erhoben für jede Anpassung) und eine quartalsweise UBS Verwaltungsgebühr werden auf Ebene des Levels des Referenz-Portfolios abgezogen und führen zu einer Verminderung des Levels des Referenz-Portfolios.</p> <p><b>Keine Beschränkung der Anlagemöglichkeiten innerhalb des Anlageuniversums</b><br/>Es gibt keine wesentlichen Beschränkungen, in welche Werte aus dem Anlageuniversum der Referenz-Portfolio Advisor investieren darf.</p> <p><b>Währungswechselkursrisiken im Zusammenhang mit den Aktien-Komponenten</b><br/>Die im Referenz-Portfolio abgebildeten Aktien-Komponenten können in anderen Währungen als EUR denominiert sein und damit von dem Level des Referenz-Portfolio und der Auszahlungswährung abweichen.</p> <p>Potenzielle Erwerber sollten daher beachten, dass mit der Anlage in die Wertpapiere Risiken aufgrund von schwankenden Währungswechselkursen, die für die Umrechnung der Aktien-Komponenten, die nicht in EUR denominiert sind, in EUR</p> |

|  |  | <p>verwendeten werden, verbunden sein können und dass das Verlustrisiko nicht allein von der Entwicklung des Werts des Referenz-Portfolio bzw. der Referenz-Portfoliobestandteile, sondern auch von ungünstigen Entwicklungen des Werts der jeweiligen fremden Währungen abhängt.</p> <p><b>Zusammensetzung des Referenz-Portfolios</b><br/>Der Referenz-Portfolio Advisor hat mit der Berechnungsstelle vereinbart, bestimmte Richtlinien (die „<b>Referenz-Portfolio Richtlinien</b>“) bei der Auswahl und der Anpassung der virtuellen Referenz-Portfolio Bestandteile einzuhalten.</p> <p>Die Auswahl der anfänglichen Referenz-Portfolio Bestandteile, die Festlegung ihre Gewichtung und sämtliche Anpassungen der nach billigem Ermessen des Referenz-Portfolio Advisors vorgenommen. Anpassungen werden durch den Referenz-Portfolio Advisors nach Konsultation mit der Berechnungsstelle vorgenommen. Die Berechnungsstelle ist unter gewissen Umständen gemäß den Referenz-Portfolio Richtlinien berechtigt, Bestandteile, die Gegenstand einer Anpassung sind, zurückzuweisen.</p> <p>Der Referenz-Portfolio Advisor wird die Referenz-Portfolio Bestandteile mit angemessener Sorgfalt auswählen. Es kann jedoch nicht gewährleistet werden, dass die Auswahl der Referenz-Portfolio Bestandteile erfolgreich sein wird und weder der Referenz-Portfolio Advisor noch die Berechnungsstelle sind für die Marktentwicklung der Referenz-Portfolio Bestandteile verantwortlich.</p> <p>Unabhängig von dem Vorstehenden ist der Referenz-Portfolio Advisor in der Auswahl der Referenz-Portfolio Bestandteile durch die Referenz-Portfolio Richtlinien eingeschränkt; ihm kann daher die Flexibilität fehlen, von jeglicher Marktentwicklung profitieren zu können, die nicht von den Referenz-Portfolio Richtlinien abgedeckt sind.</p> <p><b>3. <u>Spezifische Risiken im Zusammenhang mit den Referenz-Portfolio Bestandteile</u></b><br/>Anleger sollten beachten, dass mit den Aktien bzw. Aktienvertretenden Zertifikaten, die in dem virtuellen Referenz-Portfolio enthalten sein werden, Risiken verbunden sind. <b>Daher unterliegt eine Investition in die Wertpapiere in gewissem Umfang Marktrisiken, die mit einer Direktanlage in Aktien bzw. Aktienvertretende Zertifikate.</b></p> <p><b>4. <u>Spezifische Risiken im Zusammenhang mit dem Referenz-Portfolio Advisor</u></b><br/>Darüber hinaus sind die folgenden Risiken spezifisch mit dem Referenz-Portfolio Advisor verbunden:</p> <p><b>Abhängigkeit vom Referenz-Portfolio Advisor</b><br/>Der Erfolg des Referenz-Portfolios hängt von der Auswahl erfolgreicher Referenz-Portfolio Bestandteile durch den Referenz-Portfolio Advisor ab und es kann keine Gewähr dafür übernommen werden, dass der Referenz-Portfolio Advisor hierzu tatsächlich in der Lage ist. Insbesondere können subjektive (anstelle von systematischen) Entscheidungen des Referenz-Portfolio Advisors einen Rückgang des Wertes des virtuellen Referenz-Portfolios bewirken (oder einen Anstieg verhindern), was durch weniger subjektive Entscheidungen hätte vermieden werden können.</p> |
|--|--|--|

|  |  |  |
|--|--|--|
|  |  | <p><b>Abhängigkeit von Mitarbeitern in Schlüsselpositionen</b><br/>Sollte der Referenz-Portfolio Advisor die Dienste bestimmter Schlüsselpersonen verlieren, könnte dies die Fähigkeit des Referenz-Portfolio Advisors beeinflussen, seine Aufgaben zu erfüllen.</p> <p><b>Automatische Beendigung der Wertpapiere</b><br/>Gemäß den Bedingungen werden die Wertpapiere automatisch gekündigt und getilgt, wenn die Heemann Vermögensverwaltung GmbH, Grönau, Deutschland, in Übereinstimmung mit dem maßgeblichen Referenz-Portfolio Vertrag nicht mehr als Referenz-Portfolio Advisor fungiert. Dies kann einen erheblichen Einfluss auf den Wert der Wertpapiere haben.</p> <p><b>Potenzielle Interessenkonflikte</b><br/>Der Referenz-Portfolio Advisor kann nicht ausschließlich als Referenz-Portfolio Advisor im Hinblick auf das Referenz-Portfolio handeln, sondern kann zur selben Zeit als Vermögensverwalter oder Finanzberater für Wertpapiergläubiger handeln, was zu potenziellen Konflikten zwischen den Interessen der Wertpapiergläubiger und den Interessen des Referenz-Portfolio Advisors führen kann, insbesondere da der Referenz-Portfolio Advisor die Referenz-Portfolio Gebühr erhält.</p> |
|  | Risikohinweis darauf, dass der Anleger seinen Kapitaleinsatz ganz oder teilweise verlieren könnte. | Investoren tragen das Risiko der Verschlechterung der finanziellen Leistungsfähigkeit der Emittentin und der daraus folgenden möglichen Unfähigkeit der Emittentin ihren Verpflichtungen unter den Wertpapieren nachzukommen. Potenzielle Erwerber müssen deshalb bereit und in der Lage sein, Verluste des eingesetzten Kapitals bis hin zum Totalverlust hinzunehmen. In jedem Falle sollten Erwerber der Wertpapiere ihre jeweiligen wirtschaftlichen Verhältnisse daraufhin überprüfen, ob sie in der Lage sind, die mit dem Wertpapier verbundenen <b>Verlustrisiken</b> zu tragen.   |

Zudem kann ein oder können mehrere mit der Emittentin verbundene(s) Unternehmen Research-Berichte in Bezug auf die in dem virtuellen Referenz-Portfolio enthaltenen Referenz-Portfolio Bestandteile publizieren. Tätigkeiten der genannten Art können bestimmte Interessenkonflikte mit sich bringen und sich nachteilig auf den Wert der Wertpapiere auswirken.</p> <p>Im Zusammenhang mit dem Angebot und Verkauf der Wertpapiere kann die Emittentin oder ein mit ihr verbundenes Unternehmen, direkt oder indirekt, Gebühren in unterschiedlicher Höhe an die Berechtigten Anbieter zahlen oder Gebühren in unterschiedlichen Höhen einschließlich solcher im Zusammenhang mit dem Vertrieb der Wertpapiere durch die Berechtigten Anbieter erhalten. ## II. SECURITIES NOTE

### A. RISK FACTORS

The different risk factors associated with an investment in the Securities are outlined below. Investments in the Securities should not be made until all the factors relevant to the Securities have been acknowledged and carefully considered. When making decisions relating to investments in the Securities, potential investors should consider all information contained in the Prospectus and, **if necessary, consult their legal, tax, financial or other advisor.**

#### **I. Security specific Risks**

Investing in the Securities involves certain risks. Among others, these risks may take the form of equity market, commodity market, bond market, foreign exchange, interest rate, market volatility and economic and political risks and any combination of these and other risks. The material risks are presented below. Prospective investors should be experienced with regard to transactions in instruments such as the Securities and in the notional Reference Portfolio and its respective Reference Portfolio Components. **Prospective investors should understand the risks associated with an investment in the Securities and shall only reach an investment decision, after careful considerations with their legal, tax, financial and other advisors of (i) the suitability of an investment in the Securities in the light of their own particular financial, fiscal and other circumstances; (ii) the information set out in this document and (iii) the notional Reference Portfolio and its respective Reference Portfolio Components.**

An investment in the Securities should only be made after assessing the direction, timing and magnitude of potential future changes in the value of the notional Reference Portfolio, as the value of the Securities and, hence, any amount, if any, payable according to the Terms and Conditions of the Securities will be dependent, *inter alia*, upon such changes. More than one risk factor may have simultaneous effects with regard to the Securities, so that the effect of a particular risk factor is not predictable. In addition, more than one risk factor may have a compounding effect which may not be predictable. No assurance can be given with regard to the effect that any combination of risk factors may have on the value of the Securities.

Potential investors of the Securities should recognise that the Securities **constitute a risk investment** which can lead to a **total loss** of their investment in the Securities. Securityholders will incur a loss, if the amounts received in accordance with the Terms and Conditions of the Securities are below the purchase price of the Securities (including the transaction costs). Each investor bears the risk of the Issuer's financial situation worsening and the potential subsequent inability of the Issuer to pay its obligations under the Securities. Potential investors must therefore be prepared and able to sustain a partial or even a **total loss** of the invested capital. Any investors interested in purchasing the Securities should assess their financial situation, to ensure that they are in a position to bear the **risks of loss** connected with the Securities.

None of the Securities vests a right to payment of fixed or variable interest or dividends and, as such, they **generate no regular income**. Therefore, potential reductions in the value of the Securities cannot be offset by any other income from the Securities.

**It is expressly recommended that potential investors familiarise themselves with the specific risk profile of the product type described in this Prospectus and seek the advice of a professional, if necessary.**

1. **Special risks related to specific features of the Security structure**

Prior to investing in the Securities, potential investors should note that the following special features of the Securities may have a negative impact on the value of the Securities or, as the case may be, on any amount, if any, payable according to the Terms and Conditions of the Securities and that the Securities accordingly have special risk profiles:

**Currency exchange rate risk**

The value of the Reference Portfolio Components comprised in the notional Reference Portfolio may be determined in currencies other than the Redemption Currency. Potential investors should, therefore, be aware that investments in these Securities could entail risks due to fluctuating exchange rates, and that the risk of loss does not depend solely on the performance of the Reference Portfolio Components comprised in the notional Reference Portfolio, but also on unfavourable developments in the value of the foreign currency, currency unit or calculation unit.

Such developments can additionally increase the Securityholders' exposure to losses, because an unfavourable performance of the relevant currency exchange rate may correspondingly decrease the value of the purchased Securities during their term or, as the case may be, the level of the Redemption Amount or, as the case may be, the Termination Amount. Currency exchange rates are determined by factors of offer and demand on the international currency exchange markets, which are themselves exposed to economic factors, speculations and measures by governments and central banks (for example monetary controls or restrictions).

**Extension of the Term of the Securities at the option of the Issuer**

Potential investors in the Securities should also be aware that according to the Terms and Conditions of the Securities, the Issuer is entitled to extend, by giving notice to the Securityholder prior to the then existing Expiration Date (or any later expiration date resulting from any extension of the maturity of the Securities) the maturity of all then outstanding Securities for an additional period of five (5) years, in which case the "Expiration Date" shall be deemed to be the date falling five (5) years after the scheduled Expiration Date (the "**Issuer Extension Option**"). There is no limit to the number of times the Issuer may extend the maturity of the Securities. **In case that the Issuer exercises the Issuer Extension Option and unless a Securityholder terminates the Securities held by it in accordance with the Terms and Conditions of the Securities by exercising the Securityholder Non-Extension Option, investors in the Securities will receive any final payments under the Securities later than scheduled at the Issue Date of the Securities.**

2. **Effect of downgrading of the Issuer's rating**

The general assessment of the Issuer's creditworthiness may affect the value of the Securities. This assessment generally depends on the ratings assigned to the Issuer or its affiliated companies by rating agencies such as Standard & Poor's Credit Market Services Europe Limited, Fitch Ratings Limited, Moody's Investors Service, Inc. and Scope Ratings AG. As a result, any downgrading of the Issuer's rating by a rating agency may have a negative impact on the value of the Securities.

3. **Ratings are not Recommendations**

The ratings of UBS AG as Issuer should be evaluated independently from similar ratings of other entities, and from the rating, if any, of the debt or derivative securities issued. A credit rating is not a recommendation to buy, sell or hold securities issued or guaranteed by the rated entity and may be subject to review, revision, suspension, reduction or withdrawal at any time by the assigning rating agency.

A rating of the Securities, if any, is not a recommendation to buy, sell or hold the Securities and may be subject to revision or withdrawal at any time by the relevant rating agency. Each rating should be evaluated independently of any other securities rating, both in respect of the rating agency and the type of security. Furthermore, rating agencies which have not been hired by the Issuer or otherwise to rate the Securities could seek to rate the Securities and if such "unsolicited ratings" are lower than the equivalent rating assigned to the Securities by the relevant hired rating agency, such ratings could have an adverse effect on the value of the Securities.

4. **No statutory or voluntary deposit guarantee scheme**

The Issuer's obligations relating to the Securities are not protected by any statutory or voluntary deposit guarantee system or compensation scheme. **In the event of insolvency of the Issuer, investors may thus experience a total loss of their investment in the Securities.**

5. **Securityholders are exposed to the risk of a bail-in**

The Issuer and the Securities are subject to the Swiss Banking Act and the Swiss Financial Market Supervisory Authority's ("FINMA") bank insolvency ordinance, which empowers FINMA as the competent resolution authority to in particular apply under certain circumstances certain resolution tools to credit institutions. These measures include in particular the write-down or conversion of securities into common equity of such credit institution (the so called bail-in). A write-down or conversion would have the effect that the Issuer would insofar be released from its obligations under the Securities. Securityholders would have no further claim against the Issuer under the Securities. The resolution tools may, hence, have a significant negative impact on the Securityholders' rights by suspending, modifying and wholly or partially extinguishing claims under the Securities. In the worst case, this can lead to a **total loss of the Securityholders' investment in the Securities**.

Such legal provisions and/or regulatory measures may severely affect the rights of the Securityholders and may have a negative impact on the value of the Securities even prior to any non-viability or resolution in relation to the Issuer.

6. **The Conditions of the Securities do not contain any restrictions on the Issuer's or UBS's ability to restructure its business**

Over the past two years, UBS has undertaken a series of measures to improve the resolvability of the Group in response to too big to fail ("TBTF") requirements in Switzerland and other countries in which the Group operates. UBS Group AG completed an exchange offer for the shares of UBS AG and a procedure under the Swiss Stock Exchange and Securities Trading Act to squeeze out minority shareholders of UBS AG and as at the date of this Prospectus owns all of the outstanding shares of UBS AG and is the holding company for the UBS Group.

In June 2015, UBS AG transferred its Retail & Corporate and Wealth Management business booked in Switzerland to UBS Switzerland AG, a banking subsidiary of UBS AG in Switzerland.

In the UK, UBS completed the implementation of a more self-sufficient business and operating model for UBS Limited, under which UBS Limited bears and retains a larger proportion of the risk and reward in its business activities.

In the third quarter, UBS established UBS Business Solutions AG as a direct subsidiary of UBS Group AG, to act as the Group service company. UBS will transfer the ownership of the majority of its existing service subsidiaries to this entity. UBS expects that the transfer of shared service and support functions into the service company structure will be implemented in a staged approach through 2018. The purpose of the service company structure is to improve the resolvability of the Group by enabling UBS to maintain operational continuity of critical services should a recovery or resolution event occur.

UBS AG has established a new subsidiary, UBS Americas Holding LLC, which UBS intends to designate as its intermediate holding company for its US subsidiaries prior to the 1 July 2016 deadline under new rules for foreign banks in the US pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act ("**Dodd-Frank**"). During the third quarter of 2015, UBS AG contributed its equity participation in the principal US operating subsidiaries to UBS Americas Holding LLC to meet the requirement under Dodd-Frank that the intermediate holding company own all of UBS's US operations, except branches of UBS AG.

UBS has established a new subsidiary of UBS AG, UBS Asset Management AG, into which UBS expects to transfer the majority of the operating subsidiaries of Asset Management during 2016. UBS continues to consider further changes to the legal entities used by Asset Management, including the transfer of operations conducted by UBS AG in Switzerland into a subsidiary of UBS Asset Management AG.

UBS continues to consider further changes to the Group's legal structure in response to capital and other regulatory requirements, and in order to obtain any reduction in capital requirements for which the Group may be eligible. Such changes may include the transfer of operating subsidiaries of UBS AG to become direct subsidiaries of UBS Group AG, consolidation of operating subsidiaries in the European Union, and adjustments to the booking entity or location of products and services. These structural changes are being discussed on an ongoing basis with FINMA and other regulatory authorities, and remain subject to a number of uncertainties that may affect their feasibility, scope or timing.

The Terms and Conditions of the Securities contain no restrictions on change of control events or structural changes, such as consolidations or mergers or demergers of the Issuer or the sale, assignment, spin-off, contribution, distribution, transfer or other disposal of all or any portion of the Issuer's or its subsidiaries' properties or assets in connection with the announced changes to its legal structure or otherwise and no event of default, requirement to repurchase the Securities or other event will be triggered under the Terms and Conditions of the Securities as a result of such changes. There can be no assurance that such changes, should they occur, would not adversely affect the credit rating of the Issuer and/or increase the likelihood of the occurrence of an event of default. Such changes, should they occur, may adversely affect the Issuer's ability to pay interest on the Securities.

**7. Termination and Early Redemption at the option of the Issuer**

Potential investors in the Securities should furthermore be aware that the Issuer is under certain circumstances pursuant to the Terms and Conditions of the Securities, entitled to terminate and redeem the Securities in total prior to the Maturity Date. In case the Issuer terminates and redeems the Securities prior to the Maturity Date, the Securityholder is entitled to demand the payment of an amount in relation to this early redemption. However, the Securityholder is not entitled to request any further payments on the Securities after the Extraordinary Termination Date.

The Securityholder, therefore, bears the risk of not participating in the performance of the notional Reference Portfolio and its respective Reference Portfolio Components to the expected extent and during the expected period and, therefore, receives less than its capital invested.

In the case of a termination of the Securities by the Issuer, the Securityholder bears the risk of a reinvestment, *i.e.* the investor bears the risk that it will have to re-invest the Termination Amount, if any, paid by the Issuer in the case of termination at market conditions, which are less favourable than those existing prevailing at the time of the acquisition of the Securities.

**8. Possible fluctuations in the Level of the Reference Portfolio after termination of the Securities**

In the event that the term of the Securities is terminated early by the Issuer pursuant to the Terms and Conditions of the Securities, potential investors of the Securities should note that any adverse fluctuations in the Level of the notional Reference Portfolio between the announcement of the termination by the Issuer and the determination of the level of the notional Reference Portfolio relevant for the calculation of the then payable Termination Amount are borne by the Securityholders.

**9. Adverse impact of adjustments of the Security Right**

It cannot be excluded that certain events occur or certain measures are taken (by parties other than the Issuer) in relation to the notional Reference Portfolio, which potentially lead to changes to the notional Reference Portfolio or result in the underlying concept of the notional Reference Portfolio being changed, so-called potential adjustment events. In the case of the occurrence of a potential adjustment event, the Issuer shall be entitled to effect adjustments according to the Terms and Conditions of the Securities to account for these events or measures. The adjustments to the Stock Constituents comprised in the notional Reference Portfolio might have a negative impact on the value of the Securities.

**10. Substitution of the Issuer**

Provided that the Issuer is not in default with its obligations under the Securities, the Issuer is in accordance with the Terms and Conditions of the Securities, at any time entitled, without the consent of the Securityholders, to substitute another company within the UBS Group as issuer (the "**Substitute Issuer**") with respect to all obligations under or in connection with the Securities.

This may impact any listing of the Securities and, in particular, it may be necessary for the Substitute Issuer to reapply for listing on the relevant market or stock exchange on which the Securities are listed. In addition, following such a substitution, Securityholders will become subject to the credit risk of the Substitute Issuer

**11. Determinations by the Calculation Agent**

The Calculation Agent has certain discretion under the Terms and Conditions of the Securities (i) to determine whether certain events have occurred (in particular, the occurrence of a potential adjustment event or a Market Disruption in accordance with the Terms and Conditions of the Securities), (ii) to determine any resulting adjustments and calculations, (iii) also to make adjustments to the Reference Portfolio and (iv) to postpone valuations or payments under the Securities. The Calculation Agent will make any such determination at its reasonable discretion and in a commercially

reasonable manner. Potential investors should be aware that any determination made by the Calculation Agent may have an impact on the value and financial return of the Securities. Any such discretion exercised by, or any determination made by, the Calculation Agent shall (save in the case of manifest error) be final, conclusive and binding on the Issuer and the Securityholders.

**12. Other factors affecting the value**

The value of a Security is determined not only by changes in the notional Reference Portfolio, but also by a number of other factors. Since several risk factors may have simultaneous effects on the Securities, the effect of a particular risk factor cannot be predicted. In addition, several risk factors may have a compounding effect which may not be predictable. No assurance can be given with regard to the effect that any combination of risk factors may have on the value of the Securities.

These factors include the term of the Securities, the frequency and intensity of price fluctuations (volatility), as well as the prevailing interest rate and dividend levels. A decline in the value of the Security may therefore occur even if the Level of the notional Reference Portfolio remains constant.

Prospective investors of the Securities should be aware that an investment in the Securities involves a valuation risk with regard to the notional Reference Portfolio. They should have experience with transactions in securities with a value derived from the notional Reference Portfolio and its respective Reference Portfolio Components. The value of the notional Reference Portfolio may vary over time and may increase or decrease by reference to a variety of factors which may include macro economic factors and speculation. In addition, the historical performance of the notional Reference Portfolio and its respective Reference Portfolio Components is not an indication of its future performance. Changes in the prices in relation to the notional Reference Portfolio and its respective Reference Portfolio Components will affect the trading price of the Securities, and it is impossible to predict whether the prices in relation to the notional Reference Portfolio and its respective Reference Portfolio Components will rise or fall.

**13. Effect of ancillary costs**

Commissions and other transaction costs incurred in connection with the purchase or sale of Securities may result in charges, particularly in combination with a low order value, **which can substantially reduce any Redemption Amount, if any, to be paid under the Securities.** Before acquiring a Security, potential investors should therefore inform themselves of all costs incurred through the purchase or sale of the Security, including any costs charged by their custodian banks upon purchase and maturity of the Securities.

**14. Transactions to offset or limit risk**

Potential investors of the Securities should not rely on the ability to conclude transactions at any time during the term of the Securities that will allow them to offset or limit relevant risks. This depends on the market situation and the prevailing conditions. Transactions designed to offset or limit risks might only be possible at an unfavourable market price that will entail a loss for investors.

**15. Trading in the Securities / Illiquidity**

It is not possible to predict if and to what extent a secondary market may develop in the Securities or at what price the Securities will trade in the secondary market or whether such market will be liquid or illiquid.

Applications will be made for inclusion of the Securities on the unofficial regulated market (*Third Section*) of the Frankfurt Stock Exchange and the Stuttgart Stock Exchange. If the Securities are admitted or listed, no assurance is given that any such admission or listing will be maintained. The fact that the Securities are admitted to trading or listed does not necessarily denote greater liquidity than if this were not the case. If the Securities are not listed or traded on any exchange, pricing information for the Securities may be more difficult to obtain and the liquidity of the Securities, if any, may be adversely affected. The liquidity of the Securities, if any, may also be affected by restrictions on the purchase and sale of the Securities in some jurisdictions. Additionally, the Issuer has the right (but no obligation) to purchase Securities at any time and at any price in the open market or by tender or private agreement. Any Securities so purchased may be held or resold or surrendered for cancellation.

In addition, it cannot be excluded that the number of Securities actually issued and purchased by investors is less than the intended Issue Size of the Securities. Consequently, there is the risk that due to the low volume of Securities actually issued the liquidity of the Securities is lower than if all

Securities were issued and purchased by investors.

UBS Limited, 1 Finsbury Avenue, London EC2M 2PP, United Kingdom (the "**Manager**") intends, under normal market conditions, to provide bid and offer prices for the Securities of an issue on a regular basis. However, the Manager makes no firm commitment to the Issuer to provide liquidity by means of bid and offer prices for the Securities, and assumes no legal obligation to quote any such prices or with respect to the level or determination of such prices. **Potential investors therefore should not rely on the ability to sell Securities at a specific time or at a specific price.**

**16. Representation and Custody of the Securities**

Securities under this Securities Note are issued in uncertificated and dematerialised form to be registered in book-entry form with the relevant Clearing System or on its behalf.

Consequently, Securityholders will have to rely on procedures of the relevant Clearing System and the applicable laws for transfer, payment and communication with the Issuer.

The Issuer has no responsibility or liability under any circumstances for any acts and omissions of any Clearing Systems or any intermediary/FISA Depository as well as for any losses which might occur to a Securityholder out of such acts and omissions.

**17. Pricing of Securities**

Unlike most other securities the pricing of these Securities is regularly not based on the principle of offer and demand in relation to Securities, since the secondary market traders might quote independent bid and offer prices. This price calculation is based on price calculation models prevailing in the market, whereas the theoretical value of the Securities is, in principle, determined on the basis of the value of the Reference Portfolio Components comprised in the notional Reference Portfolio and the value of other features attached to the Securities, each of which features may, in economic terms, be represented by another derivative financial instrument.

The potentially quoted prices do not necessarily correspond to the Securities' intrinsic value as determined by a trader.

**18. Expansion of the spread between bid and offer prices**

In special market situations, where the Issuer is completely unable to conclude hedging transactions, or where such transactions are very difficult to conclude, the spread between the bid and offer prices may be temporarily expanded, in order to limit the economic risks to the Issuer. Therefore, Securityholders who wish to sell their Securities via a stock exchange or in the over-the-counter trading might sell at a price considerably lower than the actual price of the Securities at the time of their sale.

**19. Borrowed funds**

If the purchase of Securities is financed by borrowed funds and investors' expectations are not met, they not only suffer the loss incurred under the Securities, but in addition also have to pay interest on and repay the loan. This produces a substantial increase in investors' risk of loss. Investors of Securities should never rely on being able to redeem and pay interest on the loan through gains from a Securities transaction. Rather, before financing the purchase of a Security with borrowed funds, the investors' financial situations should be assessed, as to their ability to pay interest on or redeem the loan immediately, even if they incur losses instead of the expected gains.

**20. Effect of hedging transactions by the Issuer on the Securities**

The Issuer may use all or some of the proceeds received from the sale of the Securities to enter into hedging transactions relating to the risks incurred in issuing the Securities. In such a case, the Issuer or one of its affiliated companies may conclude transactions that correspond to the Issuer's obligations arising from the Securities. Generally speaking, this type of transaction will be concluded before or on the Issue Date of the Securities, although these transactions can also be concluded after the Securities have been issued. The Issuer or one of its affiliated companies may take the necessary steps for the closing out of any hedging transactions, on or prior to the Valuation Date. It cannot be excluded that the price of the Reference Portfolio Components comprised in the notional Reference Portfolio might, in certain cases, be affected by these transactions. In the case of Securities whose value depends on the occurrence of a specific event in relation to the notional Reference Portfolio, entering into or closing out such hedging transactions may affect the likelihood of this event occurring or not occurring.

21. **Taxation in relation to the Securities**

Potential investors should be aware that they may be required to pay taxes or other documentary charges or duties in accordance with the laws and practices of the country where the Securities are transferred or other jurisdictions. In some jurisdictions, no official statements of the tax authorities or court decisions may be available for innovative financial instruments such as the Securities. Potential investors are advised not to rely upon the tax summary contained in this Prospectus but to ask for their own tax adviser's advice on their individual taxation with respect to the acquisition, sale and redemption of the Securities. Only these advisors are in a position to duly consider the specific situation of the potential investor.

22. **Payments under the Securities may be subject to U.S. withholdings**

Investors in the Securities should be aware that payments under the Securities may under certain circumstances be subject to a U.S. withholding:

***Payments under the Securities may be subject to U.S. withholding under the US Tax Code***

Section 871(m) of the U.S. Tax Code requires withholding (up to 30%, depending on whether a treaty applies) on certain financial instruments (such as, *e.g.* the Securities) to the extent that the payments or deemed payments on the financial instruments are contingent upon or determined by reference to U.S.-source dividends. Under U.S. Treasury Department regulations, certain payments or deemed payments with respect to certain equity-linked instruments ("**specified ELIs**") that reference U.S. stocks or indices that include U.S. equities may be treated as dividend equivalents ("**dividend equivalents**") which are subject to U.S. withholding tax at a rate of 30% (or lower treaty rate). Under these regulations, withholding may be required even in the absence of any actual dividend-related payment or adjustment made pursuant to the Terms and Conditions of the Securities. **In case, e.g. (but not limited to) of a Stock Constituent comprised in the notion Reference Portfolio providing for dividends from sources within the United States, it is possible that these rules could apply to the Securities.**

Section 871(m) of the U.S. Tax Code and the applicable regulations may apply to Securities that are issued (or significantly modified) on or after 1 January 2017. In addition, with respect to Securities issued (or significantly modified) on or after 1 January 2016 and before 1 January 2017, Section 871(m) of the U.S. Tax Code may apply with respect to payments made on or after 1 January 2018. If an amount in respect of such U.S. withholding tax were to be deducted or withheld from payments on the Securities, none of the Issuer, any paying agent or any other person would, pursuant to the Terms and Conditions of the Securities, be required to pay additional amounts as a result of the deduction or withholding of such tax. **Securityholders should, consequently, be aware that payments under the Securities may under certain circumstances be subject to U.S. withholding tax and should consult with their tax advisors regarding the application of Section 871(m) of the US Tax Code and the regulations thereunder in respect of their acquisition and ownership of the Securities.**

***Payments under the Securities may be subject to U.S. withholding under FATCA***

The Foreign Account Tax Compliance Act ("**FATCA**") imposes a 30% U.S. withholding tax on payments of U.S. source interest, dividends and certain other passive income, and on the gross proceeds from the sale or other disposition of certain assets and on certain "passthru payments" attributable to such income or proceeds beginning 1 January 2017, made to certain foreign financial institutions (including most foreign hedge funds, private equity funds and other investment vehicles) unless the payee foreign financial institution agrees to disclose the identity of any U.S. individuals and certain U.S. entities that directly or indirectly maintain an account with, or hold debt or equity interests in, such institution (or the relevant affiliate) and to annually report certain information about such account or interest directly, or indirectly, to the IRS. FATCA also requires withholding agents making certain payments to certain non-financial foreign entities that fail to disclose the name, address, and taxpayer identification number of any substantial direct or indirect U.S. owners of such entity to withhold a 30% tax on such payments.

Accordingly, the Issuer and other foreign financial institutions may be required under FATCA to report certain account information directly to the IRS (or to a non-U.S. governmental authority under a relevant Intergovernmental Agreement entered into between the U.S. and such non-U.S. country that will pass such information on to the IRS) regarding the holders of the Securities. Moreover, the Issuer may be required to withhold on a portion of payments made on the Securities to holders who (i) fail to provide the relevant information, or (ii) foreign financial institutions who fail to comply with FATCA.

Securityholders holding their Securities through a foreign financial institution or other foreign entity should be aware that a portion of any payments under the Securities may be subject to 30%

withholding tax under FATCA. If an amount in respect of such withholding tax under FATCA were to be deducted or withheld from payments on the Securities, none of the Issuer, any paying agent or any other person would, pursuant to the Terms and Conditions of the Securities, be required to pay additional amounts as a result of the deduction or withholding of such tax. **Securityholders should, consequently, be aware that payments under the Securities may under certain circumstances be subject to U.S. withholding under FATCA and should consult with their tax advisors regarding the application of withholding tax under FATCA in respect of their acquisition and ownership of the Securities.**

### 23. Changes in Taxation in relation to the Securities

The considerations concerning the taxation of the Securities set forth in this Securities Note reflect the opinion of the Issuer on the basis of the legal situation identifiable as of the date hereof. However, a different tax treatment by the fiscal authorities and tax courts cannot be excluded. In addition, the tax considerations set forth in this Securities Note cannot be the sole basis for the assessment of an investment in the Securities from a tax point of view, as the individual circumstances of each investor also have to be taken into account. Therefore, the tax considerations set forth in this Securities Note are not to be deemed any form of definitive information or tax advice or any form of assurance or guarantee with respect to the occurrence of certain tax consequences. Potential investors should also be aware that the legal situation identifiable as of the date of the Securities Note may change, possibly with retroactive effect. Each investor should seek the advice of his or her personal tax consultant before deciding whether to purchase the Securities.

Neither the Issuer nor the Manager assumes any responsibility vis-à-vis the Securityholders for the tax consequences of an investment in the Securities.

### 24. Potential conflicts of interest

The Issuer and affiliated companies may participate in transactions related to the Securities in some way, for their own account or for account of a client. Such transactions may not serve to benefit the Securityholders and may have a positive or negative effect on the value of the Reference Portfolio Components comprised in the notional Reference Portfolio, and consequently on the value of the Securities. Furthermore, companies affiliated with the Issuer may become counterparties in hedging transactions relating to obligations of the Issuer stemming from the Securities. As a result, conflicts of interest can arise between companies affiliated with the Issuer, as well as between these companies and investors, in relation to obligations regarding the calculation of the price of the Securities and other associated determinations. In addition, the Issuer and its affiliates may act in other capacities with regard to the Securities, such as calculation agent, paying agent and administrative agent.

Furthermore, the Issuer and its affiliates may issue other derivative instruments relating to the notional Reference Portfolio; introduction of such competing products may affect the value of the Securities. The Issuer and its affiliated companies may receive non-public information relating to the notional Reference Portfolio, and neither the Issuer nor any of its affiliates undertakes to make this information available to Securityholders. In addition, one or more of the Issuer's affiliated companies may publish research reports in relation to the Reference Portfolio Components comprised in the notional Reference Portfolio. Such activities could present conflicts of interest and may negatively affect the value of the Securities.

Within the context of the offering and sale of the Securities, the Issuer or any of its affiliates may directly or indirectly pay fees in varying amounts to third parties, such as distributors or investment advisors, or receive payment of fees in varying amounts, including those levied in association with the distribution of the Securities, from third parties. Potential investors should be aware that the Issuer may retain fees in part or in full. The Issuer or, as the case may be, the Manager, upon request, will provide information on the amount of these fees.

## II. Reference Portfolio specific Risks

The Reference Portfolio aims to replicate the performance of (i) a long only basket of selected stocks (each a "**Stock<sub>0</sub>**" and together the "**Stocks**") or, as the case may be, American Depositary Receipts (each a "**Certificate representing Stocks<sub>0</sub>**" and together the "**Certificates representing Stocks**", where the Stocks and the Certificate representing Stocks are collectively also referred to as each a "**Stock Constituent<sub>0</sub>**" and together the "**Stock Constituents**") comprised in the MSCI World Developed Markets, MDAX<sup>®</sup> or TecDAX<sup>®</sup>, and (ii) from time to time, an EUR denominated cash position which shall be at all times equal to or greater than zero (the

"Cash Position"; which together with the Stock Constituents shall be referred to as the "Reference Portfolio Components"), less fees, costs and expenses, all as described in the sections "Key Terms and Definitions of the Securities" and "Information about the Reference Portfolio".

1. **General risks related to the notional Reference Portfolio**

Investors should be aware that some risks are related to the notional Reference Portfolio in general:

**Risk of fluctuations in value**

The performance of the notional Reference Portfolio is subject to fluctuations. Therefore, Securityholders cannot foresee what consideration they can expect to receive for the Securities they hold on a certain day in the future. When the Securities are redeemed, exercised or otherwise disposed of on a certain day, they may be worth a lot less than if they were disposed of at a later or earlier point in time.

**Uncertainty about future performance**

It is not possible to reliably predict the future performance of the notional Reference Portfolio and the Reference Portfolio Components respectively. Likewise, the historical data of the notional Reference Portfolio and the Reference Portfolio Components respectively, does also not allow for any conclusions to be drawn about the future performance of the notional Reference Portfolio and the Securities.

**Consequence of the linkage to a notional Reference Portfolio**

The Securities have the special feature that the calculation of the level of the Settlement Amount depends on the performance of a notional Reference Portfolio comprising several Reference Portfolio Components. As a result, fluctuations in the value of one Reference Portfolio Component may be offset or intensified by fluctuations in the value of other Reference Portfolio Components comprised in the notional Reference Portfolio. Even in the case of a positive performance of one or more Reference Portfolio Components comprised in the notional Reference Portfolio, the performance of notional Reference Portfolio as a whole may be negative if the performance of the other Reference Portfolio Components comprised in the notional Reference Portfolio is negative to a greater extent.

2. **Specific risks related to the notional Reference Portfolio**

In addition, the following risks are specifically related to the notional Reference Portfolio:

**Notional Reference Portfolio**

The notional Reference Portfolio is a synthetic portfolio which has been created and is managed and calculated solely for the purposes of being used as underlying of securities issued by UBS. There is no obligation on the Issuer to purchase or hold any Reference Portfolio Components and Securityholders have no rights in, or to require delivery of, any of such Reference Portfolio Components at any time. References to any balancing, rebalancing, disposal, acquisition or financing of a Reference Portfolio Component have to be understood as reference to a notional transaction and should not be construed as imposing any obligation on the Issuer or any of its affiliates or subsidiaries, the Manager, the Calculation Agent or any person actually directly or indirectly, physically or synthetically to acquire, dispose of or effect or take delivery of, or effect transactions in, any securities, investments or other property, but are references to the change in the value of, or in notional amounts to be determined for the purposes of calculating the value of, and relate solely to the calculation of the value of any amounts payable in respect of the Securities.

**Numerous Stock Constituents**

The notional Reference Portfolio is composed of numerous Stock Constituents. Despite the fact that Stock Constituents' diversification is designed to help to control declines in the value of the notional Reference Portfolio, it cannot be guaranteed that the use of numerous different Stock Constituents will be successful for these purposes and will not result in overall losses.

**Limited historic data of the Reference Portfolio**

The notional Reference Portfolio is initiated on 4 February 2016. Accordingly, as at the date of the Prospectus only limited historic data is available on the basis of which investors might evaluate the likely performance of the notional Reference Portfolio. The past performance of the Reference Portfolio Components notionally comprised in the notional Reference Portfolio (which generally do not reflect the same fee levels as the fees incurred in relation to the Reference Portfolio), is not necessarily indicative of the future performance for the notional Reference Portfolio.

**No payment of interest or dividends**

None of the Securities vests a right to payment of interest or dividends and, as such, they **generate no regular income**. Therefore, potential reductions in the value of the Security cannot be offset by any other income from the Security.

#### **Administration fees, costs and expenses in relation to the Reference Portfolio**

A quarterly Reference Portfolio advisory fee and an adjustment fee (levied for each adjustment) as well as quarterly UBS management fee will be deducted from the level of the Reference Portfolio and, hence, result in a reduction in the level of the Reference Portfolio.

#### **No limitation on the universe of Reference Portfolio Components**

There are no material restrictions on the instruments within the predefined universe of Reference Portfolio Components into which the Reference Portfolio Advisor may notionally invest.

#### **Currency exchange risks in relation to the Stock Constituents**

The Stock Constituents mirrored in the Reference Portfolio may be denominated in currencies other than EUR and, as a consequence, other than the Level of the Reference Portfolio and the Redemption Currency. Potential investors should, therefore, be aware that investments in the Securities could entail risks due to fluctuating exchange rates used for converting the Stock Constituents denominated in currencies other than EUR into EUR (for the purpose of determining the Level of the Reference Portfolio), and that the risk of loss does not depend solely on the performance of the Reference Portfolio and the Reference Portfolio Components, but also on unfavourable developments in the value of the relevant foreign currencies.

Such developments can additionally increase the Securityholders' exposure to losses, because an unfavourable performance of the relevant currency exchange rate may correspondingly decrease the value of the purchased Securities during their term or, as the case may be, the level of the Redemption Amount, if any. Currency exchange rates are determined by factors of offer and demand on the international currency exchange markets, which are themselves exposed to economic factors, speculations and measures by governments and central banks (for example monetary controls or restrictions).

#### **Composition of the Reference Portfolio**

The Reference Portfolio Advisor agreed with the Calculation Agent to adhere to specific guidelines (the "**Reference Portfolio Guidelines**") when selecting and adjusting the notional Reference Portfolio Components.

The selection of the initial Reference Portfolio Components, their weightings and any of the rebalancings is made in the reasonable discretion of the Reference Portfolio Advisor. Rebalancings will be effected by the Reference Portfolio Advisor having consulted the Calculation Agent.

The Calculation Agent has the right to reject constituents that form part of a Rebalancing, in particular (a) should a situation arise whereby the Issuer due to applicable rules, regulations and internal or external restrictions would not be permitted to hold investments in the envisaged Stock Constituents, (b) should a Market Disruption prevail on the date of the Rebalancing regarding the relevant constituents, (c) should the Issuer incur materially increased (as compared with circumstances existing on the Issue Date) amounts of tax, duty, expense or fee (other than brokerage commissions) to (A) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the price risk of issuing and performing its obligations with respect to the Securities, or (B) realise, recover or remit the proceeds of any such transaction(s) or asset(s), provided that any such materially increased amount that is incurred solely due to the deterioration of the creditworthiness of the Issuer shall not be considered, (d) the Issuer is unable, after using commercially reasonable efforts, to (A) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge price risks of issuing and performing its obligations with respect to the Securities, or (B) realise, recover or remit the proceeds of any such transaction(s) or asset(s), and (e) where the Rebalancing is not in line with these Reference Portfolio Guidelines.

The Reference Portfolio Advisor will select the Reference Portfolio Components with due diligence. No assurance can be made, however, that the selection of Reference Portfolio Components will be successful, and neither the Reference Portfolio Advisor nor the Calculation Agent are responsible for the market performance of the Reference Portfolio Components.

Notwithstanding the above, the Reference Portfolio Advisor is restricted by the Reference Portfolio Guidelines in its selection of Reference Portfolio Components; it may therefore lack the necessary flexibility to benefit from any market developments not covered by the Reference Portfolio Guidelines.

### 3. **Specific risks related to the notional Reference Portfolio Components**

Investors should be aware that some risks are related to the Stocks which will be comprised in the notional Reference Portfolio. Consequently, any investment in the Securities is, to a certain extent, subject to market risks similar to a direct investment in Stocks:

#### **Stocks comprised in the Reference Portfolio Components**

Potential investors should consider the following risks specifically related to Stocks used as Reference Portfolio Components:

#### **Specific risks related to the performance of shares**

The performance of a Stock used as the Reference Portfolio Component depends on the performance of the company issuing the shares. But even regardless of the financial position, cash flows, liquidity and results of operations of the company issuing the Stocks, the price of a Stock can be subject to fluctuations or adverse changes in value. In particular, the development of the Stock price can be influenced by the general economic situation and market sentiment.

#### **Similar risks to a direct investment in Stocks**

The market price of Securities with a Stock used as the Reference Portfolio Component depends on the performance of the Stock. The performance of a Stock may be subject to factors like the dividend or distribution policy, financial prospects, market position, corporate actions, shareholder structure and risk situation of the issuer of the share, short selling activities and low market liquidity as well as to political influences. Accordingly, an investment in Securities with a Stock used as the Reference Portfolio Component may bear similar risks to a direct investment in Stocks.

The performance of the Stock may be subject to factors outside the Issuer's sphere of influence, such as the risk of the relevant company becoming insolvent, insolvency proceedings being opened over the company's assets or similar proceedings under the laws applicable to the company being commenced or similar events taking place with regard to the company, which may result in a total loss for the Securityholder, or the risk that the share price is highly volatile. The issuer's dividend or distribution policy, its financial prospects, market position, any capitalisation measures, shareholder structure and risk situation may also affect the Stock price.

In addition, the performance of the Stocks depends particularly on the development of the capital markets, which in turn are dependent on the global situation and the specific economic and political environment. Stocks in companies with low or average market capitalisation may be subject to even higher risks (e.g. with regard to volatility or insolvency) than shares in larger companies. Furthermore, shares in companies with a low market capitalisation may be extremely illiquid due to smaller trading volumes. Stocks in companies having their seat or exerting their relevant operations in countries with a high legal uncertainty are subject to additional risks, such as the risk of governmental measures being taken or nationalisation taking place. This may result in the partial or total loss of the share's value. The realisation of these risks may result in Securityholders relating to such shares losing all or parts of the capital invested.

#### **Investors in the Securities have no shareholder rights**

The Securities constitute no interest in a Stock used as the Reference Portfolio Component including any voting rights or rights to receive dividends, interest or other distributions, as applicable, or any other rights with respect to the Stock. The Issuer and any of its affiliates may choose not to hold the Stocks or any derivatives contracts linked to the Stocks used as the Reference Portfolio Component. Neither the Issuer nor any of its affiliates is restricted from selling, pledging or otherwise conveying all right, title and interest in any Stocks or any derivatives contracts linked to the Stocks by virtue solely of it having issued the Securities.

#### **Currency risks**

In case of investments of the company, the Stock used as the Reference Portfolio Component being denominated in currencies other than the currency in which the Stock value is calculated, certain additional correlation risks may apply. These correlation risks depend on the degree of dependency of currency fluctuations of the relevant foreign currency to the currency in which the Stock value is calculated. Hedging transactions, if any, of the company may not exclude these risks.

**Issuer's conflicts of interest with regard to the Stocks**

It is possible that the Issuer or any of its affiliates hold shares in the company which has issued the Stock used as the Reference Portfolio Component which may result in conflicts of interest. The Issuer and any of its affiliates may also decide not to hold the Stock used as the Reference Portfolio Component, or not to conclude any derivative contracts linked to the Stock. Neither the Issuer nor any of its affiliates are limited in selling, pledging or otherwise assigning rights, claims and holdings regarding the Stock used as the Reference Portfolio Component or any derivative contracts relating to these Stocks.

**Certificates representing Stocks comprised in the Reference Portfolio Components**

Potential investors should consider the **following risks specifically related to Certificates representing Stocks used as Reference Portfolio Components:**

**Similar risks to a direct investment in Certificates representing Stocks and the Underlying Stocks respectively**

The Redemption Amount, if any, is determined by reference to the Level of the notional Reference Portfolio, comprising, inter alia, Certificates representing Stocks used as the Reference Portfolio Components. Certificates representing Stocks represent shares of a stock corporation (each a "Underlying Stock") and, as such, mirrors the performance of these Underlying Stocks. Consequently, any investment in the Securities is, to a certain extent, subject to market risks similar to a direct investment in the Certificates representing Stocks and the Underlying Stocks respectively.

Potential investors should, as a result, also consider the **risks specifically related to shares (as described above) related to the Underlying Stocks** when investing in the Securities.

**4. Specific risks related to the Reference Portfolio Advisor**

Additional risks are related to the Reference Portfolio Advisor.

**Dependence on the Reference Portfolio Advisor**

The success of the Reference Portfolio depends upon the Reference Portfolio Advisor selecting successful Reference Portfolio Components. There can be no assurance that the Reference Portfolio Advisor will be able to do so. In particular, subjective (as opposed to systematic) decisions made by the Reference Portfolio Advisor may cause the Reference Portfolio to decline (or not to increase) in a manner which less subjective decision making might have avoided.

**Reliance on Key Individuals**

The loss of one or more key individuals could have a material adverse effect on the Reference Portfolio Advisor's ability to perform its responsibilities in relation to the Reference Portfolio.

**Automatic Termination of the Securities**

According to the Terms and Conditions of the Securities, the Securities will be automatically terminated and redeemed, in case that the Heemann Vermögensverwaltung GmbH, Grönau, Germany, ceases in accordance with the relevant Reference Portfolio Advisor agreement to act as Reference Portfolio Advisor. This could have a considerable impact on the value of the Securities.

**Potential conflicts of interest**

The Reference Portfolio Advisor may not only act as Reference Portfolio Advisor with regard to the Reference Portfolio, but may at the same time act as asset manager or financial consultant with regard to Securityholders, which may induce potential conflicts between the Securityholders' interests and the Reference Portfolio Advisor's interests, especially because the Reference Portfolio Advisor receives part of the Reference Portfolio Management Fee.

## B. GENERAL INFORMATION ON THE PROSPECTUS

### 1. Important Notice

The Prospectus, comprising the Summary, the Securities Note and the Registration Document, should be read and construed in conjunction with any supplement thereto and must be interpreted accordingly.

No person has been authorised to give any information or to make any representation not contained in or not consistent with the Prospectus or any other document entered into in relation to the Prospectus or any information supplied by the Issuer or such other information as is in the public domain and, if given or made, such information or representation should not be relied upon as having been authorised by the Issuer or UBS Limited, 1 Finsbury Avenue, London EC2M 2PP, United Kingdom (the "**Manager**").

Neither the delivery of the Prospectus nor the offering, sale or delivery of any Security shall, in any circumstances, create any implication that the information contained in the Prospectus is true subsequent to the date hereof or the date upon which the Prospectus has been most recently amended or supplemented or that there has been no adverse change, or any event reasonably likely to involve any adverse change, in the prospects or financial or trading position of the Issuer since the date thereof or, if later, the date upon which the Prospectus has been most recently amended or supplemented or that any other information supplied in connection with the Prospectus is correct at any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same. In case of any significant new factor or material mistake relating to the information included in the Prospectus which is capable of affecting the assessment of the Securities which arises or is noted after the time the Prospectus is approved and before the final closing of the offer to the public or the time when the quotation of the securities commences or trading on an organised market begins, such information shall be mentioned in a supplement to the prospectus pursuant to section 16 of the German Securities Prospectus Act (*Wertpapierprospektgesetz* - "**WpPG**").

The distribution of the Prospectus and any offering material relating to the Securities and the offering, sale and delivery of the Securities in certain jurisdictions may be restricted by law. Nobody may use the Prospectus for the purpose of an offer or solicitation if in any jurisdiction such use would be unlawful. Persons into whose possession the Prospectus comes are required by the Issuer and the Manager to inform themselves about and to observe any such restrictions. For a description of certain restrictions on offers, sales and deliveries of Securities and on the distribution of the Prospectus and other offering material relating to the Securities, see "*Subscription and Sale*". In particular, this document may only be communicated or caused to be communicated in the United Kingdom in circumstances in which section 21(1) of the Financial Services and Markets Act 2000 does not apply. Additionally, Securities issued under the Prospectus will not be registered under the United States Securities Act of 1933, as amended, and are, being issued in bearer form, subject to U.S. tax law requirements. Therefore, subject to certain exceptions, the Securities may not be offered, sold or delivered within the United States or to U.S. persons.

The Prospectus should not be considered as a recommendation by the Issuer or the Manager to purchase the Securities.

### 2. Responsibility Statement

UBS AG, having its registered offices at Bahnhofstrasse 45, 8001 Zurich, Switzerland, and Aeschenvorstadt 1, 4051 Basle, Switzerland, as Issuer accepts responsibility for the content of the Prospectus and declares that the information contained in the Prospectus is, to the best of its knowledge, accurate and that no material facts have been omitted.

Where the Prospectus contains information obtained from third parties, such information has been accurately reproduced and as far as the Issuer is aware and is able to ascertain from information published by such third party, no facts have been omitted which would render the reproduced information inaccurate or misleading.

The Issuer accents that following the date of the Prospectus, significant new factors or material mistake relating to the information included in the Prospectus may occur, which are capable of affecting the assessment of the Securities and render the information contained in the Prospectus incorrect or incomplete. Such supplemental information will only be published in a supplement to the Prospectus pursuant to section 16 WpPG.

### 3. Consent to use the Prospectus

The Issuer consents to the use of the Prospectus in connection with any offer of Securities that is not made within an exemption from the requirement to publish a prospectus under the Prospectus Directive (a "**Public Offer**") of the Securities by the Manager and Heemann Vermögensverwaltung GmbH, Grönau, Germany, (each an "**Authorised Offeror**") on the following basis:

- (a) the relevant Public Offer must occur as long as the Prospectus is valid in accordance with § 9 of the German Securities Prospectus Act (*Wertpapierprospektgesetz, WpPG*) (the "**Offer Period**"),
- (b) the relevant Public Offer may only be made in the Federal Republic of Germany and the Grand Duchy of Luxembourg, each a "**Public Offer Jurisdiction**", and
- (c) any Authorised Offeror which is not the Manager must comply with the restrictions set out in "Subscription and Sale" as if it were the Manager.

The Issuer accepts responsibility in the Public Offer Jurisdictions for which it has given consent referred to herein for the content of the Prospectus in relation to any person (an "**Investor**") in a Public Offer Jurisdiction to whom an offer of any Securities is made an Authorised Offeror, where the offer is made during the Offer Period and is in compliance with all other conditions attached to the giving of the consent. However, the Issuer has no responsibility for any of the actions of an Authorised Offeror, including compliance by such Authorised Offeror with applicable conduct of business rules or other local regulatory requirements or other securities law requirements in relation to such offer.

The Issuer reserves the right to withdraw its consent to the use of the Prospectus in relation to the Authorised Offerors. Any new information with respect to financial intermediaries unknown at the time of the approval of the Prospectus will be published on the website [www.ubs.com/keyinvest](http://www.ubs.com/keyinvest) or any successor address notified by the Issuer to the Securityholders for this purpose by way of publication on [www.ubs.com/keyinvest](http://www.ubs.com/keyinvest).

The consent referred to above relates to Public Offers occurring as long as the Prospectus is valid in accordance with section 9 of the German Securities Prospectus Act (*Wertpapierprospektgesetz* - "**WpPG**").

The Issuer has not authorised the making of any Public Offer of any Securities by any person in any circumstances and such person is not permitted to use the Prospectus in connection with its offer of any Securities unless (1) the offer is made by an Authorised Offeror as described above or (2) the offer is otherwise made in circumstances falling within an exemption from the requirement to publish a prospectus under the Prospectus Directive. Any such unauthorised offers are not made by or on behalf of the Issuer, the Authorised Offerors and none of the Issuer or the Authorised Offerors has any responsibility or liability for the actions of any person making such offers.

An Investor intending to acquire or acquiring any Securities from an Authorised Offeror will do so, and offers and sales of the Securities to an Investor by an Authorised Offeror will be made, in accordance with any terms and other arrangements in place between such Authorised Offeror and such Investor including as to price, allocation, settlement arrangements and any expenses or taxes to be charged to the Investor (the "**Terms and Conditions of the Public Offer**"). The Issuer will not be a party to any such arrangements with Investors (other than the Authorised Offeror) in connection with the offer or sale of the Securities and, accordingly, the Prospectus will not contain such information. The Terms and Conditions of the Public Offer shall be provided to Investors by an Authorised Offeror at the relevant time. None of the Issuer or an Authorised Offeror has any responsibility or liability for such information.

**Any Authorised Offeror will provide information to investors on the Terms and Conditions of the Public Offer of the Securities at the time such Public Offer is made by such Authorised Offeror to the investor.**

## C. GENERAL INFORMATION ON THE SECURITIES

### 1. Object of the Prospectus / Type of Securities

The object of this Prospectus are the Broad Peak Developed Markets Basket Certificates (ISIN CH0298156362; WKN UBS1HE; Valor 29815636), issued by UBS AG in accordance with Swiss law in the size of 200,000 Securities (the "**Issue Size**").

The Securities are not capital protected.

The Securities are each linked to the notional Euro ("**EUR**") denominated Broad Peak Developed Markets Basket Reference Portfolio (the "**Underlying**" or the notional "**Reference Portfolio**"), actively managed, created and maintained by Heemann Vermögensverwaltung GmbH, Grönau, Germany, (the "**Reference Portfolio Advisor**") and subject to adjustments by the Issuer in case of the occurrence of Potential Adjustment Events pursuant to the Terms and Conditions of the Securities. The Reference Portfolio aims to replicate the performance of (i) a long only basket of selected stocks (each a "**Stock<sub>0</sub>**" and together the "**Stocks**") or, as the case may be, American Depositary Receipts (each a "**Certificate representing Stocks<sub>0</sub>**" and together the "**Certificates representing Stocks**", where the Stocks and the Certificate representing Stocks are collectively also referred to as each a "**Stock Constituent<sub>0</sub>**" and together the "**Stock Constituents**") comprised in the MSCI World Developed Markets, MDAX<sup>®</sup> or TecDAX<sup>®</sup>, and (ii) from time to time, an EUR denominated cash position which shall be at all times equal to or greater than zero (the "**Cash Position**"; which together with the Stock Constituents shall be referred to as the "**Reference Portfolio Components**"), less fees, costs and expenses, all as described in the sections "Key Terms and Definitions of the Securities" and "Information about the Reference Portfolio".

**For the avoidance of doubt:** Whilst the Redemption Amount is linked to the market value of the Reference Portfolio Components, the Issuer is not obliged to invest the net proceeds of the issuance of the Securities in any Reference Portfolio Component at any time; the net proceeds will be used for hedging and general corporate purposes of the Issuer only. The Securityholders do not have any direct interest in, or beneficial ownership of any Reference Portfolio Component at any time.

### 2. Law governing the Securities

The Securities issued by the Issuer are governed by Swiss law.

### 3. Status of the Securities

The Securities constitute direct, unsecured and unsubordinated obligations of the Issuer, ranking *pari passu* among themselves and with all other present and future unsecured and unsubordinated obligations of the Issuer, other than obligations preferred by mandatory provisions of law.

### 4. Form of the Securities

The Securities are issued as uncertificated securities (*Wertrechte*; "**Uncertificated Securities**") pursuant to article 973c of the Swiss Code of Obligations ("**CO**"). Uncertificated Securities are registered in the main register of a Swiss depository (*Verwahrungsstelle*; "**FISA Depository**") according to the Swiss Federal Act on Intermediated Securities ("**FISA**"). Upon (a) entering the Uncertificated Securities into the main register of a FISA Depository and (b) booking the Securities into a securities account at a FISA Depository, the Uncertificated Securities will constitute intermediated securities within the meaning of the FISA (*Bucheffekten*; "**Intermediated Securities**"). The Issuer has instructed SIX SIS AG, Baslerstrasse 100, CH-4600 Olten, Switzerland, ("**SIS**") to also act as FISA Depository, but reserves the right to choose any other FISA Depository, including UBS AG.

The records of the FISA Depository will determine the number of Uncertificated Securities held through each participant of the FISA Depository. In respect of Uncertificated Securities held in the form of Intermediated Securities, the holders of such Uncertificated Securities will be the persons holding such Uncertificated Securities in a securities account (*Effektenkonto*) that is in their name, or, in the case of intermediaries (*Verwahrungsstellen*), the intermediaries holding such Uncertificated Securities for their own account in a securities account that is in their name (and the terms "Securityholder" and "holder of Securities" and related

expressions shall be construed accordingly). Intermediated Securities are transferred and otherwise disposed of in accordance with the provisions of the FISA and the relevant agreements with the respective FISA Depository (in particular, neither the Intermediated Securities nor any rights pertaining to the Intermediated Securities may be transferred by way of assignment pursuant to articles 164 et seq. CO without the prior written consent of the Issuer).

The holders of the Securities shall at no time have the right to demand (a) conversion of Uncertificated Securities into physical securities and/or (b) delivery of physical securities. For the avoidance of doubt and regardless of such conversion, Uncertificated Securities will at any time constitute Intermediated Securities.

## 5. Clearing and Settlement of the Securities

### General

The Securities are cleared through SIX SIS AG ("SIS" or the "Clearing System").

### SIX SIS AG

SIS is a wholly owned subsidiary of SIX Group Ltd. and is a bank supervised by the Swiss Financial Market Supervisory Authority.

SIS acts as the central securities depository and settlement institution for the following Swiss securities: equities, government and private sector bonds, money market instruments, exchange traded funds, conventional investment funds, structured products, warrants and other derivatives. Apart from providing custody and settlement for Swiss securities, SIS acts as global custodian and offers its participants access to custody and settlement in foreign financial markets. SIS offers direct links to other international central securities depositories and central securities depositories including Clearstream, Germany, Euroclear and Clearstream, Luxembourg.

The address of SIS is SIX SIS AG, Baslerstrasse 100, CH-4600 Olten, Switzerland.

## 6. Listing or Trading of the Securities

The Issuer intends to apply for the listing of the Securities at Frankfurt Stock Exchange (Third Section) and Stuttgart Stock Exchange (Third Section). First trading day is expected to be the Initial Payment Date (as defined in section "F. Subscription and Sale – 2. Purchase and Delivery of the Securities" on page 97 of this Summary and Securities Note). Provided that the Securities have not been terminated by the Issuer prior to the Expiration Date, trading of the Securities shall cease two Business Days prior to the Expiration Date.

## 7. Maturity of the Securities; Issuer Extension Option

Subject to the Issuer Extension Option (as defined below), the Securities expire – provided that the Securities are not terminated or expired early in accordance with the Terms and Conditions of the Securities – on 4 February 2021 (the "Expiration Date").

The Issuer is in accordance with the Terms and Conditions of the Securities entitled to extend, by giving notice to the Securityholder prior to the then existing Expiration Date (or any later expiration date resulting from any extension of the maturity of the Securities) the maturity of all then outstanding Securities for additional periods of five years each (the "Issuer Extension Option"). There is no limit to the number of times the Issuer may extend the maturity of the Securities. In case that the Issuer exercises the Issuer Extension Option and unless a Securityholder reject such Issuer Extension Option in relation to the Securities held by it in accordance with the Terms and Conditions of the Securities, investors in the Securities will receive any final payments under the Securities later than scheduled at the Issue Date of the Securities.

## 8. Functioning of the Securities and Dependency on the Underlying

The Securities allow investors to participate, considering the fees on the level of the notional Reference Portfolio, in the positive development of the notional Reference Portfolio. Conversely, investors in the Securities also participate in the negative development of the notional Reference Portfolio.

With the purchase of each (1) Security, the investor acquires the right, under certain conditions and as provided for in the Terms and Conditions of the Securities, to demand from the Issuer the payment of the Settlement Amount in the Redemption Currency, if applicable, commercially rounded to two decimal points (the “**Redemption Amount**”) (the “**Security Right**”) all as defined in the section “Key Terms and Definitions of the Securities”. **For the avoidance of doubt:** Whilst the Redemption Amount may be linked to the market value of the Reference Portfolio Components, the Issuer is not obliged to invest the proceeds of the issuance of the Securities in any Reference Portfolio Components at any time and the Securityholders do not have any interest in any Reference Portfolio Components at any time.

The value of the Securities during their term depends on the performance of the notional Reference Portfolio used as Underlying. In case the Level of the Reference Portfolio increases, also the value of the Securities (disregarding any special features of the Securities) will increase.

During their term, the Securities do not generate any regular income (e.g. dividends or interest).

## D. TERMS AND CONDITIONS OF THE SECURITIES

### Terms and Conditions of the Securities

*The following terms and conditions of the Securities (the “**Conditions**”), comprising the Special Conditions of the Securities and the General Conditions of the Securities, shall be read in conjunction with, and are subject to, the “Key Terms and Definitions of the Securities” (together, the “**Terms and Conditions**”).*

*The Terms and Conditions of the Securities are composed of*

- Part 1: Key Terms and Definitions of the Securities
- Part 2: Special Conditions of the Securities
- Part 3: General Conditions of the Securities

## Terms and Conditions of the Securities Part 1: Key Terms and Definitions of the Securities

The Securities use the following definitions and have, subject to an adjustment according to the Terms and Conditions of the Securities, the following key terms, both as described below in alphabetical order. The following does not represent a comprehensive description of the Securities, and is subject to and should be read in conjunction with the Conditions of the Securities, the general offering terms of the Securities and all other sections of this Prospectus.

### A.

**Aggregate Amount of the Issue:** Issue Price x Issue Size.

**American Depositary Receipt:** American Depositary Receipt means a negotiable instrument issued by a United States commercial bank acting as a depository that represents a specified number of Underlying Shares issued by an entity organised outside the United States held in a safekeeping account with the depository's custodian.

### B.

**Business Day:** The Business Day means any day on which (i) commercial banks in London, Frankfurt am Main and Zurich are open for business, and (ii) the Trans-European Automated Real-time Gross settlement Express Transfer System ("TARGET2") is open.

### C.

**CA Rules:** CA Rules means any regulation and operating procedure applicable to and/or issued by the Clearing System.

**Clearing System:** Clearing System means SIX SIS AG, Baslerstrasse 100, CH-4600 Olten, Switzerland ("SIS") or any successor in this capacity. The term "Clearing System" shall refer to all Clearing Systems.

**Commissions:** The Issuer may grant turnover-related sales and recurring commissions to distributors as indicated in (i) to (iv). Sales commissions are paid out of the issue proceeds as a one-off payment; alternatively the Issuer may grant an agio on the issue price to the distributor. Recurring commissions are paid regularly depending on the respective securities volume. If UBS acts as Issuer and distributor the relevant commissions are internally booked in favour of the distributing organisational unit.

- (i) Underwriting and/or placing fee: none
- (ii) Selling commission: none
- (iii) Listing Commission: none
- (iv) Other: none

**Constituents Business Day:** Constituents Business Day in respect of any Constituent means, any day on which (i) the Relevant Exchange and the Relevant Futures and Options Exchange are scheduled to be open for trading, notwithstanding any day on which they close for business prior to their regular weekday closing time and (ii) the Calculation Agent is open for business.

### E.

| <b>Reference Portfolio:</b>                           | The Reference Portfolio means the notional Euro ("EUR") denominated Broad Peak Developed Markets Basket Reference Portfolio (the " <b>Underlying</b> " or the notional " <b>Reference Portfolio</b> "), actively managed, created and maintained by Heemann Vermögensverwaltung GmbH, Grönau, Germany (the " <b>Reference Portfolio Advisor</b> ") and subject to adjustments by the Issuer in case of the occurrence of adjustment events (pursuant to § 7 (a) ( <i>Adjustments to the Reference Portfolio</i> ), § 7 (b) ( <i>Adjustments in relation to a Stock used as Reference Portfolio Component</i> ) and § 7 (c) ( <i>Adjustments in relation to a Certificate representing Stocks used as Reference Portfolio Component</i> ) of the Terms and Conditions of the Securities).  |

The Reference Portfolio is initiated on 4 February 2016 (the “**Reference Portfolio Creation Date**”) by the Reference Portfolio Advisor with an initial level of EUR 100.00 (the “**Initial Reference Portfolio Level**”).

The Reference Portfolio aims to replicate the performance of (i) a long only basket of selected stocks (each a “**Stock<sub>(i)</sub>**” and together the “**Stocks**”) or, as the case may be, American Depositary Receipts (each a “**Certificate representing Stocks<sub>(i)</sub>**” and together the “**Certificates representing Stocks**”), where the Stocks and the Certificate representing Stocks are collectively also referred to as each a “**Stock Constituent<sub>(i)</sub>**” and together the “**Stock Constituents**”) comprised in the MSCI World Developed Markets, MDAX<sup>®</sup> or TecDAX<sup>®</sup>, and (ii) from time to time, an EUR denominated cash position which shall be at all times equal to or greater than zero (the “**Cash Position**”; which together with the Stock Constituents shall be referred to as the “**Reference Portfolio Components**”), less fees, costs and expenses.

The Reference Portfolio, the Reference Portfolio Components and the rules in accordance with which the Reference Portfolio is managed by the Reference Portfolio Advisor are further described in the section “Information about the notional Reference Portfolio”, which forms part of the Conditions of the Securities.

**Reference Portfolio Calculation Date:** Reference Portfolio Calculation Date means each Constituent Business Day immediately succeeding a Reference Portfolio Valuation Date.

**Reference Portfolio Valuation Date:** Reference Portfolio Valuation Date means each Constituent Business Day.

**Relevant Exchange:** The Relevant Exchange<sub>(i)</sub> means the primary stock exchange, on which the Stock<sub>(i)</sub> or, as the case may be, Certificate representing Stocks<sub>(i)</sub> is primarily listed and publicly quoted and traded, as determined by the Calculation Agent at its reasonable discretion from time to time.

The term “Relevant Exchange<sub>(i)</sub>” shall also refer to all Relevant Exchanges<sub>(i=1)</sub> to <sub>(i=n)</sub>.

**Relevant Futures and Options Exchange:** The Relevant Futures and Options Exchange means the principal futures and options exchange(s), on which options and futures on the Stock<sub>(i)</sub> or, as the case may be, Certificate representing Stocks<sub>(i)</sub> as Stock Constituents of the Reference Portfolio are traded or quoted, as determined by the Calculation Agent at its reasonable discretion from time to time.

The term “Relevant Futures and Options Exchange<sub>(i)</sub>” shall also refer to all Relevant Futures and Options Exchanges<sub>(i=1)</sub> to <sub>(i=n)</sub>.

**S. Securities:** Securities means the Broad Peak Developed Markets Basket Certificates denominated in EUR and issued by the Issuer in the Issue Size with the security identification codes: ISIN CH0298156362; WKN UBS1HE; Valor 29815636.

The Securities are being issued as uncertificated securities (*Wertrechte*; “**Uncertificated Securities**”) in terms of article 973c of the Swiss Code of Obligations (“**CO**”), which constitute of intermediated securities (*Bucheffekten*; “**Intermediated Securities**”) in terms of the Swiss Federal Act on Intermediated Securities (*Bundesgesetzes über die Bucheffekten*; “**FISA**”) and will not be represented by definitive securities as defined in article 965 CO.

**Settlement Cycle:** Settlement Cycle means the number of days following a trade in a Stock<sub>(i)</sub> or, as the case may be, Certificate representing Stocks<sub>(i)</sub> of the Reference

Portfolio on Relevant Exchange in which settlement will customarily occur according to the rules of the Relevant Exchange.

Underwriting and/or placing fee:

See “Commissions”.

V.  
Valuation Date:

The Valuation Date means, **subject to any Market Disruption in accordance with § 9 of the Conditions of the Securities,**

(i) in case of a redemption of the Securities in accordance with § 1 of the Conditions of the Securities, the Expiration Date,

(ii) in case of a termination of the term of the Securities by the Issuer in accordance with § 2 (4) of the Conditions of the Securities, the relevant Issuer Termination Date,

(iii) in case of an automatic termination of the term of the Securities in accordance with § 3 of the Conditions of the Securities, the relevant Automatic Termination Date, and

(iv) in case of an extraordinary termination by the Issuer in accordance with § 8 of the Conditions of the Securities, the relevant Extraordinary Termination Date.

## Terms and Conditions of the Securities Part 2: Special Conditions of the Securities

### § 1 Security Right

#### (1) Security Right of the Securityholders

The Issuer hereby warrants the Securityholder (§ 4 (2)) of each (1) Security relating to the Level of the Reference Portfolio in accordance with these Conditions that such Securityholder shall have the right (the “**Security Right**”) to receive the Settlement Amount (§ 1 (2)) in the Redemption Currency, if applicable, commercially rounded to two decimal points (the “**Redemption Amount**”).

#### (2) Settlement Amount

The “**Settlement Amount**” is calculated in accordance with the following formula:

$$\text{EUR } 100.00 \times \text{Max} \left( 0; \frac{\text{Final Reference Portfolio Level}}{\text{Initial Reference Portfolio Level}} \right)$$

Where

The “**Final Reference Portfolio Level**” means, subject to a Market Disruption (§ 9 (1)), the value of the notional Reference Portfolio as determined by the Calculation Agent in relation to a Valuation Date, whereby the relevant value of the Reference Portfolio shall be the sum of

- (i) the sum of the sale proceeds as converted into EUR where applicable, using the then prevailing exchange rate, as determined by the Calculation Agent in its reasonable discretion, that would be realized by a notional investor (in the same position as the Issuer) when selling and/or, as the case may be, unwinding the Stock Constituents, then comprised in the notional Reference Portfolio **plus**
- (ii) the value of the Cash Position **minus**
- (iii) any accrued but not yet deducted Reference Portfolio Fees and Adjustment Fees.

**For the avoidance of doubt:** Whilst the Redemption Amount may be linked to the market value of the Reference Portfolio Components, the Issuer is not obliged to invest the proceeds of the issuance of the Securities in any Reference Portfolio Components at any time and the Securityholders do not have any interest in any Reference Portfolio Components at any time.

The “**Initial Reference Portfolio Level**” of the Reference Portfolio is equal to EUR 100.00.

#### (3) Determinations and Calculations in connection with the Security Right

Any determination and calculation in connection with the Security Right, in particular the calculation of the Redemption Amount, will be made by the Calculation Agent (§ 10). Determinations and calculations made in this respect by the Calculation Agent are final and binding for all participants except in the event of manifest error.

### § 2 Term of the Securities; Extension of the Term of the Securities; Termination by the Securityholders or the Issuer

#### (1) Term of the Securities

Subject to a termination of the Securities in accordance with these Conditions, the term of the Securities ends on the Expiration Date, unless the Issuer has exercised its right for extension of the term of the Securities in accordance with § 2 (2) of these Conditions.

**(2) Extension of the Term of the Securities**

The Issuer is entitled to extend, by giving notice to the Securityholder in accordance with § 12 of these Conditions (the “**Issuer Extension Option Exercise Notice**”) not less than one hundred eighty (180) calendar days prior to the scheduled Expiration Date (or any later expiration date resulting from any extension of the maturity of the Securities) the maturity of all outstanding Securities for additional periods of five (5) calendar years each (the “**Issuer Extension Option**”), in which case the “Expiration Date” shall be deemed to be the date falling five (5) calendar years after the initially scheduled Expiration Date.

There is no limit to the number of times the Issuer may extend the maturity of the Securities.

**(3) Securityholder's Termination Right**

Upon exercise of the Issuer Extension Option, each Securityholder is entitled to terminate the Securities outstanding and held by it in whole or in part by exercising its Securityholder Non-Extension Option not less than ninety (90) calendar days prior to the scheduled Expiration Date (or any later expiration date resulting from any extension of the maturity of the Securities).

For the exercise of the “**Securityholder Non-Extension Option**”, the Issuer must have received written and legally signed notice by the Securityholder stating his intention to exercise the Securityholder Non-Extension Option (the “**Exercise Notice**”). The Exercise Notice is irrevocable and binding and shall contain among other things (a) the name of the Securityholder, (b) the number of Securities to be terminated by such Securityholder and (c) the account of the Securityholder with a credit institution, to which the transfer of the Redemption Amount, if any, shall be effected.

Following the valid exercise of the Securityholder Non-Extension Option by the Securityholder, the relevant Securities of such Securityholder will be redeemed by the Issuer and the Securityholder is entitled to receive the relevant Redemption Amount (as defined in § 1(1) of these Conditions) per Security (so terminated), if any, payable on the Maturity Date in relation to the scheduled Expiration Date or, as the case may be, the scheduled extended Expiration Date.

**(4) Ordinary Termination by the Issuer**

The Issuer shall be entitled on each of 31 March, 30 June, 30 September and 31 December (each an “**Issuer Termination Date**”) for the first time on 31 March 2016 (including) to terminate and redeem, subject to a period of notice of forty-five (45) Business Days, all but not some of the Securities by way of publication pursuant to § 12 of these Conditions with effect as of the relevant Issuer Termination Date.

In the case of termination and redemption by the Issuer, the Issuer shall pay to each Securityholder with respect to each Security it holds, an amount equal to the Redemption Amount (as defined in § 1(1) of these Conditions) (the “**Termination Amount**”).

**§ 3****Automatic Termination of the Securities****(1) Security Right of the Securityholders in the case of the occurrence of an Automatic Termination Event**

In the case of the occurrence of an Automatic Termination Event (as defined below) the term of all outstanding Securities is automatically terminated on the Automatic Termination Date (as defined below) and each Securityholder shall have in accordance with these Conditions the Security Right to receive the Early Settlement Amount (§ 3 (3)) in the Redemption Currency, if applicable, commercially rounded to two decimal points (the “**Automatic Termination Amount**”).

**(2) Occurrence of an Automatic Termination Event**

The Issuer shall notify the Securityholders pursuant to § 12 of these Conditions without delay of (i) the occurrence of an Automatic Termination Event and (ii) of the day, on which the Automatic Termination Event has occurred (such day is referred to as the “**Automatic Termination Date**”) (but failure to give such notice, or non-receipt thereof, shall not affect the validity of the automatic termination of the term of the Securities).

In such context:

An “**Automatic Termination Event**” shall occur if Heemann Vermögensverwaltung GmbH, Grönau, Germany ceases to be or to act as Reference Portfolio Advisor.

### (3) Early Settlement Amount

The “**Early Settlement Amount**” is calculated in accordance with the following formula:

$$\text{EUR 100.00} \times \text{Max} \left( 0; \frac{\text{Early Reference Portfolio Level}}{\text{Initial Reference Portfolio Level}} \right)$$

Where

The “**Early Reference Portfolio Level**” means, subject to a Market Disruption (§ 9 (1)), the value of the notional Reference Portfolio as determined by the Calculation Agent in relation to the relevant Valuation Date, whereby the relevant value of the Reference Portfolio shall be the sum of

- (i) the sum of the sale proceeds as converted into EUR where applicable, using the then prevailing exchange rate, as determined by the Calculation Agent in its reasonable discretion, that would be realized by a notional investor (in the same position as the Issuer) when selling and/or, as the case may be, unwinding the Stock Constituents then comprised in the notional Reference Portfolio **plus**
- (ii) the value of the Cash Position **minus**
- (iii) any accrued but not yet deducted Reference Portfolio Fees and Adjustment Fees.

**For the avoidance of doubt:** Whilst the Automatic Termination Amount is linked to the market value of the Reference Portfolio Components, the Issuer is not obliged to invest the net proceeds of the issuance of the Securities in any Reference Portfolio Component at any time; the net proceeds will be used for hedging and general corporate purposes of the Issuer only. The Securityholders do not have any direct interest in, or beneficial ownership of any Reference Portfolio Component at any time.

## Terms and Conditions of the Securities Part 3: General Conditions of the Securities

### § 4

#### Form of Securities; Title and Transfer; Status

##### (1) Form of Securities

The Securities constitute Intermediated Securities. Intermediated Securities are fungible monetary or membership rights of an investor against an issuer which are credited to an investor's securities account with an intermediary pursuant to article 4 FISA (such as banks and securities dealers; *Verwahrungsstelle*; „FISA Depository“) and which are at the investor's disposal pursuant to the FISA (article 3 paragraph 1 FISA).

Intermediated Securities are created upon immobilization of actual securities or Uncertificated Securities (i.e. deposit of actual securities with a FISA Depository, or entry of Uncertificated Securities in the main register of FISA Depository) and a respective credit to a Securityholder's securities account with a FISA Depository (article 4 and 6 FISA). For each series of Securities one single FISA Depository keeps the main register which is available to the public. Securityholders may obtain information about their entitlement to Intermediated Securities of a certain series of Securities from their FISA Depository.

##### (2) Securityholder; Title and Transfer

“Securityholder” means any person acknowledged by Swiss law as legal owner of the Securities. The Securityholder shall, for all purposes, be treated by the Issuer and the Security Agents (§ 10 (1)) as the person entitled to such Securities and the person entitled to receive the benefits of the rights represented by such Securities.

Intermediated Securities are transferred upon a Securityholder's instruction of his/her FISA Depository and are then credited to the purchaser's securities account in accordance with articles 24 et seq. FISA and the terms and conditions of the agreements between a Securityholder and his/her FISA Depository. Securityholders may assert their rights linked to Intermediated Securities (*Rechte an Bucheffekten*) only through their FISA Depository. Neither the Intermediated Securities nor any rights pertaining to the Intermediated Securities may be transferred by way of assignment pursuant to articles 164 et seq. CO without the prior written consent of the Issuer.

Securityholders will not be entitled to demand delivery of Uncertificated Securities or actual securities (including Swiss Global Notes). Definitive Securities will not be printed.

##### (3) Status of the Securities

The Securities constitute direct, unsecured and unsubordinated obligations of the Issuer, ranking *pari passu* among themselves and with all other present and future unsecured and unsubordinated obligations of the Issuer, other than obligations preferred by mandatory provisions of law.

### § 5

#### Settlement; Period of Presentation

##### (1) Settlement of the Securities

The Issuer will, subject to a Market Disruption (§ 9 (1)) and in all cases subject to any applicable fiscal or other laws and regulations in the place of payment or other laws and regulations to which the Issuer agrees to be subject, procure on the relevant Maturity Date the payment of the Redemption Amount, of the Termination Amount, the Automatic Termination Amount, or of any other amount payable under the Conditions in relation to the relevant Maturity Date in the Redemption Currency to be credited via the Paying Agent to the account of the relevant Securityholder via the relevant FISA Depository pursuant to its applicable rules and regulations.

In accordance with Swiss law, claims of any kind against the Issuer arising under the Securities will be prescribed 10 years after the earlier of the date on which the early redemption or the date on which the ordinary redemption of the Securities has become due, except for claims for interests which will be prescribed five (5) years after maturity of such interest claims.

##### (2) Discharging effect

The Issuer shall be discharged from its redemption obligations or any other payment obligations under these Conditions of the Securities by delivery to the Clearing System in the manner described above.

### (3) Taxes, charges and/or expenses

All taxes, charges and/or expenses, if any, incurred in connection with the redemption of the Securities or any other payment or delivery obligations under these Conditions of the Securities shall be borne and paid by the relevant Securityholder. The Issuer and the Paying Agent, as the case may be, are entitled, but not obliged, to withhold from any required performance under these Conditions such taxes, charges and/or expenses as be paid by the Securityholder in accordance with the preceding sentence.

## § 6 Taxes

Payments in respect of the Securities shall in all cases only be made after deduction and withholding of current or future taxes, levies or governmental charges, regardless of their nature, which are imposed, levied or collected (the "Taxes") under any applicable system of law or in any country which claims fiscal jurisdiction by or for the account of any political subdivision thereof or government agency therein authorised to levy Taxes, to the extent that such deduction or withholding is required by law or administrative practice. The Issuer shall account for the deducted or withheld Taxes with the competent government agencies.

## § 7 (a) Adjustments to the Reference Portfolio

### (1) Changes in the calculation; Making of Adjustments

Any changes in the calculation (including corrections) of the Reference Portfolio or of the composition or of the weighting of the Reference Portfolio Components, on which the calculation of the Reference Portfolio is based, shall not lead to an adjustment of the Level of the Reference Portfolio unless the Issuer and the Calculation Agent, upon exercise of their reasonable discretion, determine that the underlying concept and the calculation (including corrections) of the Reference Portfolio are no longer comparable to the underlying concept or calculation of the Reference Portfolio applicable prior to such change. This applies especially, if due to any change the Level of the Reference Portfolio changes considerably, although the prices and weightings of the Stock Constituents included in the Reference Portfolio remain unchanged.

For the purpose of making any adjustments to of the Level of the Reference Portfolio the Issuer and the Calculation Agent shall at their reasonable discretion determine an adjusted Level of the Reference Portfolio as the basis of the determination of the Level of the Reference Portfolio, which in its result corresponds with the economic result prior to this change, and shall, taking into account the time the change occurred, determine the day, on which the adjusted Level of the Reference Portfolio used shall apply for the first time. The adjusted Level of the Reference Portfolio as well as the date of its first application shall be published without undue delay pursuant to § 12 of these Conditions.

### (2) Making of Adjustments and Determinations; Publication

The adjustments and determinations of the Issuer pursuant to the paragraphs above shall be effected by the Issuer at its reasonable discretion or, as the case may be, by the Calculation Agent and shall be published by the Issuer in accordance with § 12 of these Conditions. Any adjustment and determination shall be final, conclusive and binding on all parties, except where there is a manifest error.

## § 7 (b) Adjustments in relation to a Stock used as Reference Portfolio Component

### (1) Consequences of the occurrence of a Potential Adjustment Event

In the case of the occurrence of a Potential Adjustment Event (§ 7 (b) (2)) in relation to a Stock used as Reference Portfolio Component<sub>(i)</sub>, the Issuer shall be entitled to effect adjustments to these Conditions in a manner and relation corresponding to the relevant adjustments made with regard to options and futures on the Stock used as Reference Portfolio Component<sub>(i)</sub> traded on the Relevant Futures and Options Exchange (the "Future and Option Constituents") provided that the Record Date (as defined below) is prior to or on the Valuation Date.

If no such Future and Option Constituents are being traded on the Relevant Futures and Options Exchange, the adjustments may be effected by the Issuer in a manner as relevant adjustments would be made by the Relevant Futures and Options Exchange if those Future and Option Constituents were traded on the Relevant Futures and Options Exchange.

The “**Record Date**” will be the first trading day on the Relevant Futures and Options Exchange on which the adjusted Future and Option Constituents on the Stock used as Reference Portfolio Component<sub>(i)</sub> are traded on the Relevant Futures and Options Exchange or would be traded if those Future and Option Constituents were traded on the Relevant Futures and Options Exchange.

## (2) Occurrence of a Potential Adjustment Event

“**Potential Adjustment Event**” means any measure in relation to the Stock used as Reference Portfolio Component<sub>(i)</sub>, which gives reason, or would give reason, if the Future and Option Constituents were traded on the Relevant Futures and Options Exchange, as the case may be, to the Relevant Futures and Options Exchange for an adjustment to the Strike, the contract volume of the underlying, the ratio of the underlying or to the quotation of the stock exchange, relevant for the calculation and determination of the price of the share.

Adjustment Events are, *in particular*, but not limited to, the following measures, whereas, however, subject to § 7 (b) (3), the *de facto* or hypothetical decision of the Relevant Futures and Options Exchange is decisive:

- (i) The stock corporation, the share(s) of which is/are used as Reference Portfolio Component<sub>(i)</sub> (the “**Company**”) increases its share capital against deposits/contributions granting a direct or indirect subscription right to its shareholders, capital increase out of the Company’s own funds, through the issuance of new shares, directly or indirectly granting a right to its shareholders to subscribe for bonds or other securities with option or conversion rights to shares.
- (ii) The Company decreases its share capital through cancellation or combination of shares of the Company. No Adjustment Event shall occur, if the capital decrease is effected by way of reduction of the nominal amount of the shares of the Company.
- (iii) The Company grants exceptionally high dividends, bonuses or other cash or non-cash distributions (“**Special Distributions**”) to its shareholders. The distributions of regular dividends, which do not constitute Special Distributions, do not create any Adjustment Event. With regard to the differentiation between regular dividends and Special Distributions, the differentiation made by the Relevant Futures and Options Exchange shall prevail.
- (iv) In the case of a stock split (reduction of the nominal amount and corresponding increase in the number of shares without a change in the share capital) or a similar measure.
- (v) Offer to the shareholders of the Company pursuant to any proceeding under the jurisdiction applicable to and governing the Company to convert existing shares of the Company to new shares or to shares of another stock corporation.
- (vi) Take-over of shares of the Company by a shareholder in the course of a tender offer in accordance with the provision under the jurisdiction applicable to and governing the Company, which in the Issuer’s opinion, results in a significant impact on the liquidity of such shares in the market.
- (vii) The Company spins off any part of the Company so that a new independent enterprise is created or any part of the Company is absorbed by a third company, the Company’s shareholders are granted shares in the new company or the absorbing company free of charge or at a price below the market price and therefore a market price or price quotation may be determined for the shares granted to the shareholders.
- (viii) The quotation of or trading in the shares of the Company on the Relevant Exchange is permanently discontinued due to a merger or a new company formation, or for any other comparable reason, in particular as a result of a delisting of the Company.

The provisions set out above shall apply *mutatis mutandis* to events other than those mentioned above, if the Issuer and the Calculation Agent, upon exercise of their reasonable discretion, determine that the economic effects of these events are comparable and may have an impact on the calculational value of the shares.

**(3) Deviations by the Issuer from the Relevant Futures and Options Exchange**

The Issuer shall be entitled to deviate from the adjustments made by the Relevant Futures and Options Exchange, should the Issuer consider it necessary in order to account for existing differences between the Securities and the Future and Option Constituents traded on the Relevant Futures and Options Exchange. Irrespective of, whether or how adjustments are *de facto* effected by the Relevant Futures and Options Exchange, the Issuer is entitled to effect adjustments for the purpose to reconstitute to the extent possible the Securityholders' economic status prior to the measures in terms of § 7 (b) (2).

**(4) Termination or replacement of the Stock**

In the event that the Stock used as Reference Portfolio Component<sub>(i)</sub> is terminated and/or replaced by another underlying, the Issuer and the Calculation Agent shall, provided that the Issuer has not terminated the Securities in accordance with § 8 of these Conditions, determine at their reasonable discretion, after having made appropriate adjustments according to the paragraph above, which underlying, economically equal to the underlying concept of the Stock used as Reference Portfolio Component<sub>(i)</sub> shall be applicable in the future (the "**Successor Reference Portfolio Component**"). The Successor Reference Portfolio Component and the date it is applied for the first time shall be published without undue delay in accordance with § 12 of these Conditions.

**(5) Determination of a Substitute Exchange**

If the quotation of or trading in the Stock used as Reference Portfolio Component<sub>(i)</sub> on the Relevant Exchange is permanently discontinued while concurrently a quotation or trading is started up or maintained on another stock exchange, the Issuer shall be entitled to stipulate such other stock exchange as new Relevant Exchange (the "**Substitute Exchange**") through publication in accordance with § 12 of these Conditions, provided that the Issuer has not terminated the Securities in accordance with § 8 of these Conditions. In the case of such a substitution, any reference in these Conditions to the Relevant Exchange thereafter shall be deemed to refer to the Substitute Exchange. The adjustment described above shall be published in accordance with § 12 of these Conditions upon the expiry of one month following the permanent discontinuation of the quotation of or trading in the Reference Portfolio Component<sub>(i)</sub> on the Relevant Exchange, at the latest.

**(6) Corrected Price**

In the event that the Price of the Stock used as Reference Portfolio Component<sub>(i)</sub> as determined and published by the Relevant Exchange is subsequently corrected and the correction (the "**Corrected Price**") is published by the Relevant Exchange after the original publication, but still within one Settlement Cycle, the Issuer and the Calculation Agent shall be entitled to effect, under consideration of the Corrected Price, adjustments to these Conditions at their reasonable discretion, to account for the correction. The adjustment and the date it is applied for the first time shall be published without undue delay in accordance with § 12 of these Conditions.

**(7) Making of Adjustments and Determinations; Publication**

Adjustments and determinations pursuant to the paragraphs above shall be effected by the Issuer or, as the case may be, by the Calculation Agent, at its reasonable discretion, under consideration of the market conditions then prevailing and preserving the value of the previous economic development of the Securities. The Issuer reserves the right to determine at its reasonable discretion in cases of doubt (i) the applicability of the adjustment rules of the Relevant Futures and Options Exchange and (ii) the required adjustment. Any adjustment or determination shall be published by the Issuer in accordance with § 12 of these Conditions and shall be final, conclusive and binding on all parties, except where there is a manifest error.

**(8) Effectiveness of Adjustments and Determinations**

Any adjustment and determination will become effective as of the time at which the relevant adjustments become effective on the Relevant Futures and Options Exchange or would become effective, if the Future and Option Constituents were traded on the Relevant Futures and Options Exchange, as the case may be.

**§ 7 (c)****Adjustments in relation to a Certificate representing Stocks  
used as Reference Portfolio Component****(1) Consequences of the occurrence of a Potential Adjustment Event**

In the case of the occurrence of a Potential Adjustment Event (§ 7 (c) (2)) in relation to the Certificate representing Stocks used as Reference Portfolio Component<sub>(i)</sub>, the Issuer shall be entitled to effect adjustments to these Conditions to account for such Potential Adjustment Event.

## (2) Occurrence of a Potential Adjustment Event

“**Potential Adjustment Event**” means any following events or measures in relation to the Certificate representing Stocks used as Reference Portfolio Component<sub>(i)</sub>, provided that such event or measure is, at the reasonable discretion of the Issuer and the Calculation Agent, material and adversely affects the Certificate representing Stocks used as Reference Portfolio Component<sub>(i)</sub>:

- (a) In the opinion of the Calculation Agent at its reasonable discretion, a material change
  - (i) has occurred at the Relevant Exchange relevant for the calculation and determination of the price of the Certificate representing Stocks used as Reference Portfolio Component<sub>(i)</sub>, or
  - (ii) has occurred in relation to the relevant terms of either the Certificate representing Stocks used as Reference Portfolio Component<sub>(i)</sub> or of the Underlying Stocks.
- (b) Any measure in relation to the Certificate representing Stocks used as Reference Portfolio Component<sub>(i)</sub>, which gives reason, or would give reason, if options and futures on the Certificate representing Stocks used as Reference Portfolio Component<sub>(i)</sub> (also the “**Future and Option Constituents**”) were traded on the Relevant Futures and Options Exchange, for an adjustment to the strike, the contract volume of the underlying, the ratio of the underlying or to the quotation of the trading system, relevant for the calculation and determination of the price of the underlying.

## (3) Termination or replacement of the Certificate representing Stocks

In the event that the Certificate representing Stocks used as Reference Portfolio Component<sub>(i)</sub> is terminated and/or replaced by another underlying, the Issuer and the Calculation Agent shall, provided that the Issuer has not terminated the Securities in accordance with § 8 of these Conditions, determine at their reasonable discretion, after having made appropriate adjustments according to the paragraph above, which underlying, economically equal to the underlying concept of the Certificate representing Stocks used as Reference Portfolio Component<sub>(i)</sub> shall be applicable in the future (also the “**Successor Reference Portfolio Component**”). The Successor Reference Portfolio Component and the date it is applied for the first time shall be published without undue delay in accordance with § 12 of these Conditions.

## (4) Determination of a Substitute Exchange

If the quotation of or trading in the Certificate representing Stocks used as Reference Portfolio Component<sub>(i)</sub> on the Relevant Exchange is permanently discontinued while concurrently a quotation or trading is started up or maintained on another stock exchange, the Issuer shall be entitled to stipulate such other stock exchange as new Relevant Exchange (also the “**Substitute Exchange**”) through publication in accordance with § 12 of these Conditions, provided that the Issuer has not terminated the Securities in accordance with § 8 of these Conditions. In the case of such a substitution, any reference in these Conditions to the Relevant Exchange thereafter shall be deemed to refer to the Substitute Exchange. The adjustment described above shall be published in accordance with § 12 of these Conditions upon the expiry of one month following the permanent discontinuation of the quotation of or trading in the Certificate representing Stocks used as Reference Portfolio Component<sub>(i)</sub> on the Relevant Exchange, at the latest.

## (5) Corrected Price

In the event that the price of the Certificate representing Stocks used as Reference Portfolio Component<sub>(i)</sub> as determined and published by the Relevant Exchange is subsequently corrected and the correction (also the “**Corrected Price**”) is published by the Relevant Exchange after the original publication, but still within one Settlement Cycle, the Issuer and the Calculation Agent shall be entitled to effect, under consideration of the Corrected Price, adjustments to these Conditions at their reasonable discretion, to account for the correction. The adjustment and the date it is applied for the first time shall be published without undue delay in accordance with § 12 of these Conditions.

## (6) Making of Adjustments and Determinations; Publication

Adjustments and determinations pursuant to the paragraphs above shall be effected by the Issuer or, as the case may be, by the Calculation Agent, at its reasonable discretion, under consideration of the market conditions then prevailing and preserving the value of the previous economic development of the Securities. The Issuer reserves the right to determine at its reasonable discretion in cases of doubt the required adjustment. Any adjustment or determination shall be published by the Issuer in accordance with § 12 of these Conditions and shall be final, conclusive and binding on all parties, except where there is a manifest error.

## § 8

### Extraordinary Termination Right of the Issuer

#### (1) Extraordinary Termination by the Issuer

The Issuer shall in the case of the occurrence of one of the following Termination Events be entitled to extraordinary terminate and redeem all but not some of the Securities by giving notice to the Securityholders in accordance with § 12 of these Conditions. Such termination shall become effective at the time of the notice in accordance with § 12 or at the time indicated in the notice (the “**Extraordinary Termination Date**”).

#### (2) Occurrence of a Termination Event

A “**Termination Event**” means any of the following events:

- (a) The determination and/or publication of the Level of the Reference Portfolio is discontinued permanently, or the Issuer or the Calculation Agent obtains knowledge about the intention to do so.
- (b) The occurrence of a Potential Adjustment Event in accordance with § 7 (a) to § 7 (c) of these Conditions.
- (c) In the opinion of the Calculation Agent at its reasonable discretion, another material change in the market conditions occurred in relation to the Relevant Exchange or the Relevant Futures and Options Exchange, as the case may be.
- (d) The occurrence of a Change in Law and/or a Hedging Disruption and/or an Increased Cost of Hedging.

In this context:

“**Change in Law**” means that, on or after the Issue Date of the Securities (A) due to the adoption of or any change in any applicable law or regulation (including, without limitation, any tax law), or (B) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority), the Issuer determines in good faith that (X) it has become illegal to hold, acquire or dispose of any transaction(s) or asset(s) in relation to the notional Reference Portfolio used as Underlying, or (Y) it will incur a materially increased cost in performing its obligations under the Securities (including, without limitation, due to any increase in tax liability, decrease in tax benefit or other adverse effect on its tax position);

“**Hedging Disruption**” means that the Issuer is unable, after using commercially reasonable efforts, to (A) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge price risks of issuing and performing its obligations with respect to the Securities, or (B) realise, recover or remit the proceeds of any such transaction(s) or asset(s); and

“**Increased Cost of Hedging**” means that the Issuer would incur a materially increased (as compared with circumstances existing on the Issue Date) amounts of tax, duty, expense or fee (other than brokerage commissions) to (A) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the price risk of issuing and performing its obligations with respect to the Securities, or (B) realise, recover or remit the proceeds of any such transaction(s) or asset(s), provided that any such materially increased amount that is incurred solely due to the deterioration of the creditworthiness of the Issuer shall not be deemed an Increased Cost of Hedging.

#### (3) Payment of the Extraordinary Termination Amount

In the case of an extraordinary termination by the Issuer the Issuer shall pay to each Securityholder with respect to each Security it holds, an amount in the Redemption Currency with respect to each Security, which is determined by the Calculation Agent at its reasonable discretion and, if applicable, considering the then prevailing Level of the Reference Portfolio and the expenses of the Issuer caused by the termination, as the fair

market price of a Security at the occurrence of such termination (the “**Extraordinary Termination Amount**”).

## § 9

### Market Disruption, FX Disruption, Unwind Disruption

#### (1) Consequences of a Market Disruption

- (a) In the event that the Calculation Agent determines that any Constituent Business Day is a Disrupted Day (§ 9 (2)) with respect to any Eligible Stocks or Eligible Stock Constituent selected by the Reference Portfolio Advisor for the purposes of a Rebalancing, then such Eligible Stocks or Eligible Stock Constituent shall not be notionally sold or purchased on the relevant Rebalancing.
- (b) In the event that the Calculation Agent determines that any Reference Portfolio Valuation Date is a Disrupted Day with respect to any Eligible Stocks or Eligible Stock Constituent, then for the purposes of determining the value of the Reference Portfolio as at such Reference Portfolio Valuation Date, (a) the price of each Stock Constituent not affected by the occurrence of such Disrupted Day shall be the closing price of such Stock Constituent on the Relevant Exchange and (b) the price of each Stock Constituent affected by the occurrence of such Disrupted Day shall be determined by the Calculation Agent at its reasonable discretion by reference to its good faith estimate of the fair market value (which may be zero) of such Stock Constituent as of such Reference Portfolio Valuation Date.
- (c) If the Calculation Agent determines that the date scheduled to be the relevant Valuation Date is a Disrupted Day (such event in relation to a Valuation Date constitutes a “**Market Disruption**”) in respect of any Stock Constituent, such date shall be the relevant Valuation Date for those Stock Constituents which are not affected by the occurrence of a Disrupted Day while Valuation Date for any Stock Constituent that is affected by the occurrence of a Disrupted Day shall be postponed to the following Constituents Business Day with respect to such Stock Constituent *provided* that if such day does not occur within 8 (eight) such Constituents Business Days immediately following the date scheduled to be the relevant Valuation Date, the price of such Stock Constituent shall be determined by the Calculation Agent at its reasonable discretion by reference to its good faith estimate of the value for such Stock Constituent on that eighth Constituents Business Day.
- (d) On the occurrence of a FX Disruption Event (§ 9 (2)), the value of any non-EUR denominated Stock Constituent shall be determined by the Calculation Agent at its reasonable discretion and the Calculation Agent shall have the right to adjust the value of the Reference Portfolio to account for such FX Disruption Event.
- (e) If the Calculation Agent determines that on any Valuation Date a Unwind Disruption (§ 9 (2)) occurs or is likely to occur, the Issuer shall be entitled to postpone the relevant Valuation Date to such date where a notional investor in the Stock Constituents would be able to fully unwind the Stock Constituents in cash. The Issuer shall endeavour to notify the Securityholders pursuant to § 12 of these Conditions without delay of the occurrence of an Unwind Disruption. However, there is no notification obligation.

The Issuer shall endeavour to notify the Securityholders pursuant to § 12 of these Conditions without delay of the occurrence of a Disrupted Day. However, there is no notification obligation.

#### (2) Further definitions

“**Disrupted Day**” means any Constituents Business Day on which the Calculation Agent determines that trading and/or transactions in the relevant Eligible Stocks or Eligible Stock Constituent, as the case may be, is or are adversely affected (including without limitation where trading and/or transactions are limited by reason of illiquidity, any circumstances of market or trading disruption or the unavailability for any reason of any quote, official price or valuation in relation to the relevant Eligible Stocks or Eligible Stock Constituent).

“**FX Disruption Event**” means (i) an event that generally makes it illegal, impossible, impractical or inadvisable to convert one unit of the currency in which any non-EUR denominated Constituent is denominated (the “**Denomination Currency**”) into the Redemption Currency; or an event that generally makes it impossible to deliver the Redemption Currency from accounts in which they are held to accounts outside of the jurisdiction of the Denomination Currency; or (ii) the general unavailability to exchange the Redemption Currency at a spot rate (applicable to the purchase of the Redemption Currency for the Denomination Currency) in any legal currency exchange market in the principal financial centre for the Denomination Currency, if, in the determination of the Calculation Agent, the occurrence of any such events is material.

"Unwind Disruption" means any event where a notional investor (in the same position as the Issuer) would be unable to unwind its investments in the Stock Constituents by the relevant Valuation Date.

## § 10 Calculation Agent; Paying Agent

### (1) General

The Calculation Agent and the Paying Agent (the "Security Agents") shall assume the role as Security Agent in accordance with these Conditions.

### (2) Vicarious Agent

Each of the Security Agents acts exclusively as vicarious agent of the Issuer and has no obligations to the Securityholder.

### (3) Replacement, Appointment and Revocation

The Issuer is entitled at any time to replace any or all of the Security Agents by another company, to appoint one or several additional Security Agents, and to revoke their appointments. Such replacement, appointment and revocation shall be notified in accordance with § 12 of these Conditions.

### (4) Resignation of Security Agents

Each of the Security Agents is entitled to resign at any time from its function upon prior written notice to the Issuer. Such resignation shall only become effective if another company is appointed by the Issuer as Calculation Agent, the Security Agent or as Paying Agent, as the case may be. Resignation and appointment are notified in accordance with § 12 of these Conditions.

## § 11 Substitution of the Issuer

### (1) Substitution of the Issuer

Provided that the Issuer is not in default with its obligations under the Securities, the Issuer is at any time entitled, without the consent of the Securityholders, to substitute another company within the UBS Group as issuer (the "Substitute Issuer") with respect to all obligations under or in connection with the Securities, if

- (i) the Substitute Issuer assumes all obligations of the Issuer under or in connection with the Securities,
- (ii) (A) the Issuer and the Substitute Issuer have obtained all necessary authorisations as well as consents and (B) may transfer to the Principal Paying Agent in the Redemption Currency and without being obligated to deduct or withhold taxes or other duties of whatever nature levied by the country, in which the Substitute Issuer or the Issuer has its domicile or tax residence, all amounts required for the fulfilment of the payment obligations arising under the Securities;
- (iii) the Substitute Issuer has agreed to indemnify and hold harmless each Securityholder against any tax, duty or other governmental charge imposed on such Securityholder in respect of such substitution;
- (iii) the Issuer unconditionally and irrevocably guarantees the obligations of the Substitute Issuer.

### (2) References

In the event of any such substitution, any reference in these Conditions to the Issuer shall from then on be deemed to refer to the Substitute Issuer. Furthermore, any reference to the country, in which the Issuer is domiciled or resident for taxation purposes shall from then on be deemed to refer to the country of domicile or residence for taxation purposes of the Substitute Issuer.

### (3) Publication

The substitution of the Issuer shall be final, binding and conclusive on the Securityholders and will be published

to the Securityholders without undue delay in accordance with § 12 of these Conditions.

## **§ 12 Publications**

### **(1) General**

To the extent these Conditions provide for a notice pursuant to this § 12 of these Conditions, these will be published on the website of the Issuer at [www.ubs.com/keyinvest](http://www.ubs.com/keyinvest) (or a successor address thereto) and become effective vis-à-vis the Securityholders through such publication unless the notice provides for a later effective date.

If and to the extent that binding provisions of effective law or stock exchange provisions provide for other forms of publication, such publications must be made in addition and as provided for.

Any such notice shall be effective as of the publishing date (or, in the case of several publications as of the date of the first such publication).

### **(2) Notification to the Clearing System**

The Issuer shall, to the extent legally possible, be entitled to effect publications by way of notification to the Clearing System for the purpose of notifying the Securityholders (as set forth in the applicable rules and regulations of the Clearing System), provided that in cases, in which the Securities are listed on a Security Exchange, the regulations of such Security Exchange permit this type of notice. Any such notice shall be deemed as having been effect as of the seventh day after the date of the notification to the Clearing System.

## **§ 13 Issue of further Securities; Purchase; Call; Cancellation**

### **(1) Issue of further Securities**

The Issuer is entitled at any time to issue, without the consent of the Securityholders, further securities having the same terms and conditions as the Securities so that the same shall be consolidated and form a single series with such Securities, and references to "Security" shall be construed accordingly.

### **(2) Purchase of Securities**

The Issuer and any of its subsidiaries is entitled at any time to purchase, without the consent of the Securityholders, Securities at any price in the open market or otherwise. If purchases are made by tender, tenders must be available to all Securityholders alike.

Such Securities may be held, reissued, resold or cancelled, all at the option of the Issuer.

### **(3) Cancellation of Securities**

All Securities redeemed in full shall be cancelled forthwith and may not be reissued or resold.

## **§ 14 Language**

These Conditions are written in the English language. The English text shall be controlling and binding. Any German language translation is provided for convenience only.

## **§ 15 Governing Law; Jurisdiction**

### **(1) Governing Law**

The form and content of the Securities as well as all rights and duties arising from the matters provided for in these Conditions shall in every respect be governed by, and shall be construed in accordance with, the laws of the Swiss Confederation.

**(2) Jurisdiction**

The place of jurisdiction for all actions or other procedures under or in connection with the Securities shall, to the extent legally possible, be Zurich (1), Switzerland.

**§ 16  
Corrections; Severability****(1) Modifications and Amendments**

The Issuer shall be entitled to modify or amend, as the case may be, these Conditions in each case without the consent of the Securityholders in such manner as the Issuer deems necessary, if the modification or amendment

- (i) is of a formal, minor or technical nature; or
- (ii) is made to cure a manifest or proven error; or
- (iii) is made to cure any ambiguity; or is made to correct or supplement any defective provisions of these Conditions; or
- (iv) is made to correct an error or omission such that, in the absence of such correction, the Conditions would not otherwise represent the intended terms of the Securities on which the Securities were sold and have since traded; or
- (v) will not materially and adversely affect the interests of the Securityholders.

**(2) Publication**

Any modification or amendment of these Terms and Conditions shall take effect in accordance with its terms and be binding on the Securityholders, and shall be notified to the Securityholders in accordance with § 12 of these Conditions (but failure to give such notice, or non-receipt thereof, shall not affect the validity of such modification or amendment).

The Issuer may also invoke the unlawful application of an erroneous term against individual Securityholders where this is appropriate to the circumstances of individual cases.

**(3) Invalidity in whole or in part**

If any of the provisions of these Conditions is or becomes invalid in whole or in part, the remaining provisions shall remain valid. The invalid provision shall be replaced by a valid provision, which, to the extent legally possible, serves the economic purposes of the invalid provision. The same applies to gaps, if any, in these Conditions.

**§ 17  
No collective investment schemes**

This product does not represent a participation in any of the collective investment schemes pursuant to Art. 7 et seq. of the Swiss Federal Act on Collective Investment Schemes (CISA) and thus is not subject to the supervision of the Swiss Financial Market Supervisory Authority (*Eidgenössische Finanzmarktaufsicht*). Therefore, investors in this product are not eligible for the specific investor protection under the CISA.

## E. INFORMATION ABOUT THE NOTIONAL REFERENCE PORTFOLIO

*The following description forms an integral part of the Terms and Conditions of the Securities and shall be construed in accordance with these Terms and Conditions of the Securities.*

*The Reference Portfolio Advisor creates and maintains the Reference Portfolio as a theoretical portfolio by selecting the initial Reference Portfolio Components and their weightings and thereafter actively managing and maintaining the Reference Portfolio by rebalancing the Reference Portfolio, i.e. changing the weightings of the Reference Portfolio Components, in its reasonable discretion.*

*The notional Reference Portfolio is a synthetic portfolio which has been created and is managed and calculated solely for the purposes of being used as underlying of these Securities. There is no obligation on the Issuer to purchase or hold any Reference Portfolio Components and Securityholders have no rights in, or to require delivery of, any of such Reference Portfolio Components at any time. References to any rebalancing, disposal or acquisition or financing of a Reference Portfolio Component have to be understood as reference to a notional transaction and should not be construed as imposing any obligation on the Issuer or any of its affiliates or subsidiaries, the Manager, the Calculation Agent or any person to actually directly or indirectly, physically or synthetically acquire, dispose of or effect or take delivery of, or effect transactions in, any securities, investments or other property, but are references to the change in the value of, or in notional amounts to be determined for the purposes of calculating the value of, and relate solely to the calculation of the value of any amounts payable in respect of the Securities.*

*Whilst the Redemption Amount is linked to the market value of the Reference Portfolio Components, the Issuer is not obliged to invest the net proceeds of the issuance of the Securities in any Reference Portfolio Components at any time; the net proceeds will be used for hedging and general corporate purposes of the Issuer only. The Securityholders do not have any direct interest in, or beneficial ownership of any Reference Portfolio Component at any time.*

*Information on the Indices contained herein is solely intended for the description of the notional Reference Portfolio and for the use of investors in the Securities and does not constitute an offer of any Reference Portfolio Components.*

### 1. General information about the Reference Portfolio

The Broad Peak Developed Markets Basket Reference Portfolio (the "**Reference Portfolio**") is a notional EUR ("**EUR**") denominated actively managed Reference-Portfolio, created and maintained by Vermögensverwaltung GmbH, Grönau, Germany (the "**Reference-Portfolio Advisor**"), which is subject to adjustments by the Issuer in case of the occurrence of adjustment events (pursuant to § 7 (a) (*Adjustments to the Reference Portfolio*), § 7 (b) (*Adjustments in relation to a Stock used as Reference Portfolio Component*) and § 7 (c) (*Adjustments in relation to a Certificate representing Stocks used as Reference Portfolio Component*) of the Terms and Conditions of the Securities).

The Reference Portfolio aims to replicate the performance of

- (i) a long only basket of selected stocks (each a "**Stock<sub>(i)</sub>**" and together the "**Stocks**") or, as the case may be, American Depositary Receipts (each a "**Certificate representing Stocks<sub>(i)</sub>**" and together the "**Certificates representing Stocks**", where the Stocks and the Certificate representing Stocks are collectively also referred to as each a "**Stock Constituent<sub>(i)</sub>**" and together the "**Stock Constituents**") comprised in the MSCI World Developed Markets, MDAX<sup>®</sup> or TecDAX<sup>®</sup>,

where net dividends on a Stock Constituent will be reinvested into the respective Stock Constituent on the ex-dividend date of that Stock Constituent, and

- (ii) from time to time, an EUR denominated cash position which shall be at all times equal to or greater than zero (the "**Cash Position**"; which together with the Stock Constituents shall be referred to as the "**Reference Portfolio Components**"), less fees, costs and expenses.

No interest will be paid on the Cash Position.

The Reference Portfolio represents a notional investment in the Stock Constituents, plus any Cash Position, as described in Section 2 below.

The Reference Portfolio Advisor has created the Reference Portfolio by selecting initial Reference Portfolio Components on 4 February 2016 (the "**Reference Portfolio Creation Date**") with an initial level of EUR 100.00 (the "**Initial Reference Portfolio Level**"). The Stock Constituents are listed in Section 3 below.

The Reference Portfolio Advisor is responsible for adjusting the allocation of the Reference Portfolio Components (any such adjustment, a "**Rebalancing**") from time to time thereafter in accordance with Section 4 below. Certain limitations apply as to the composition of the Reference Portfolio from time to time as described in such Section.

The level of the Reference Portfolio as determined in accordance with Section 7 below (the "**Reference Portfolio Level**") is calculated in EUR net of certain fees and costs associated with the creation, maintenance and management of the notional Reference Portfolio.

Information about the past and the further performance of the Reference Portfolio and its volatility will be published in the internet on [www.ubs.com/keyinvest](http://www.ubs.com/keyinvest) or a substitute thereof.

The Calculation Agent may adjust the composition of the Reference Portfolio from time to time to account for corporate actions in respect of the Stock Constituents and other similar events, as described in Section 6 below.

UBS AG, acting through its London Branch (the "**Calculation Agent**") is responsible for calculating the Reference Portfolio Level from time to time in accordance with Section 7 below.

Terms used herein shall have the meanings given to such terms in, and shall be interpreted in accordance with the Terms and Conditions of the Securities.

## 2. Reference Portfolio Components

The Reference Portfolio, whose composition may vary from time to time, is actively managed by the Reference Portfolio Advisor and represents a notional investment in the Reference Portfolio Components as described below (the "**Investment Universe**"). The Reference Portfolio Advisor is not allowed to select any additional components for inclusion in the notional Reference Portfolio apart from the ones described below. The Reference Portfolio may select any of the below described Reference Portfolio Components for inclusion in the notional Reference Portfolio in its reasonable discretion pursuant and subject to the provisions below.

### 2.1 Stocks Constituents

The Reference Portfolio may reference as Stock Constituents long positions (i) in certain stocks and, as the case may be (ii) in certain American Depositary Receipts as described below:

Stock Constituents included in one of the below Indices may be incorporated in the Reference-Portfolio (each an "**Eligible Stock Constituent**"):

| Name of Index                | Boomberg Page | Currency |
|------------------------------|---------------|----------|
| MSCI World Developed Markets | MSDUWI Index  | Various  |
| MDAX <sup>®</sup>            | MDAX Index    | EUR      |
| TecDAX <sup>®</sup>          | TECDAX Index  | EUR      |

Where a Stock Constituent is non EUR denominated, the notional investment will be converted into EUR at the relevant time by applying the then prevailing FX exchange rate as determined by the Calculation Agent in its reasonable discretion.

The Stock Constituents may be selected in the reasonable discretion of the Reference Portfolio Advisor pursuant and subject to the provisions contained in this " Information about the notional Reference Portfolio".

For long positions in Stock Constituents, a notional amount reflecting net dividends of the Stock Constituents, as converted into EUR, where such Stock Constituent is non-EUR denominated, at the then prevailing exchange rate, as determined by the Calculation Agent in its reasonable discretion, will be added to the Cash Position on the ex-dividend date of that Stock Constituent.

### 2.2 Cash Position

From time to time, the notional Reference Portfolio may also contain a Cash Position as a Reference Portfolio Component, which represents a notional holding of a cash account not accruing interest, denominated in EUR.

The Cash Position on the Reference Portfolio Creation Date is set at an indicative value of EUR 100.00. The value of the Cash Position will thereafter be positively or negatively affected by dividend payments or deductions and Rebalancings, as described in Section 1 and 4 herein. In any event, the value of the Cash Position shall at all times be equal to or greater than zero. Finally, the Cash Position may be negatively impacted by the deduction of certain fees as described in Section 5 below.

The Cash Position may be notionally reinvested into Stock Constituents from time to time, in the reasonable discretion of the Reference Portfolio Advisor.

### 2.3 Investment Restrictions

The Stock Constituents may be selected by the Reference Portfolio Advisor for notional purchase or, as the case may be, sale in accordance with the following investment restrictions (the "**Investment Restrictions**"):

- (i) On any Reference Portfolio Adjustment Date, the allocation to any Stock Constituent is capped at a maximum weight of 100% of the Reference Portfolio Level;
- (ii) The aggregate allocation to all Stock Constituents with MSCI Country Code US (according to MSCI Global Investable Market Indexes Methodology August 2015) is capped at a maximum weight of 50% of the Reference Portfolio Level (the "USD Threshold") at all times during the lifetime of the product. In case the sum of all Stock Constituents with MSCI Country Code US exceeds the USD Threshold, then the Calculation Agent is entitled to unwind Stock Constituents with MSCI Country Code US at its sole discretion at prevailing market prices and convert them into EUR cash until the weighting of all Stock Constituents with MSCI Country Code US has reached a level of 48% of the Reference Portfolio Level.

If at any time, one of the above Investment Restrictions is breached, as determined by the Calculation Agent in its reasonable discretion, the Reference Portfolio Advisor shall initiate a Rebalancing in accordance with Section 4.

**For the avoidance of doubt: The responsibility and legal duty that the Reference Portfolio complies with the above threshold is solely with the Reference Portfolio Advisor.**

### 3. Indicative Initial Composition of the Reference Portfolio

The Reference Portfolio was created on the Reference Portfolio Creation Date with an opening value of EUR 100.00. On the Reference Portfolio Creation Date, the Reference Portfolio Components were as set out below.

| Reference Portfolio Components | Bloomberg      | Currency | AMC Weight |
|--------------------------------|----------------|----------|------------|
| Stock Constituents             |                |          | 0%         |
| Cash Position                  | Not applicable | EUR      | 100%       |

"**AMC Weight**" means, with respect to the Reference Portfolio Creation Date or any other Reference Portfolio Valuation Date and pertaining to a Reference Portfolio Component, the notional EUR value of such Reference Portfolio Component divided by the Reference Portfolio Level, as determined by the Calculation Agent in its reasonable discretion.

### 4. Rebalancings of the Reference Portfolio

- 4.1 A Rebalancing may be initiated by the Reference Portfolio Advisor on any Business Day following the Launch Date, effective as of the immediately following Business Day (such day, a "**Reference Portfolio Adjustment Date**"), subject to the occurrence of a Market Disruption Event on such Business Day. However, no more than 40 Rebalancings over any 12 month period may be made. The expected number of Rebalancings per year is 30.

- 4.2 On any Business Day, the Reference Portfolio Advisor may, as it deems appropriate in its reasonable discretion, give notice to the Calculation Agent not later than 2 pm, London time, of its intention to make a Rebalancing on such day (a "**Rebalancing Notice**"). Save as the Calculation Agent may otherwise agree, a Rebalancing Notice shall not be effective if, at the time of such Rebalancing Notice is received, a Rebalancing in respect of any Rebalancing Notice received earlier on such Business Day has not yet been completed or otherwise rejected. For the purposes hereof, a Rebalancing is deemed completed upon notification by the Calculation Agent to the Reference Portfolio Advisor, with respect to the relevant Rebalancing, of the relevant Notional Net Acquisition Cost of each Eligible Stock Constituent notionally included in the Reference Portfolio, Notional Net Disposal Value(s) of each Stock Constituent notionally removed from the Reference Portfolio and weightings of each Stock Constituent notionally comprised in the Reference Portfolio following the relevant Rebalancing as provided in sub-Section 4.6 below.
- 4.3 The Calculation Agent will determine the exact number of Stock Constituents based on prevailing market conditions, including exchange rates when relevant, in its reasonable discretion. Such number may deviate from the exact weighting recommended by the Reference Portfolio Advisor.
- 4.4 On each Reference Portfolio Adjustment Date, notional debits and credits to the Cash Position shall be made as follows:
- (i) In respect of the notional purchase of an Eligible Stock Constituent, a notional debit shall be made to the Cash Position corresponding to the Notional Net Acquisition Cost of such Stock Constituent with effect from the date of such Stock Constituent's notional purchase;
  - (ii) In respect of the notional sale or unwind of a Stock Constituent, a notional credit (which may be equal to zero) shall be made to the Cash Position corresponding to the Notional Net Disposal Value (which may be equal to zero) of such Stock Constituent with effect from the date of such Stock Constituent's notional sale;
- 4.5 The Calculation Agent is entitled but has no legal duty to reject the notional purchase of any Eligible Stock Constituent and/or the notional sale of any Stock Constituent, and to require the Reference Portfolio Advisor to initiate a Rebalancing in certain circumstances, as follows:
- (i) The Reference Portfolio Advisor has selected an asset for inclusion in the notional Reference Portfolio which is not part of the Investment Universe;
  - (ii) The Reference Portfolio is, or following the relevant Rebalancing would breach any of the Investment Restrictions or any other rule or provision contained herein;
  - (iii) The Issuer would due to applicable rules, regulations and internal or external restrictions not be permitted to hold investments in the envisaged Stock Constituents;
  - (iv) A Market Disruption Event has occurred in respect of the relevant Eligible Stock Constituent or Stock Constituent on the relevant Reference Portfolio Adjustment Date;
  - (v) The Calculation Agent determines that a Hedging Disruption Event has occurred in relation to any Stock Constituent or Eligible Stock Constituent. In this paragraph, "**Hedging Disruption Event**" means the determination by the Calculation Agent that it would not be reasonably practicable or it would otherwise be undesirable, for any reason, for a notional Investor wholly or partially to establish, re-establish, substitute or maintain any hedging transaction which in the determination of the Calculation Agent would be necessary or desirable to hedge the obligations of an issuer of securities linked to the performance of the Reference Portfolio (such reasons may include, but are not limited to (i) any material illiquidity in the market for any Stock Constituent or Eligible Stock Constituent, (ii) a change in any applicable law (including, without limitation, any tax law) or the promulgation of, or change in, the interpretation of any court, tribunal or regulatory authority with competent jurisdiction of any applicable law (including any action taken by a taxing authority); or (iii) the general unavailability of market participants who would agree to enter into any such hedging transaction on commercially reasonable terms or at all;
  - (vi) The Calculation Agent determines that the Issuer would incur materially increased (as compared with circumstances existing on the Issue Date) amounts of tax, duty, expense or fee (other than

brokerage commissions) to (A) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the price risk of issuing and performing its obligations with respect to the Securities, or (B) realise, recover or remit the proceeds of any such transaction(s) or asset(s), provided that any such materially increased amount that is incurred solely due to the deterioration of the creditworthiness of the Issuer shall not be considered;

- (vii) The Calculation Agent determines that it would not be reasonably practicable for a notional Investor to make purchases and/or sales of any Eligible Stock Constituent or Stock Constituent, as the case may be, due to compliance, regulatory, reporting or reputational constraints, take-over considerations, internal restrictions or lack of internal approval.

In the event that the Calculation Agent requires the Reference Portfolio Advisor to initiate a Rebalancing such that the Reference Portfolio complies with the foregoing, the Reference Portfolio Advisor shall, as soon as is reasonably practicable and without undue delay, initiate a Rebalancing such that the Reference Portfolio complies with the foregoing as at the immediately following Reference Portfolio Adjustment Date. The Reference Portfolio Advisor has no right to object to such Rebalancing required by the Calculation Agent.

**For the avoidance of doubt: Notwithstanding the entitlements of the Calculation Agent under this paragraph, the sole responsibility and legal duty to manage the Reference Portfolio in compliance with the rules and provisions contained in this document is with the Reference Portfolio Advisor.**

- 4.6 As soon as is reasonably practicable after receipt of an effective Rebalancing Notice on a Reference Portfolio Adjustment Date, and subject to any rejection pursuant to sub-Section 4.5 above, the Calculation Agent shall notify the Reference Portfolio Advisor of (a) the Notional Net Acquisition Cost and Notional Net Disposal Value applicable to each Eligible Stock Constituent and/or Stock Constituent that is subject to the Rebalancing and (b) the weighting of each Stock Constituent comprised in the Reference Portfolio as a result of the Rebalancing. Upon receipt by the Reference Portfolio Advisor of such notice from the Calculation Agent, the Rebalancing shall be binding and conclusive on the Reference Portfolio Advisor in the absence of manifest error.

For the avoidance of doubt, a proposed Rebalancing shall be effective only if and to the extent that the Calculation Agent, on the Reference Portfolio Adjustment Date on which the relevant Rebalancing Notice is given, notifies to the Reference Portfolio Advisor the information mentioned in (a) and (b) above. Should a proposed Rebalancing not be fully effective on a Reference Portfolio Adjustment Date, the Reference Portfolio Advisor will be required to deliver one or more further Rebalancing Notices in accordance with the provisions hereof to execute the remainder of the initially proposed Rebalancing.

- 4.7 In this Section:

- (i) **"Notional Net Acquisition Cost"** means, in relation to an Eligible Stock Constituent, (A) the sum of the notional prices at which the Calculation Agent determines that a notional Investor would be able to purchase or otherwise acquire such Eligible Stock Constituent (where applicable, on the Relevant Exchange) at execution time on the relevant Reference Portfolio Adjustment Date as converted into EUR; where such Eligible Stock Constituent is non EUR denominated, at the then prevailing exchange rate, as determined by the Calculation Agent in its reasonable discretion plus (B) the Adjustment Fee; and
- (ii) **"Notional Net Disposal Value"** means, in relation to a Stock Constituent, (A) the notional price (net of any applicable Adjustment Fee) at which the Calculation Agent determines that a notional Investor would be able to sell or otherwise realise or dispose of such Stock Constituent (where applicable, on the relevant Exchange) at execution time on the relevant Reference Portfolio Adjustment Date as converted into EUR, where such Stock Constituent is non EUR denominated, at the then prevailing exchange rate, as determined by the Calculation Agent in its reasonable discretion less (B) the Adjustment Fee.

## 5. Fees and Costs applicable to the Reference Portfolio

The Reference Portfolio is calculated net of certain fees, costs, taxes, charges and expenses that may be incurred from time to time in connection with the creation, maintenance and management of the Reference Portfolio, as follows:

- 5.1 **Adjustment Fee:** An Adjustment Fee will be levied and deducted from the Reference Portfolio Level for each adjustment made in the Reference-Portfolio, and represents a percentage of the notional volume of each of the purchase and/or sale of a Eligible Stock Constituent and/or Stock Constituent, as converted in EUR at the then prevailing exchange rate, as determined in the reasonable discretion of the Calculation Agent. The Adjustment Fee (the "**Adjustment Fee**") equals 0.10%.
- 5.2 **Reference Portfolio Advisory Fee:** A quarterly fee of 0.05% (0.20% per year) of the Reference Portfolio Level deducted from the Reference Portfolio Level on a daily basis as calculated by the Calculation Agent.
- The Reference Portfolio Advisory Fee will be used to compensate the Reference Portfolio Advisor for the creation, management and maintenance of the notional Reference Portfolio as well as for any marketing activities in relation to the Securities.
- 5.3 **UBS Management Fee** (together with the Reference Portfolio Advisory Fee, the "**Reference Portfolio Fees**"): The Issuer will receive a quarterly fee of 0.10% (0.40% per year) of the Reference Portfolio Level deducted from the Reference Portfolio Level on a daily basis as calculated by the Calculation Agent.

## 6. Adjustments of the Reference Portfolio

If, at any time, any event occurs in relation to any Stock Constituent which the Calculation Agent determines requires any adjustment(s) to be made to the composition of the Reference Portfolio, then the Calculation Agent shall (i) determine which adjustment(s) are to be made to the Reference Portfolio with a view to account for the effect of the relevant event and to preserve the prevailing composition of the Reference Portfolio immediately prior to the occurrence of such event and (ii) determine the date on which such adjustment(s) shall take effect.

**For the avoidance of doubt: Notwithstanding the entitlements of the Calculation Agent under this paragraph, the sole responsibility and legal duty to manage the Reference Portfolio in compliance with the rules and provisions contained in this document is with the Reference Portfolio Advisor.**

Where a Potential Adjustment Event ((pursuant to § 7 (a) (*Adjustments to the Reference Portfolio*), § 7 (b) (*Adjustments in relation to a Stock used as Reference Portfolio Component*) and § 7 (c) (*Adjustments in relation to a Certificate representing Stocks used as Reference Portfolio Component*) of the Terms and Conditions of the Securities) occurs with respect to any Stock Constituent, the Issuer shall be entitled to effect adjustments to the Reference Portfolio in accordance with the Terms and Conditions of the Securities.

## 7. Calculation of the Reference Portfolio Level

- 7.1 As the Calculation Agent, UBS AG, acting through its London Branch, is responsible for calculating the Reference Portfolio Level in respect of each Reference Portfolio Valuation Date during the life of the Securities on the relevant Reference Portfolio Calculation Date.
- 7.2 For indicative pricing purposes, a valuation level for the Reference Portfolio shall, subject to the occurrence of a Market Disruption in accordance with the Terms and Conditions of the Securities, be calculated by the Calculation Agent on each Reference Portfolio Valuation Date.

The Calculation Agent will on each Reference Portfolio Calculation Date calculate the level of the Reference Portfolio in respect of each Reference Portfolio Valuation Date based on the closing price or value of each Stock Constituent on such Reference Portfolio Valuation Date.

In respect of any Reference Portfolio Valuation Date, the Reference Portfolio Level is determined by the Calculation Agent in its reasonable discretion as

- (i) the sum of the sale proceeds that would be realised by a notional investor (in the same position as the Issuer) when selling and/or, as the case may be, unwinding the Stock Constituents then comprised in the Reference Portfolio, converted into the Redemption Currency at the then prevailing exchange rate, as determined by the Calculation Agent in its reasonable discretion

**plus**

- (ii) the value of the Cash Position **minus**
- (iii) any accrued but unpaid Adjustment Fees and Reference Portfolio Fee

## F. SUBSCRIPTION AND SALE

### 1. Issue and Sale

It has been agreed that, on 9 February 2016 (the "**Issue Date**") UBS Limited, 1 Finsbury Avenue, London EC2M 2PP, United Kingdom, and Heemann Vermögensverwaltung GmbH, Grönau, Germany, (each an "**Authorised Manager**") shall underwrite the Securities by means of an underwriting agreement dated as of the Issue Date and shall place them for sale under terms subject to change in the Public Offer Jurisdictions.

UBS Limited, 1 Finsbury Avenue, London EC2M 2PP, United Kingdom, shall be responsible for coordinating the entire Securities offering.

The total commission due for the respective underwriting and/or placement service relating to the underwriting of the Securities is: Underwriting and/or placing fee (as defined in the section "Key Terms and Definitions of the Securities").

### 2. Purchase and Delivery of the Securities

As of the business day following the publication of this Summary and Securities Note (the "**Start of the public offer of the Securities**"), the Securities may be purchased from each Authorised Offeror during normal banking hours during the Offer Period at an amount of EUR 100.00 per Security (the "**Issue Price**") under terms subject to change. There will be no subscription period. The Issue Price per Security is payable on 9 February 2016 (the "**Initial Payment Date**"). Following the Start of the public offer of the Securities, the selling price is adjusted on a continual basis to reflect the prevailing market situation.

The Issuer reserves the right to earlier close the Offer Period if market conditions so require.

After the Initial Payment Date, the appropriate number of Securities shall be credited to the investor's account in accordance with the rules of the corresponding Clearing System. Following the Initial Payment Date, any selling price per Security is payable upon delivery of the purchased Securities.

After closing of the Offer Period, the Issuer will publish the results of the offer of Securities, *i.e.* the actual number of Securities issued, on its website [www.ubs.com/keyinvest](http://www.ubs.com/keyinvest) (or a successor thereto).

### 3. Selling Restrictions

#### General

The Manager has represented and agreed (and each additional Manager will be required to represent and agree) that it will comply with all applicable securities laws and regulations in force in any jurisdiction in which it purchases, offers, sells or delivers Securities or possesses or distributes the Prospectus and will obtain any consent, approval or permission required by it for the purchase, offer, sale or delivery by it of Securities under the laws and regulations in force in any jurisdiction to which it is subject or in which it makes such purchases, offers, sales or deliveries and neither the Issuer nor any Manager shall have any responsibility therefore. Neither the Issuer nor the Manager has represented that Securities may at any time lawfully be sold in compliance with any applicable registration or other requirements in any jurisdiction, or pursuant to any exemption available thereunder, or has assumed any responsibility for facilitating such sale.

The Securities may not be offered, sold, re-offered or re-sold in any jurisdiction except in circumstances where any such offer, sale, re-offer or re-sale is in compliance with all applicable laws, regulations and exchange control restrictions. In particular, investors should seek specific advice, if the intended offer, sale, re-offer or re-sale of the Securities is made in any of the countries whose currencies comprise the Reference Portfolio or to any resident of any such country, to ensure that there will be no breach of such applicable laws, regulations and exchange control restrictions.

#### United States of America

The Securities have not been registered and will not be registered under the Securities Act, or with any securities regulatory authority of any state or other jurisdiction of the United States and are being sold pursuant to an exemption from the registration requirements of the Securities Act. Trading in the Securities has not been approved by the U.S. Commodity Futures Trading Commission under the Commodity Exchange Act or by the

United States Securities and Exchange Commission or any state securities commission in the United States or any other U.S. regulatory authority, nor have any of the foregoing authorities passed upon or endorsed the merits of the offering of the Securities or the accuracy or adequacy of this Prospectus. The Securities (or any rights thereunder) will be offered only outside of the United States and only to, or for the account or benefit of, persons that are not U.S. persons as defined in Regulation S of the Securities Act.

Securities in bearer form are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to United States persons, except in certain transactions permitted by U.S. tax regulations. Terms used in this paragraph have the meanings given to them by the United States Internal Revenue Code and regulations thereunder.

The Manager has represented and agreed (and each additional Manager will be required to represent and agree) that, except as permitted, it has not offered, sold or delivered, and will not offer, sell or deliver, Securities of any Series (a) as part of their distribution at any time or (b) otherwise until 40 days after the later of the date of issue of the relevant Series of Securities and the completion of the distribution of such Series as certified to the Principal Paying Agent or the Issuer by the relevant Manager within the United States or to, or for the account or of benefit of, U.S. persons, and that it will have sent to each Manager to which it sells Securities of such Series during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of such Securities within the United States or to, or for the account of benefit of, U.S. persons.

In addition, until 40 days after the commencement of the offering of any Series of Securities an offer or sale of Securities of such Series within the United States by a Manager (whether or not participating in the offering of such Securities) may violate the registration requirements of the Securities Act.

Each issuance of Securities linked to currency exchange rates, commodities or precious metals as the Underlying or a Basket Component, as the case may be, shall be subject to such additional U. S. selling restrictions as the Issuer and the relevant Manager(s) will agree as a term of the issuance and purchase or, as the case maybe, subscription of such Securities. Any Manager will be required to agree that it will offer, sell and deliver such Securities only in compliance with such additional U. S. selling restrictions.

### European Economic Area

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a “**Relevant Member State**”), the Manager has represented and agreed, and each further Manager appointed under the Prospectus will be required to represent and agree, that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the “**Relevant Implementation Date**”) it has not made and will not make an offer of Securities which are the subject of the offering contemplated by the Prospectus to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Securities to the public in that Relevant Member State:

- (a) *Approved prospectus*: if the Prospectus in relation to the Securities specifies that an offer of those Securities may be made other than pursuant to Article 3 (2) of the Prospectus Directive in that Relevant Member State (a “**Non-exempt Offer**”), following the date of publication of a prospectus in relation to such Securities which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, provided that any such prospectus has subsequently been completed by the final terms contemplating such Non-exempt Offer, in accordance with the Prospectus Directive, in the period beginning and ending on the dates specified in such prospectus or final terms, as applicable, and the Issuer has consented in writing to its use for the purpose of that Non-exempt Offer;
- (b) *Qualified investors*: at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (c) *Fewer than 150 offerees*: at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in the Prospectus Directive), subject to obtaining the prior consent of the relevant Manager nominated by the Issuer for any such offer; or
- (d) *Other exempt offers*: at any time in any other circumstances falling within Article 3 (2) of the Prospectus Directive,

provided that no such offer of Securities referred to in (b) to (d) above shall require the Issuer or any Manager to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression “**offer of Securities to the public**” in relation to any Securities in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Securities to be offered so as to enable an investor to decide to purchase or subscribe the Securities, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State, the expression “**Prospectus Directive**” means Directive 2003/71/EC (as amended, including by Directive 2010/73/EU), and includes any relevant implementing measure in the Relevant Member State.

## G. TAXATION

The following is a general description of certain tax considerations relating to the EU Savings Tax Directive and to the taxation of the Securities in the Switzerland and the Federal Republic of Germany. It does not purport to be a complete analysis of all tax considerations relating to the Securities, whether in those countries or elsewhere. **Prospective purchasers of Securities should consult their own tax advisers as to which countries' tax laws could be relevant to acquiring, holding and disposing of Securities and receiving payments of interest, principal and/or other amounts under the Securities and the consequences of such actions under the tax laws of those countries.** This summary is based upon the law as in effect on the date of this Securities Note and is subject to any change in law that may take effect after such date.

**The Issuer does not assume any responsibility for the withholding of taxes at the source.**

### 1. Taxation in the Federal Republic of Germany

The information about the German taxation of the Securities issued under the Prospectus set out in the following section deals only with German withholding tax and is not exhaustive. It is based on current tax laws in force at the time of publication of this Prospectus, which may be subject to change at short notice and, within certain limits, also with retroactive effect.

The following is a general description of certain German withholding tax considerations relating to the Securities since each series of Securities may be subject to a different tax treatment according to the applicable Final Terms. It does not purport to be a complete analysis of all German tax considerations relating to the Securities. In particular, this discussion does not consider any specific facts or circumstances that may apply to a particular Securityholder. This summary does not allow any conclusions to be drawn with respect to issues not specifically addressed.

**Prospective purchasers of Securities are advised to consult their own tax advisors as to the tax consequences of the purchase, ownership and disposition of the Securities on the basis of the relevant Final Terms, including the effect of any state or local taxes, under the tax laws of Germany and each country of which they are residents.**

#### *German withholding tax*

In principle, only persons (individuals and incorporated entities) who are tax resident in Germany (in particular, persons having a residence, habitual abode, seat or place of management in Germany) are subject to German withholding tax with respect to payments under debt instruments. Non-resident persons generally do not suffer German withholding tax. If, however, the income from the Securities is subject to German tax, i.e. if (i) the Securities are held as business assets (*Betriebsvermögen*) of a German permanent establishment (including a permanent representative) which is maintained by the relevant Securityholder or (ii) the income from the Securities qualifies for other reasons as taxable German source income, German withholding tax is applied like in the case of a German tax resident Securityholder.

German withholding tax will be levied at a flat withholding tax rate of 26.375% (including solidarity surcharge (*Solidaritätszuschlag*), plus church tax if applicable) on interest, settlement amounts or benefits and on proceeds from the sale of the Securities if the Securities are held in a custodial account which the relevant Securityholder maintains with a German branch of a German or non-German credit or financial services institution or with a German securities trading business or a German securities trading bank (a "**German Disbursing Agent**"). If the Securities are redeemed, repaid, assigned or contributed into a corporation by way of a hidden contribution (*verdeckte Einlage*), such transaction is treated like a sale. If the Issuer exercises the right to substitute the debtor of the Securities, the substitution might, for German tax purposes, be treated as an exchange of the Securities for new securities issued by the new debtor. Such a substitution could result in the recognition of a taxable gain or loss for the respective Securityholders.

If a Securityholder sells or redeems the Securities, the tax base is, in principle, the difference between the acquisition costs and the proceeds from the sale or redemption of the Securities reduced by expenses directly and factually related to the sale or redemption. Where the Securities are acquired and/or sold in a currency other than Euro, the sales/redemption price and the acquisition costs have to be converted into Euro on the basis of the foreign exchange rates prevailing on the sale or redemption date and the acquisition date respectively. If the Securities have not been held in the custodial account maintained with the German

Disbursing Agent since their acquisition and the acquisition costs of the Securities are not proven to the German Disbursing Agent in the form required by law (e.g. if the Securities had been transferred from a non-EU custodial account prior to the sale), withholding tax is applied to 30% of the proceeds from the sale or redemption of the Securities. Should the Securities qualify as contracts for differences (*Terminingeschäfte*) in terms of section 20 para 2 sentence 1 no 3 German Income Tax Act (*Einkommensteuergesetz*), which depends on the applicable Final Terms, and a settlement takes place, the tax base is the settlement amount or other benefit received reduced by expenses directly and factually related to the contract for differences.

When computing the tax base for withholding tax purposes, the German Disbursing Agent has to deduct any negative savings income (*negative Kapitalerträge*) or paid accrued interest (*Stückzinsen*) in the same calendar year or unused negative savings income of previous calendar years.

For individuals who are subject to church tax, church tax will be collected by the German Disbursing Agent by way of withholding unless the investor has filed a blocking notice (*Sperrvermerk*) with the German Federal Central Tax Office (*Bundeszentralamt für Steuern*). In the latter case, the investor has to include the savings income in the tax return and will then be assessed to church tax.

With regard to individuals holding the Securities as private assets, any withholding tax levied shall, in principle, become definitive and replace the income taxation of the relevant Securityholder. If no withholding tax has been levied other than by virtue of a withholding tax exemption certificate (*Freistellungsauftrag*) and in certain other cases, the relevant Securityholder is nevertheless obliged to file a tax return, and the savings income will then be taxed within the tax assessment procedure. However, the separate tax rate for savings income applies in most cases also within the assessment procedure. In certain cases, the investor may apply to be assessed on the basis of its personal tax rate if such rate is lower than the above tax rate. Such application can only be filed consistently for all savings income within the assessment period. In case of jointly assessed husband and wife or registered life partners the application can only be filed for savings income of both spouses or registered life partners.

With regard to other Securityholders, German withholding tax is a prepayment of (corporate) income tax and will be credited or refunded within the tax assessment procedure.

No German withholding tax will be levied if an individual holding the Securities as private assets has filed a withholding tax exemption certificate (*Freistellungsauftrag*) with the German Disbursing Agent, but only to the extent the savings income does not exceed the exemption amount shown on the withholding tax exemption certificate. Currently, the maximum exemption amount is EUR 801 (EUR 1,602 in the case of jointly assessed husband and wife or registered life partners). Similarly, no withholding tax will be levied if the relevant Securityholder has submitted to the German Disbursing Agent a certificate of non-assessment (*Nichtveranlagungs-Bescheinigung*) issued by the relevant local tax office. Further, with regard to Securityholders holding the Securities as business assets, no withholding tax will be levied on capital gains from the redemption, sale or assignment of the Securities if (a) the Securities are held by a corporation or (b) the proceeds from the Securities qualify as income of a domestic business and the Securityholder has notified this to the German Disbursing Agent by use of the officially required form.

The Issuer is not obliged to levy German withholding tax in respect of payments on the Securities.

## 2. Taxation in the Grand Duchy of Luxembourg

*The following is a general description of certain Luxembourg withholding tax considerations relating to the Securities. It does not purport to be a complete analysis of all tax considerations relating to the Securities, whether in the Grand Duchy of Luxembourg or elsewhere. Prospective purchasers of the Securities should consult their own tax advisors as to which countries' tax laws could be relevant to acquiring, holding and disposing of the Securities and receiving payments of interest, principal and/or other amounts under the Securities and the consequences of such actions under the tax laws of the Grand Duchy of. This summary is based upon the law as in effect on the date of this Summary and Securities Note. The information contained within this section is limited to withholding taxation issues, and potential investors should not apply any information set out below to other areas, including (but not limited to) the legality of transactions involving the Securities.*

### **Withholding Tax**

All payments of interest and principal by the Issuer in the context of the holding, disposal, redemption or

repurchase of the Securities can be made free and clear of any withholding or deduction for or on account of any taxes of whatsoever nature imposed, levied, withheld, or assessed by Luxembourg or any political subdivision or taxing authority thereof or therein, in accordance with the applicable Luxembourg law, subject however to the application as regards Luxembourg resident individuals of the Luxembourg law of 23 December 2005, as amended, which has introduced a 10% withholding tax on savings income (i.e. with certain exemptions, savings income within the meaning of the Luxembourg laws of 21 June 2005, as amended, implementing the EU Savings Directive).

Pursuant to the law of 23 December 2005 as amended, Luxembourg resident individuals can opt to self declare and pay a 10% tax on interest payments made by paying agents located in a Member State of the European Union other than Luxembourg, a Member State of the European Economic Area or in a State or territory which has concluded an agreement directly relating to the EU Savings Directive on the taxation of savings income.

The 10% withholding tax as described above or the 10% tax are final when Luxembourg resident individuals are acting in the context of the management of their private wealth.

### 3. Taxation in Switzerland

*The following is a generic summary only of the Issuer's understanding of current law and practice in Switzerland relating to the taxation of the Securities issued under the Prospectus. Because this summary does not address all tax considerations under Swiss law and as the specific tax situation of an investor cannot be considered in this context, potential investors are recommended to consult their personal tax advisors as to the tax consequences of the purchase, ownership, sale or redemption of and the income derived from the Securities issued under the Prospectus including, in particular, the effect of tax laws of any other jurisdiction.*

The Swiss Federal Tax Administration has issued on 7 February 2007 a Circular Letter No. 15 regarding Certificates and Derivative Financial Instruments subject to Direct Federal Tax, Withholding Tax and Stamp Tax. The Securities issued under the Prospectus will be taxed in accordance with this Circular Letter No. 15 and its appendices. Depending on the qualification of the relevant Security by the competent Swiss tax authorities the taxation of each Security may be different.

The taxation depends on the set-up of each single Security for which reason the following remarks are again only of generic nature.

#### ***Income Tax***

For private investors resident in Switzerland holding the Securities (understood as the right but not the obligation of the holder which it acquired against consideration to buy or sell a specific amount of a certain underlying at or until a fixed date at an agreed price) as private assets any capital gains realized in relation to such Securities are in principle not subject to individual income tax in Switzerland. However, Low Exercise Price Options in the sense of the practice of the Swiss Federal Tax Administration (defined as an option with a tenor of more than 12 months and a strike price of less than half of the market value of the underlying at issuance) are an exception to the before-mentioned principle in that an interest component is taxable at redemption or at exercise.

For individual investors resident in Switzerland holding the Securities as business assets as well as for Swiss corporate investors, capital gains realized upon a sale, re-evaluation or redemption of such Securities are in principle subject to either Swiss individual income tax with respect to an individual investor resident in Switzerland holding the Securities as business assets or subject to Swiss corporate income tax with respect to a corporate investor resident in Switzerland.

If the Securities are combined with other financial instruments ("**Structured Products**"; e.g. combination of a Security with a bond for a capital protected Security) the taxation is different and depends on the set-up of each single Structured Product for which reason the following remarks are again only of generic nature.

For private investors resident in Switzerland holding the Structured Products as private assets capital gains realized are in principle Swiss individual income tax exempt whereas investment income (such as, in particular but not limited to, interest, dividends etc.) deriving from the Structured Products is subject to Swiss personal income tax. For individual or corporate investors resident in Switzerland holding the Structured Products as business assets, capital gains realized upon a sale, exchange, redemption or re-evaluation of the Structured Products or income derived from Structured Products, irrespective of whether such income stems from investment income or capital gains, are in principle subject to either Swiss individual income tax with respect to

an individual investor resident in Switzerland holding the Structured Products as business assets or subject to Swiss corporate income tax with respect to a corporate investor resident in Switzerland.

### ***Withholding Tax***

In principle profits derived from transactions in Securities are not subject to Swiss Withholding Tax.

If the Securities are combined with other financial instruments ("**Structured Products**"; e.g. combination of a Security with a bond for a capital protected Security) the taxation is different and depends on the set-up of each single Structured Product for which reason the following remarks are again only of generic nature.

The Swiss Withholding Tax is in principle levied on income (such as, but not limited to, interest, pensions, profit distributions etc.) from, amongst others, bonds and other similar negotiable debt instruments issued by a Swiss tax resident ("*Inländer*"), distributions from Swiss tax resident corporations, interest on deposits with Swiss banks as well as distributions of or in connection with Swiss tax resident collective investment schemes. For Swiss Withholding Tax purposes, an individual or corporation qualifies as a Swiss tax resident ("*Inländer*") being subject to withholding taxation if it (i) is resident in Switzerland, (ii) has its permanent abode in Switzerland, (iii) is a company incorporated under Swiss law having its statutory seat in Switzerland, (iv) is a company incorporated under foreign law but with a registered office in Switzerland, or (v) is a company incorporated under foreign law but is managed and conducts business activities in Switzerland. Hence, as long as the Structured Products are not issued by an issuer qualifying as a Swiss tax resident for the purposes of the Swiss Withholding Tax, income derived from the *Structured Products* is in principle not subject to Swiss Withholding Tax.

The Swiss Federal Council proposed draft legislation as part of the Swiss TBTF (Too Big To Fail) legislation. For bonds, this draft legislation foresees a shift from the current source withholding tax system to a paying agent tax system with regard to interest payments. According to the current practice of the Swiss Federal Tax Administration certain Structured Products qualify as bonds. Therefore, if this legislation is enacted, Swiss paying agents such as banks in Switzerland would be required to deduct Swiss withholding tax at a rate of 35 per cent on certain payments to certain investors irrespective of the fact whether the Structured Products are issued by UBS AG Switzerland or a foreign branch of UBS AG. According to the draft legislation Swiss paying agents would be required to deduct a Swiss paying agent tax on interest paid on bonds to Swiss-resident individuals as final recipients. For the time being not all relevant details of the proposed regime are published.

Neither the Issuer nor any other person would pursuant to the General Conditions of the Securities or Structured Products be obliged to pay additional amounts with respect to any Security or Structured Product as a result of the deduction or imposition of such Swiss Withholding Tax.

### ***Transfer and Issue Stamp Tax***

Swiss Stamp Tax is, amongst other, either levied as securities transfer tax or as issuance tax.

In principle Securities do not qualify as taxable securities for Swiss Stamp Tax purposes. They are in principle neither subject to Swiss Transfer Stamp Tax nor to Issuance Stamp Tax.

If, however, the Securities are combined with other financial instruments ("**Structured Products**"; e.g. combination of a Security with a bond for a capital protected Security) the taxation is different and depends on the set-up of each single Structured Product for which reason the following remarks are again only of generic nature. Further, Low Exercise Price Options in the sense of the practice of the Swiss Federal Tax Administration (defined as an option with a tenor of more than 12 months and a strike price of less than half of the market value of the underlying at issuance) do qualify as taxable securities and are subject to Swiss Transfer Stamp Tax.

Swiss Transfer Stamp Tax is levied on the transfer of ownership against consideration of certain taxable securities if a Swiss securities dealer in the sense of the Swiss Stamp Tax Act is involved in the transaction and no exemption applies. This tax levy applies in particular to Structured Products which include a bond component or which qualify as instruments similar to a collective investment scheme or as shares and share-like instruments as per the practice of the Swiss Federal Tax Administration. If shares or other taxable securities are delivered to the investor at redemption or due to an exercise right, the delivery of the security may be subject to Swiss Transfer Stamp Tax.

Swiss Issuance Stamp Tax is levied on the issuance of Swiss shares and similar participation rights. For Swiss Stamp Tax purposes, an individual or corporation qualifies as a Swiss tax resident ("*Inländer*") being subject to Swiss Stamp Tax if it (i) is resident in Switzerland, (ii) has its permanent abode in Switzerland, (iii) is incorporated under Swiss law and having its statutory or legal seat in Switzerland or (v) if it is registered as an enterprise with

the Swiss register of commerce. Hence, as long as the Securities are not issued by an issuer qualifying as a Swiss tax resident they are not subject to Swiss Issuance Stamp Tax.

***Measures equivalent to the EU Savings Directive***

Switzerland has introduced a tax retention (withholding tax) of 35% pursuant to the agreement between the European Community and the Swiss Confederation providing for measures equivalent to those laid down in the Council Directive 2003/48/EC on taxation of savings income in the form of interest payments effective as of 1 July 2005 on interest payments or similar income paid by a Swiss paying agent to an individual resident in an EU Member State, unless the interest payments are made as debt-claims issued by debtors who are residents of Switzerland or pertaining to permanent establishments in Switzerland of non-residents.

The beneficial owner may avoid the retention by expressly authorizing the paying agent in Switzerland to report the interest payments. If the paying agent receives such an authorisation, he reports the interest payment to the Swiss Federal Tax Administration which in turn communicates the information to the competent authority of the EU Member State of residence of the beneficial owner.

***Bilateral agreements (Quellensteuerabkommen)***

Switzerland has signed agreements on a final withholding tax (Quellensteuerabkommen) with the United Kingdom and with Austria. Furthermore, it is possible that Switzerland will sign similar agreements with other countries in the near future. According to these agreements, qualifying Swiss paying agents levy a final withholding tax on any investment income if the Securities or the Structured Products are held in custody account with a qualifying Swiss paying agent and if the custody account is directly or indirectly owned by an individual resident in the other contracting state (e.g. Austria). The applicable final withholding tax rate may vary depending on the applicable tax rate in the other contracting state and the type of realised investment income (dividend, interest, capital gain, etc.). Furthermore, the calculation of the income subject to a final withholding tax may vary depending on the applicable agreement. A person subject to a final withholding tax ("**Relevant Person**") may avoid such final withholding tax by expressly allowing the qualifying Swiss paying agent to report to the foreign tax authorities in the state of residence of the Relevant Person, amongst others, the identity of the Relevant Person and the amount the realised investment income in a certain period.

## H. GENERAL INFORMATION

### 1. Form of Document

This document comprises a securities note (the “**Securities Note**”) and a summary (the “**Summary**”) and, together with the registration document of UBS AG dated 16 April 2015, as supplemented by Supplement No. 1 dated 25 June 2015, Supplement No. 2 dated 20 August 2015 and Supplement No. 3 dated 8 January 2016 (the “**Registration Document**”), constitutes a prospectus (the “**Prospectus**”) according to Art. 5 (3) of the Prospectus Directive (Directive 2003/71/EC, as amended), as implemented by the relevant provisions of the EU member states, in connection with Regulation 809/2004 of the European Commission, as amended.

### 2. Publication

The Prospectus has been published on the website of UBS at [www.ubs.com/keyinvest](http://www.ubs.com/keyinvest) or any successor address notified by the Issuer to the Securityholders for this purpose by way of publication on [www.ubs.com/keyinvest](http://www.ubs.com/keyinvest).

The Prospectus will also be available at the registered office of the Issuer.

### 3. Authorisation

The Issuer does not need to obtain (individual) authorisation from its Management Board to issue the Securities. There exists a general resolution for the issue of the Securities.

### 4. Approval of the Prospectus and Notification

Application has been made by the Issuer to the Federal Financial Services Supervisory Authority (*Bundesanstalt für Finanzdienstleistungsaufsicht* – “**BaFin**”) as competent authority under and in accordance with the Securities Prospectus Act which implements Directive 2003/71/EC of the European Parliament and the Council of 4th November 2003 into German law to approve this document, comprising the Summary and the Securities Note, as part of a tri-partite prospectus. The BaFin approved the Summary and the Securities Note after completing a review of this document for completeness, including a review of the coherence and comprehensibility of the information provided.

In order to be able to conduct a public offer (the “**EEA Passport**”) in the Grand Duchy of Luxembourg, the Issuer has applied for a notification of the Prospectus pursuant to Sections 17, 18 of the WpPG into the the the Grand Duchy of Luxembourg. The Issuer reserves the right to apply to the BaFin for EEA Passports into further EEA states.

A special permit allowing for the Securities to be offered or the prospectus to be distributed in a jurisdiction outside of those countries for which an EEA Passport is possible and a permit required has not been obtained.

### 5. Use of Proceeds

The net proceeds from the sale of the Securities will be used for funding purposes of the UBS Group. The Issuer shall not employ the net proceeds within Switzerland. The net proceeds from the issue shall be employed by the Issuer for general business purposes. A separate (“special purpose”) fund will not be established.

### 6. Availability of the Prospectus and other documents

So long as any of the Securities are outstanding copies of the following documents will be available, during usual business hours on any weekday (Saturdays and public holidays excepted), at the registered offices of the Issuer:

- (a) a copy of the Articles of Association of UBS AG;
- (b) a copy of the Registration Document of UBS AG dated 16 April 2015, as supplemented by Supplement No. 1 dated 25 June 2015, Supplement No. 2 dated 20 August 2015 and Supplement No. 3 dated

8 January 2016;

- (c) a copy of the Annual Report of UBS Group AG and UBS AG as of 31 December 2014, comprising the sections (1) UBS Group – Changes to our legal structure, (2) Operating environment and strategy, (3) Financial and operating performance, (4) Risk, treasury and capital management, (5) Corporate governance, responsibility and compensation, (6) Financial information (including the "Report of the Statutory Auditor and the Independent Registered Public Accounting Firm on the Consolidated Financial Statements" and the "Report of the Statutory Auditor on the Financial Statements");
- (d) a copy of the Annual Report of UBS AG as of 31 December 2013, comprising the sections (1) Operating environment and strategy, (2) Financial and operating performance, (3) Risk, treasury and capital management, (4) Corporate governance, responsibility and compensation, (5) Financial information (including the "Report of the statutory auditor and the independent registered public accounting firm on the consolidated financial statements" and the "Report of the statutory auditor on the financial statements");
- (e) a copy of the quarterly reports of UBS Group AG and UBS AG for the quarter ended 30 September 2015;
- (f) a copy of the Securities Note dated 2 February 2016, as supplemented from time to time; and
- (g) a copy of the Summary dated 2 February 2016, as supplemented from time to time.

Copies of the above documents shall, as long as any of the Securities are outstanding, also be maintained in printed format, for free distribution, at the registered offices of the Issuer. In addition, any annual and quarterly reports of UBS AG are published on the UBS website, at [www.ubs.com/keyinvest](http://www.ubs.com/keyinvest) or any successor address notified by the Issuer to the Securityholders for this purpose by way of publication on [www.ubs.com/keyinvest](http://www.ubs.com/keyinvest).

#### **7. Any interest, including potential conflicting ones, of natural and legal persons involved that is material to the issue/offer of the Securities**

The Issuer and affiliated companies may participate in transactions related to the Securities in some way, for their own account or for account of a client. Such transactions may not serve to benefit the Securityholders and may have a positive or negative effect on the value of the Reference Portfolio Components comprised in the notional Reference Portfolio, and consequently on the value of the Securities. Furthermore, companies affiliated with the Issuer may become counterparties in hedging transactions relating to obligations of the Issuer stemming from the Securities. As a result, conflicts of interest can arise between companies affiliated with the Issuer, as well as between these companies and investors, in relation to obligations regarding the calculation of the price of the Securities and other associated determinations. In addition, the Issuer and its affiliates may act in other capacities with regard to the Securities, such as calculation agent, paying agent and administrative agent.

Furthermore, the Issuer and its affiliates may issue other derivative instruments relating to the notional Reference Portfolio; introduction of such competing products may affect the value of the Securities. The Issuer and its affiliated companies may receive non-public information relating to the notional Reference Portfolio, and neither the Issuer nor any of its affiliates undertakes to make this information available to Securityholders.

Within the context of the offering and sale of the Securities, the Issuer or any of its affiliates may directly or indirectly pay fees in varying amounts to the Authorised Offerors, or receive payment of fees in varying amounts, including those levied in association with the distribution of the Securities, from the Authorised Offerors. Potential investors should be aware that the Issuer may retain fees in part or in full. The Issuer or, as the case may be, the Manager, upon request, will provide information on the amount of these fees.

Save for the Manager and the Reference Portfolio Advisor regarding its fees, as far as the Issuer is aware, no person involved in the issue of the Securities has an interest material to the offer.
